Brian Howard: Can you reestablish the connection within zoom

10

00:01:44.820 --> 00:01:45.540

11

00:01:47.250 --> 00:01:49.320

Brian Howard: On the settings and you were able to

12

00:01:50.520 --> 00:01:53.850

Brian Howard: You have to connect it to your account to Facebook.

13

00:01:54.960 --> 00:01:56.430

Brian Howard: Connect to Facebook account to zoom

14

00:01:57.690 --> 00:01:59.730

Victor Pineiro: No, I did that. And I was already in

15

00:02:05.700 --> 00:02:07.380

Victor Pineiro: I was already in when I did that.

16

00:02:07.830 --> 00:02:15.000

Victor Pineiro: The problem is, it went to my timeline and I stopped it. Now when when I went back, it wouldn't let me reconnect that to the bow CS one

17

00:02:21.210 --> 00:02:24.420

Victor Pineiro: Or Hold on, let me log out of it and actually log back into it.

00:02:28.410 --> 00:02:35.940

jodonnell: Does everyone have a message sign this meetings recorded by continuing to be in the meeting. You're consenting to be recorded. Do we all need to hit that make it work.

00:03:04.800 --> 00:03:08.700

Victor Pineiro: Okay, log back in. We're going to just try one more time just to get back into it.

26

27

00:03:21.510 --> 00:03:24.720

Victor Pineiro: So much just the bases in southern Westchester BOCES.

28

00:04:02.310 --> 00:04:03.630

00:04:16.500 --> 00:04:18.600

Imcbride: I've got the notification that we are live on Facebook.

30

00:04:19.530 --> 00:04:20.370

Victor Pineiro: Ready to go.

31

00:04:21.060 --> 00:04:30.330

cathy: So welcome everybody to the April 22 business meeting of Southern Westchester BOCES. Thank you for joining us in this unusual format for us.

32

00:04:30.630 --> 00:04:38.460

cathy: I do apologize for the slight delay in beginning the meeting because we were trying to work out the technology. But I think that everything is up and running now.

33

00:04:39.390 --> 00:04:49.650

cathy: Also, I hope you'll excuse me if you see me looking away from time to time, because I'm working off multiple devices here that follow my agenda, but I will be looking at all of you who are on zoom at the same time.

34

00:04:50.130 --> 00:04:55.500

cathy: So please let's open the beginning by rising and joining me and reciting the Pledge of Allegiance.

35

00:04:59.430 --> 00:05:00.450

cathy: I pledge allegiance.

36

00:05:00.630 --> 00:05:01.260

To the flag.

37

00:05:02.340 --> 00:05:03.210

cathy: Of the United States of

38

00:05:03.720 --> 00:05:04.350

Imcbride: America.

39

00:05:05.130 --> 00:05:06.660

cathy: To the Republic for which it stands

40

00:05:08.160 --> 00:05:09.270

Sheryl Brady: One Nation one nation.

41

00:05:09.450 --> 00:05:10.110

Under God

42

00:05:14.790 --> 00:05:19.140

cathy: And please remain standing for just one moment while we observe a moment of silence.

43

00:05:19.620 --> 00:05:23.460

cathy: in memory of those friends, colleagues, and family members that

44

00:05:24.180 --> 00:05:28.230

cathy: Probably many of us have lost over the last very difficult month

45

00:05:37.440 --> 00:05:37.950

cathy: Thank you.

46

00:05:49.590 --> 00:05:56.760

cathy: So we will begin our meeting as always with the approval of the minutes of our last business meeting for meeting of March 11

47

00:05:57.930 --> 00:06:03.090

cathy: All of those board members who were here today. We're actually in attendance of that meeting. So all of you can vote on this motion.

48

00:06:04.530 --> 00:06:12.990

cathy: For convenience tonight, I would like to ask if Cheryl could make the motions and Georgia could do the seconds, please.

49

00:06:13.740 --> 00:06:16.650

cathy: And just for purposes of

50

00:06:16.980 --> 00:06:33.870

cathy: Trying to make sure we get an accurate count, I think, rather than just use a voice vote. I'll ask people to maybe raise their hands so that Valerie and I can see what's going on as we we vote on everything. So I'll start by asking, are there any corrections to these minutes

51

00:06:39.420 --> 00:06:40.110

Hearing none.

