

Steven Dauksza was a lifelong resident of Rockland County and class of 2008 graduate of Clarkstown North High School. In 2010, he received his degree in Automotive Technology from the Universal Technical Institute (UTI). Steven went on to become a diesel mechanic and eventually owned his own shop, Doxa's Diesels.

Steve always wanted to help others learn and share the knowledge he received, so we would like to continue this by financially helping worthy students. Scholarships will be awarded to two Rockland students looking to follow in Steven's footsteps & pursue a career as an auto mechanic. There will be one scholarship award for \$5,000 to UTI & a second to a NYS automotive school for \$2,000.

Any student interested in pursuing a career in the automotive field may apply.

If you would like to apply, please submit a resume and essay. In your essay, please include a little about yourself and family, how you became interested in the automotive field, and why you chose to pursue a career as an auto mechanic.

Please submit your resume and essay via email or address below
