

“Stories from Kibera” by Brian Otieno

Photography Exhibit Fundraiser and Artist Reception

March 28, 2019

6:00-9:00pm

133 West 52nd Street New York City

As part of Project Kenya, this exhibit features the work of Brian Otieno, a talented emerging photographer who grew up in Kibera, one of Africa’s largest slums.

Kibera is home to the Red Rose School, East Side Middle’s sister school in Kenya.

“Kibera Stories” focuses on a vibrant community full of life and colors.

The exhibited photographs are signed limited editions, available for purchase.

All proceeds from the evening will benefit the education of the children from Kibera and support the **Red Rose Primary School** and **Uweza Foundation**.

Following recent shows in Paris and Berlin, this will be Otieno’s first show in the United States. He is the recipient of many photography awards and had his work with ballet dancers in the slum included by Arte TV in the Géo 360 documentary *Kenya, Alors On Danse*.

Otieno will soon participate in the 2019 New York Times Portfolio Review.

***Feel free to spread the word and share this invitation!