52

00:06:42.060 --> 00:06:43.140

cathy: All those in favor,

53

00:06:44.940 --> 00:06:45.480

cathy: All right.

54

00:06:46.230 --> 00:06:53.400

cathy: I can't see everybody right now. Victor, do we can we not see your screen. But see, that's a gallery view or maybe I need to do that.

55

00:06:53.460 --> 00:06:56.010

Victor Pineiro: I can, I can stop the share for a moment. Yes.

56

00:06:56.880 --> 00:06:58.560

cathy: Okay, because I really need to see what

57

00:07:00.030 --> 00:07:02.100

John D: We can actually use my name if you want

58

00:07:05.610 --> 00:07:07.140

cathy: I think we've got we've got this one.

59

00:07:07.800 --> 00:07:09.780

cathy: Okay, thank you very much.

60

00:07:10.890 --> 00:07:11.400

cathy: And

61

00:07:11.730 --> 00:07:14.760

Victor Pineiro: Shall I return to the presentation or continue this way.

62

00:07:15.810 --> 00:07:16.650

cathy: What do you all think

63

00:07:18.120 --> 00:07:19.020

lmcbride: In this way,

64

00:07:19.290 --> 00:07:20.730

cathy: I'd like to see people. I think it

65

00:07:21.420 --> 00:07:26.040

cathy: feels more like a meeting. If we can see people accepting we absolutely need to have your screen share

66

00:07:27.030 --> 00:07:31.560

vcermele: Excuse me, Cathy, just to confirm that we have four or five board members in attendance.

67

00:07:31.650 --> 00:07:34.680

cathy: Okay. Yeah. Why don't you just call the rule about how about that.

68

00:07:34.860 --> 00:07:36.330

vcermele: Okay, Kathy.

69

00:07:36.660 --> 00:07:37.350

cathy: I'm here.

70

00:07:37.980 --> 00:07:39.030

Air

74

00:07:45.570 --> 00:07:46.710

lmcbride: Here, I'm here.

77

00:07:55.530 --> 00:07:56.280

vcermele: Oh my mistake.

78

00:07:57.450 --> 00:07:58.050

lmcbride: I'm here.

79

00:07:58.260 --> 00:07:59.700

lmcbride: Can you hear me. Yeah.

80

00:07:59.730 --> 00:08:00.360

vcermele: I can hear you.

81

00:08:00.450 --> 00:08:01.290

vcermele: I can hear you now.

82

00:08:01.770 --> 00:08:02.130

Okay.

83

00:08:03.270 --> 00:08:03.990

vcermele: Thank you.

84

00:08:04.380 --> 00:08:06.180

cathy: Okay, great.

85

00:08:06.570 --> 00:08:07.170

cathy: Thank you.

86

00:08:08.280 --> 00:08:12.450

cathy: The next item on our agenda is a report on BOCES vote results.

87

00:08:13.860 --> 00:08:15.810

vcemele: I think I have that information.

88

00:08:15.840 --> 00:08:16.500

cathy: Thank you.

89

00:08:18.000 --> 00:08:19.860

vcemele: Congratulations.

90

00:08:21.090 --> 00:08:31.740

vcemele: We have 32 districts. We had 20 districts that voted yes we had one district voted no. That was Ardsley

91

00:08:32.910 --> 00:08:53.130

vcemele: So far, we've had a four no quorum and then seven no answer. So that equals out 32 districts and I'd like to congratulate Cheryl and Valarie Williams, for three year term on the southern Westchester BOCES board. Congratulations. And congratulations to Steve and his team.

92

00:08:54.090 --> 00:08:59.310

cathy: Thank you very much. Great job on the budget and welcome back or welcome to Valarie our new board member

93

00:09:00.540 --> 00:09:11.670

cathy: And I guess I'm not surprised that not all component districts managed to put together a meeting this week and a normal schedule. So I think that's a pretty good showing. Given the circumstances, we're all dealing with so

94

00:09:11.760 --> 00:09:12.090

lmcbride: I have

95

00:09:12.720 --> 00:09:17.970

lmcbride: A question does that start officially now we should get one in

96

00:09:18.480 --> 00:09:20.700

vcermele: yes. One, it would be on

97

00:09:20.700 --> 00:09:21.720

vcermele: July 1

98

00:09:22.830 --> 00:09:24.810

vcermele: What is the real. Yeah.

