Classification and Coding Schematic

CLASSIFICATION

A classification of accounts is the systematic arrangement of accounts based upon a definite scheme as provided by the State Uniform System of Accounts. The purpose in classifying accounts is to provide for recording financial information in such form that comparison may be made with similar data for other periods and other school districts. The classification thus serves as the basis for accounting, budget preparation and execution; reporting both for administrative control purposes and to the general public; and the compilation of financial statistics on a state and national level.

CODING

Code numbers serve to identify accounts without reference to stated titles. In the classification of accounts described in this manual, code numbers serve to identify expenditure accounts by function and objects. Classification of expenditure by character is accomplished automatically within the system through the design of the accounts.

Example:

A -2815-220-39-0000

Fund	Function	Object	Location	Program
Code	Code	Code	Code	Code

FUND CODE

This represents the particular fund in this case it is the general fund (A Fund).

FUNCTION CODE

The term function has reference to the primary classification and description of expenditures as to purpose. It identifies groups of services aimed at accomplishing certain purposes or ends. For example, "General Support" identifies the board of education, central administration, financial and other general support activities.

Each function is composed of a group of related units. For example, the function of Instruction is subdivided into the various functional units of Supervision, Teaching, Interscholastic Athletics, etc.

OBJECT CODE

The term object has reference to the secondary classification and description of expenditures; it identifies expenditures by the article purchased or service obtained in order to carry out a function. The basic objects are Personal Services, Equipment and Other Capital Outlay, Contractual Expenditures, Principal and Interest on Debt, Employee Benefits, and Inter-fund Transfers.

2250 PROGRAMS FOR SPECIAL EDUCATION/DISABILITIES STUDENTS

.160/.161 NON-INSTRUCTIONAL SALARIES

Included here are the salaries for the clerical support staff related to the supervision of the programs for students with disabilities and speech services.

In addition, salaries for substitute teacher aides, leave of absences for teacher aides, and hourly teacher aides, are included here. Also charged to this code are hourly substitute special education aides.

.164 NON-INSTRUCTIONAL SALARIES - TEACHER AIDES

Special education aides are budgeted to assist individual children with disabilities so they can remain in the District.

.200 COMPUTER EQUIPMENT

Funds are budgeted here for the CDOS equipment for the school year.

.400 CONTRACTUAL EXPENSES

Included here are rental and maintenance expenses for instructional equipment, file rentals, professional development, travel and consultants. Also included here are costs for the calibration of audiometers, service fees for auditory trainers, and expenses for bilingual assessments and independent assessments. In addition, included here are sign language interpreter and translation services for CSE meetings. Also, funds are charged here for contracted services with OT/PT providers, Medicaid Direct and IEP Direct.

.470 TUITION

Students with Disabilities for whom there are no appropriate programs located within the District due to the severity of special education need are placed by the Committee on Special Education in approved private day and residential schools. The tuition costs associated with these placements are approved by the State Education Department. A portion of the tuition costs are reimbursed by SED via the STAC process. Also included in this code is the District share of maintenance costs for students with disabilities placed in residential schools as well as the cost of hospital instruction and tutorial instruction. Additionally, in this code are the costs of special education services provided by the Districts of Location (DOL) for resident children with disabilities who are parentally placed in private and parochial schools located outside of the District.

.480 TEXTBOOKS

Textbooks for students with disabilities in special education classes or who need adapted texts

.490 BOCES

Upon recommendation of the Committee on Special Education, students with disabilities are placed in BOCES Special Education Programs when their needs cannot be met within the School District. Programs are located in public schools or in centered based programs located within Southern Westchester, Northern Westchester or Rockland County. Tuition costs of program and related services are set by BOCES and the District receives partial reimbursement for these costs through BOCES aid in the following school year. Also included in this code are BOCES training costs for Special Education Programs and supports including Alternative Assessment Training and Non-Violent Crisis Prevention Intervention Certification.

.501 SUPPLIES AND MATERIALS

This account covers paper supplies, subscriptions and material used for instruction, including teacher guides, testing kits and software for the speech and language department and special education department.

INSTRUCTION – INSTRUCTIONAL MEDIA

2630 COMPUTER AIDED INSTRUCTION

.120/.150 INSTRUCTIONAL SALARIES

This code funds salaries for the Director of Technology, Director of Assessment, Accountability and Research/CIO, Assistant Director of Instructional Technology, Assistant Director of Technology for Network Operations/Support, K-12 Instructional Technology Facilitators, K-12 Library Media Specialists, K-12 Computer Teaching Assistants and K-12 Library Teaching Assistants.

