OVERVIEW

To the SUMMERVILLE ESD Trustees, & Ben Howell, Superintendent,

On behalf of the team from Beacon Results, we'd like to **congratulate you on the depth of conversation and planning** that you all have embarked on during our time together. We'd also like to appreciate you once again for taking us along with you on that journey. It has been our honor to assist you in adding meaning to your collective thoughts and conversations during that time.

It's **your deep dedication and desire towards creating a district that is both smart and healthy**, leading to greater student growth and success across all demographics that we especially noticed, and believe should be applauded. It was evident on every occasion that we gathered with you, that this was an **important part of success in your district and community**. And we believe it shows in the results of the priorities you created as guidance for the district.