99

00:09:24.960 --> 00:09:25.530

OK.

100

00:09:28.050 --> 00:09:39.570

cathy: OK. Moving along, there is no need for an executive session tonight. So we'll go right on to the other items for board action discussion. The first of those is the resolution to suspend

101

00:09:41.010 --> 00:09:46.320

cathy: Policy 22-20 public participation at board meetings which allows public comment during meetings on the board.

102

00:09:46.680 --> 00:09:51.240

cathy: until further notice. During the COVID-19 crisis. All those in favor,

103

00:09:51.840 --> 00:09:52.710

cathy: Aye. Aye.

104

00:09:53.850 --> 00:09:54.180

Sheryl Brady: Aye.

105

00:09:54.450 --> 00:09:56.040

cathy: Everybody anybody post

106

00:09:57.630 --> 00:09:59.400

cathy: Okay, thank you.

107

00:10:00.600 --> 00:10:09.450

cathy: The next one is the resolution to adopt the 2020 2021 Southern Westchester BOCES administrative capital and program budgets.

108

00:10:10.140 --> 00:10:14.880

cathy: It's short. So, for the benefit of the public that may be listening but not viewing. I'm going to read this.

109

00:10:15.540 --> 00:10:20.820

cathy: Be it resolved that the Board of cooperative educational services or supervisory district Westchester County.

110

00:10:21.270 --> 00:10:49.620

cathy: Authorizes the expenditure of the sum set forth below in the 2020 2021 general fund budget and amounts as far as administrative budget \$12,041,981 capital budget \$3,320,658 and program budget \$166,889,154. Any questions about that.

111

00:10:50.700 --> 00:10:53.340

cathy: We've all seen it. All those in favor,

112

00:10:54.000 --> 00:10:54.990

cathy: Aye. Aye.

113

00:10:56.130 --> 00:10:57.030

cathy: Anybody opposed.

114

00:10:58.620 --> 00:10:59.880

cathy: No abstentions. Correct.

115

00:11:00.960 --> 00:11:16.830

cathy: Okay, we have the first readings of two policies tonight. The data privacy policy number 5676 which is new and the revised acceptable use policy 6413 and I'm going to ask Victor to give us some background for us.

116

00:11:17.220 --> 00:11:25.980

Victor Pineiro: Sure. Thank you. Catherine the background on it is that under the new requirements for Ed law 2D and the part 121 of the Commission's regulations.

117

00:11:26.310 --> 00:11:29.490

Victor Pineiro: All school districts have to adopt a data privacy.

118

00:11:29.700 --> 00:11:39.300

Victor Pineiro: Policy by July 1 so that is the policy I've submitted for you in the boards review what dovetails with that is are acceptable use policy, because as we

119

00:11:39.750 --> 00:11:51.300

Victor Pineiro: Started to look at the data privacy policy, we realized that we were going to have to update our acceptable use policy to match the information that's in there as well, which is also why I have submitted the update to the acceptable use policy.

120

00:11:52.770 --> 00:11:58.830

cathy: So thank you, Victor. Does anybody have any questions or comments on these or any changes we need to make before the next reading

121

00:12:02.670 --> 00:12:07.650

cathy: Alright, well, I have one an acceptable use policy. I think I know the answer to this, but I just want to ask it.

122

00:12:07.710 --> 00:12:14.460

cathy: Sort of to make it public, Victor is the reference in it to staff inclusive of board members.

123

00:12:15.240 --> 00:12:16.560

Victor Pineiro: Yes, I believe it is

124

00:12:16.920 --> 00:12:29.430

cathy: OK, so we use both these equipment, as many of us are doing right now on both these laptops or whatever it may be. And we are subject to the same acceptable use policy when we use the email, whatever it may be. Okay.

125

00:12:30.900 --> 00:12:33.720

cathy: Any. Anybody else have any questions, comments.

126

00:12:34.200 --> 00:12:36.630

Sheryl Brady: They were very thorough, I have to say.

127

00:12:37.140 --> 00:12:37.500

cathy: Oh, yeah.

128

00:12:38.070 --> 00:12:39.450

Sheryl Brady: quite detailed so

129

00:12:40.620 --> 00:12:41.850

cathy: as one would expect.

130

00:12:41.970 --> 00:12:51.750

cathy: Yes so thank you. Victor. Thank you. Thank you for putting this together for us. So no action is required on those night. This was just a discussion and information item.

131

00:12:52.590 --> 00:13:02.010

cathy: So moving along to the personnel agenda, which was updated this afternoon. I hope you also have the most recent update of this

132

00:13:02.910 --> 00:13:16.500

cathy: Will begin with always the best news several members of our administrative team are recommended for tenure. That would be our own Suzanne Doherty, and Jim Gratto, both of whom are with us tonight.

133

00:13:16.830 --> 00:13:27.660

cathy: So congratulations to both of you for well deserved recognition and I'm so glad to see that this means you're really going to be on our team in a very prominent way.

134

00:13:28.800 --> 00:13:33.480

cathy: We make this a commitment to you that you've made to us. So I'm really thrilled to see this tonight.

135

00:13:34.410 --> 00:13:44.700

cathy: I'm moving along to resignations. One of these is for the purpose of retirement. So I want to mention that one and after 19 years

136

00:13:45.270 --> 00:14:01.410

cathy: In the BOCES. So we wish will our best in his retirement and then appointments Andrea Byrne, who will become the director of special services, she'll be leaving her role as assistant director of special services.

137

00:14:02.400 --> 00:14:16.860

cathy: Effective next month. All good news and some hourly rate assignments. This is all for the summer program on the assumption that we need to be prepared for whatever we may be able to do this summer without necessarily knowing what that will be.

138

00:14:18.270 --> 00:14:28.740

cathy: Some additional assignments again summer program and some rate adjustments as we've discussed, any questions on the certified personnel. Any comments.

139

00:14:32.460 --> 00:14:39.510

cathy: Okay, so moving along to non certified personnel some civil service status changes from probationary to permanent

140

00:14:40.020 --> 00:14:52.980

cathy: A couple of resignations one of those also for the purposes of retirement Jorge Rohena after 23 years as a senior network specialist. Again, we wish Jorge, the best in retirement and

141

00:14:54.960 --> 00:15:06.630

cathy: A couple of appointments. Some hourly rate assignments again for the summer rate adjustment and some other adjustments. Any questions, comments on any of that.

142

00:15:09.480 --> 00:15:10.770

cathy: In that case, all those in favor

143

00:15:11.460 --> 00:15:12.240

cathy: All right, I

144

00:15:13.860 --> 00:15:15.570

cathy: Think I see everybody. Anybody opposed.

145

00:15:17.010 --> 00:15:18.900

cathy: Okay, thank you. Unanimous

146

00:15:19.470 --> 00:15:22.860

cathy: And. Congratulations. Congratulations

147

00:15:22.950 --> 00:15:23.820

148

00:15:26.100 --> 00:15:30.810

cathy: So moving along to the business agenda.

149

00:15:33.090 --> 00:15:35.340

cathy: Let's say, why is this not loading.

150

00:15:40.050 --> 00:15:43.140

cathy: Sorry, I'm having a problem with it loading.

151

00:15:46.560 --> 00:15:49.230

cathy: But since I've read it, I will pretend I'm reading it again now.

152

00:15:50.580 --> 00:15:52.800

cathy: Starting with the Treasurer's Report. Any comments.

153

00:15:57.780 --> 00:15:59.310

cathy: Hey, questions, comments.

154

00:16:01.410 --> 00:16:02.670

cathy: Especially projects.

155

00:16:06.750 --> 00:16:08.310

cathy: Installment purchase agreements.

156

00:16:10.620 --> 00:16:13.770

cathy: purchase option planets. Questions, comments.

157

00:16:14.820 --> 00:16:18.330

cathy: Contracts and then there was an addendum today. One was added there.

158

00:16:21.270 --> 00:16:25.140

cathy: Nothing individual contracts. Questions, comments.

159

00:16:27.600 --> 00:16:29.880

cathy: Okay, this is easy and that case. All those in favor,

160

00:16:30.930 --> 00:16:33.270

cathy: I. Anybody opposed.

161

00:16:34.830 --> 00:16:35.370

cathy: Thank you.

162

00:16:36.600 --> 00:16:46.050

cathy: Okay. And when we come to reports of the district superintendent and the chief operating officer, you've seen written reports or provided and board docs earlier.

163

00:16:47.250 --> 00:16:51.780

cathy: But I'll ask them if they would like to make some brief comments this evening, starting with her.

164

00:16:52.650 --> 00:17:02.730

Harold A. Coles: Oh, the only thing I was going to share is that meeting with the Commissioner yesterday by zoom meeting. She gave us an update on some questions. I don't think everybody's been asking one is about the governor's

165

00:17:03.870 --> 00:17:06.720

Harold A. Coles: decision about the going forward with

166

00:17:08.430 --> 00:17:17.910

Harold A. Coles: Boats gotten happening at the end, I guess, June, there hasn't been any termination, but he does have the information works anticipating some kind of

167

00:17:18.330 --> 00:17:29.940

Harold A. Coles: Answer to that. That's also linked to a PR and also with a 10 year question. Both of those are things that we have to make decisions on right away so that we can move forward. But at this point, we're waiting for

168

00:17:30.750 --> 00:17:36.330

Harold A. Coles: We're assuming an executive order that would include those two items in it, to be able to go forward with

169

00:17:37.560 --> 00:17:49.740

Harold A. Coles: The IRS, I asked last week for All school districts in the state to report to the Commissioner to give to the dob information about transportation that was gathered up about 600 different

170

00:17:50.220 --> 00:17:59.220

Harold A. Coles: Schools responded and the information was shared there's been some question as to transportation between now and into the school year for those people that have not having

171

00:18:00.420 --> 00:18:05.970

Harold A. Coles: A student services being used. The question was whether those services. We're going to be considered get

172

00:18:07.290 --> 00:18:16.320

Harold A. Coles: Paid and so there you'll be looking into that and hopefully get an answer back to all of us. And the last thing is that

173

00:18:17.040 --> 00:18:27.660

Harold A. Coles: You might have heard about the continuity of education plans. There's been a lot of discussion about them going forward the district's plans to be able to provide the virtual learning for students.

174

00:18:28.440 --> 00:18:35.460

Harold A. Coles: When this initially started school districts were given pretty much 48 hours to put together a plan and submit on a portal.

175

00:18:35.880 --> 00:18:50.550

Harold A. Coles: And the Commissioner between now and Friday will be asking districts to go and actually upload their true plan so that agencies and organizations that are interested in trying to foil the information could wind up getting information from the Commissioner and that's, that's it.

176

00:18:51.750 --> 00:18:59.190

cathy: Thank you. Harold up that 48 hour turnaround was sort of optimistic but that seems to be how everything happened in mid March so

177

00:19:00.390 --> 00:19:09.480

cathy: I think school districts have stepped up in a big way. And so did we. So I'm impressed by what we've managed to do in that timeframe. Any questions or comments for Harold.

178

00:19:12.510 --> 00:19:14.340

cathy: Okay, Jackie. You're up next.

179

00:19:14.760 --> 00:19:22.020

jodonnell: I provided you with a bit of a summary of each of the divisions and all the good work that's going on across the district.

180

00:19:22.770 --> 00:19:30.120

jodonnell: Our district response team meets twice a day, every day of the week. The Cabinet meeting three times a week, the leadership once

181

00:19:30.660 --> 00:19:37.080

jodonnell: We've been meeting with all of our partners out in the field on a regular basis. Our professional development team has really

182

00:19:37.770 --> 00:19:45.720

jodonnell: Been spearheading what they're calling meetups with all different constituent groups, the curriculum counsel the center speaks so much about meets twice a week.

183

00:19:46.680 --> 00:19:50.970

jodonnell: Kathy has been holding town hall meetings with her entire RIC team.

184

00:19:51.930 --> 00:20:03.270

jodonnell: I've been able to attend those. I think you've had an average of 80 people in attendance. We've had over 100 people at many of our meetings and we even participated in the statewide meeting.

185

00:20:03.570 --> 00:20:15.540

jodonnell: To share some of our good practices with students with disabilities yesterday, so really good work going on and the summary that we captured for you isn't really my capture Brian and I worked collaboratively.

186

00:20:16.170 --> 00:20:22.740

jodonnell: With each of the directors and assistant directors to get them to really try to paint a picture of the good work that we're doing.

187

00:20:23.520 --> 00:20:36.450

jodonnell: Victor is on the extended district response team and a member of the Cabinet and leadership as well. And he meets with folks all the time to assess the technology needs that's been an interesting growing spot for us.

188

00:20:37.320 --> 00:20:44.760

jodonnell: We have learned we deployed, we were able to deploy. We were a little ahead of the curve, our first meeting was on March 2

189

00:20:45.600 --> 00:20:51.090

jodonnell: Where we brought a team together to start to say, let's plan and we started to identify those critical

190

00:20:52.050 --> 00:21:02.490

jodonnell: Issues that we needed to address in order to keep the operation running and we actually built action plans for each thing we thought was critical. So we started deploying technology early

191

00:21:03.090 --> 00:21:11.970

jodonnell: But Victor is still in the buildings at least weekly and we've been able to mail technology to folks in working out a plan for any technology that needs repairs over time.

192

00:21:12.600 --> 00:21:31.920

jodonnell: Teaching teams are meeting and planning and each building instructional team is meeting on a regular basis. So I'm really pleased to announce that everything has gone fairly smoothly, even though the times have been difficult. The team has done a fantastic job of moving to this remote

193

00:21:33.180 --> 00:21:38.100

jodonnell: Environment and I just look forward to updating you over time as we continue this journey.

194

00:21:38.940 --> 00:21:48.450

cathy: Thank you Jackie. I am so impressed by what you all have accomplished, and I, I really encourage, not just the board members who I know will do it. But anybody else who may be listening to read that report.

195

00:21:48.780 --> 00:21:58.800

cathy: Because there's so much interesting information there. And it's just so impressive to me how much we are able to do remotely and how much we were able to put together in such a short time, which really

196

00:21:59.100 --> 00:22:03.270

cathy: Reflects the dedication of our staff at every level. So

197

00:22:03.660 --> 00:22:14.970

cathy: You know it's happening throughout the country. This point throughout the world that people were trying to do that, but not everybody is succeeding, as well as we have. So I'm, I'm really grateful to be part of the team that's doing such a great job.

198

00:22:15.540 --> 00:22:19.380

cathy: So does anybody have any questions, comments for Jackie.

199

00:22:22.230 --> 00:22:32.220

Sheryl Brady: Okay, so it's just going to make a comment. I too found it just so informative. Um, and also very reassuring that on

200

00:22:34.020 --> 00:22:47.250

Sheryl Brady: You know, from a perspective of a board member in a school district that there's so much going on of, you know, that's regional and collaborative and we're not isolated so I really did find that informative, so thank you.

201

00:22:48.780 --> 00:22:49.620

cathy: Anybody else

202

00:22:51.120 --> 00:22:55.170

cathy: So I'm going to move on to comments from members of the board.

203

00:22:56.700 --> 00:23:03.330

cathy: If you'd like to make comments. Don't forget to unmute yourself because we want to hear your comments. So does anybody have any

204

00:23:04.890 --> 00:23:10.020

GRiedel: I just had a question about the date you asked me about if I was on the meeting.

205

00:23:10.290 --> 00:23:11.460

cathy: At the meeting guess

206

00:23:11.970 --> 00:23:13.380

GRiedel: That was the end of March.

207

00:23:14.400 --> 00:23:17.070

cathy: It was, I don't remember now.

208

00:23:17.490 --> 00:23:19.440

GRiedel: 24th of March. Did you

209

00:23:21.840 --> 00:23:24.390

cathy: No, I think, is earlier than that in March, but I don't really remember.

210

00:23:24.720 --> 00:23:28.530

cathy: It was before everything closed out, it would have been like maybe the second week in March.

211

00:23:28.650 --> 00:23:33.780

GRiedel: Okay. And that was the meeting that Bob was present and coughing

212

00:23:34.710 --> 00:23:35.280

STibbetts: Yes.

213

00:23:35.700 --> 00:23:36.150

STibbetts: That was March 11

214

00:23:37.020 --> 00:23:37.530

GRiedel: More time

215

00:23:37.620 --> 00:23:39.540

cathy: I was there were there. Okay. Okay.

216

00:23:39.750 --> 00:23:42.330

cathy: In that case, we were correct. And we approved the minutes as they were

217

00:23:42.630 --> 00:23:43.230

cathy: Thank you for

218

00:23:43.290 --> 00:23:43.590

cathy: For me,

219

00:23:45.450 --> 00:23:45.720

vcermele: Thank

220

00:23:47.160 --> 00:23:48.120

cathy: Anybody else

221

00:23:49.260 --> 00:23:50.340

cathy: Questions, comments.

222

00:23:52.230 --> 00:23:52.350

I

223

00:23:53.850 --> 00:23:58.440

John D: Found that zoom, which is a great instrument to to communicate.

224

00:23:59.520 --> 00:24:08.040

John D: In the beginning, I thought this would be less work and I found that between my job and other other commitments, I'm working around 10 hours a day.

225

00:24:09.810 --> 00:24:14.700

cathy: I'm doing exactly the same my 20 hour week job is now about 45 to 50

226

00:24:15.000 --> 00:24:20.520

cathy: And then when I done I spend time like zooming with all of my three children together and their significant other, which is great.

227

00:24:20.940 --> 00:24:24.450

cathy: But it's a long day. So you're right. It does.

228

00:24:24.480 --> 00:24:29.460

cathy: It doesn't really reduce the work that's done, but I think it's great for facilitating communication, for sure.

229

00:24:30.210 --> 00:24:32.820

cathy: Absolutely. So anybody else.

230

00:24:33.420 --> 00:24:35.490

Imcbride: On the page just. Can you hear me.

231

00:24:36.300 --> 00:24:45.750

Imcbride: Yep, I just want to. I'm grateful for the technology. I had to learn the technology, isn't it, but this has been amazing

232

00:24:46.830 --> 00:25:05.340

Imcbride: In terms of the opportunity in the learning curve. I'm also very proud of what the district administration has been doing and I just look forward when we can all be in the same room and can see each other and help each other and

233

00:25:06.510 --> 00:25:09.450

Imcbride: Hopefully back to normal and not the new norm.

234

00:25:09.990 --> 00:25:18.120

cathy: I absolutely agree land. Well, said I want us all the back there are unhealthy and enjoying each other's company again in the near future.

235

00:25:19.860 --> 00:25:21.180

cathy: Any other board comments.

236

00:25:23.130 --> 00:25:33.630

cathy: Okay, members of the staff. I can't really go around in order because I think you may all see it differently. So again, unmute yourself if you'd like to speak and feel free anybody

237

00:25:36.510 --> 00:25:37.440

cathy: No, no.

238

00:25:39.420 --> 00:25:51.390

cathy: Okay, there is no need for an executive session. So this is your last opportunity if anybody has anything else they need to share, let me know otherwise I'm going to call for a motion to adjourn.

239

00:25:51.780 --> 00:25:56.670

Sheryl Brady: I'll just say thank you. I look forward to being on the board for, you know, three more years so

240

00:25:57.600 --> 00:25:58.740

cathy: We're glad I will be

241

00:25:58.980 --> 00:26:00.030

Sheryl Brady: Proud to work with you.

242

00:26:02.310 --> 00:26:03.090

cathy: Anybody else

243

00:26:05.610 --> 00:26:06.930

cathy: Yeah, I have a motion to adjourn.

244

00:26:07.350 --> 00:26:07.920

John D: So we'll

245

00:26:08.160 --> 00:26:08.760

Imcbride: Move.

246

00:26:09.000 --> 00:26:11.070

cathy: All those in favor. Aye.

247

00:26:11.160 --> 00:26:13.290

cathy: Aye. Any opposed.

248

00:26:14.340 --> 00:26:22.230

cathy: Thank you very much. We are adjourned until the next time, and thank you for your cooperation with this new technology. I think we did a great job and

249

00:26:22.710 --> 00:26:23.880

cathy: Everybody out there on Facebook.

250

00:26:24.240 --> 00:26:25.920

GRiedel: Thank you Victor. Hey,

251

00:26:26.010 --> 00:26:27.240

vcermele: I want to say.

252

00:26:27.600 --> 00:26:29.010

John D: Thank you. Okay.

253

00:26:29.400 --> 00:26:29.700

On

254

00:26:30.960 --> 00:26:31.530

Imcbride: Tonight.