.160 NON-INSTRUCTIONAL SALARIES

Funds assigned to this code support the salaries of clerical positions for computer support and Aid instruction.

.200 STATE AIDED COMPUTER HARDWARE

Funds will be used to ensure essential instructional equipment can be maintained. Items such as projectors, instructional desktops, student devices and document cameras are now essential to our teacher's instruction. In order to ensure quality technology integration occurs, we must have funds available to replace these items as they fail. This code also contains funds to support Smartboards throughout the District. A portion of expenditures are available for state aid reimbursement based on student enrollment.

.400 CONTRACTUAL EXPENSES

Expenditures under this budget code address items that are contracted to provide for expenditures such as network testing/certification, contracts that allow the District to publicly show copyrighted movies for instruction, and, will allow the District to pilot Spanish audio translation of videos placed on our website.

.460 STATE AIDED COMPUTER SOFTWARE

This is a special State Aided program to support the purchase of software for pupils attending public and non-public schools within the district. (State Aid for computer software is approximately \$14.98 per pupil). Non state-aided funds in this code are for web based instructional portals, upgrades and renewals of current software licenses for teaching, learning and productivity.

.490 BOCES SERVICES

This includes BOCES technical support services, BOCES technology support staff, BOCES supported software applications and BOCES Model Schools Program. This also includes the additional support to meet the repair and support needs for all computers, laptops, WiFi and network infrastructure hardware in the District and in K-12 classrooms. This fund also provides services to the Research Assessment & Accountability Department and includes District-Wide copiers.

.491 DISTRICT TECHNOLOGY PLAN – IPA PHASES

The District uses a four to six year cycle Installment Purchase Agreement (IPA) with BOCES to replace computers, printers, peripherals and other equipment to ensure instructional equipment and key infrastructure supports are up to date and operational. These IPAs reduce costs due state aid reimbursement, extended warranty and support measures and by spreading out costs over a number of years. This year's proposed IPA would include new interactive classroom projection devices, expansion of the Chromebook inventory and associated carts and upgrading key network infrastructure equipment.

.501 SUPPLIES AND MATERIALS

For the Technology Department, this includes paper for all K-12 computer labs, headphones, ink, keyboards, additional telephone handsets and Technology Department office supplies. Included here are supplies for the Director of Research, Assessment and Accountability.

DEBT SERVICE

In these budget accounts are the funds needed to pay the annual principal and interest payments on bonds sold for school construction projects and tax certiorari purposes, on bond anticipation notes for both construction and tax certiorari purposes and for tax anticipation notes.

9711 SERIAL BONDS

This account represents payments for the retirement of serial bonds sold for tax refunds and school construction purposes. State aid payments offset approximately thirty percent (30%) of the expenditures for school construction.

9714 TAX CERTIORARIS

This account represents payments for the retirement of serial bonds sold for tax refund purposes.

9731 BOND ANTICIPATION NOTES

Bond Anticipation Notes (BANS) are generally based on a five year schedule for the retirement of the principal obligation. Bond Anticipation Notes (BANS) issued for school purposes can be converted into bonds.

9760 TAX ANTICIPATION NOTES

During the months of July, August and September, it is generally necessary for the school district to borrow money to meet operating expenses while awaiting the receipt of school tax monies in the Fall.

9789 OTHER DEBT

This account represents payments for the retirement of the Energy Performance Bond. This was previously reported under 9711 Serial Bonds.

FISCAL ACCOUNTABILITY SUMMARY

&

SCHOOL ACADEMIC REPORT CARDS

NEW ROCHELLE CITY SCHOOL DISTRICT - NEW YORK STATE REPORT CARD [2019 - 20]

The New York State Report Card is an important part of the Board of Regents' effort to create educational equity and raise learning standards for all students. Knowledge gained from the report card on a school's or district's strengths and weaknesses can be used to improve instruction and services to students. The report card provides information to the public on school/district staff, students, and measures of school and district performance as required by the Every Student Succeeds Act (ESSA). Fundamentally, ESSA is about creating a set of interlocking strategies to promote educational equity by providing support to districts and schools as they work to ensure that every student succeeds. New York State is committed to ensuring that all students succeed and thrive in school no matter who they are, where they live, where they go to school, or where they come from.

Due to COVID - 19 and resulting changes to New York State testing, accountability, and federal reporting requirements, 2020-21 district and school accountability statuses are the same as those assigned for the 2019-20 school year. For informational purposes, graduation rates for the Secondary Graduation Rate indicator using lagged 2018-19 data are reported. Spring 2020 standardized state assessments, including the June 2020 Regents examinations, were canceled and are, thus, not reported. For detailed information on requirement changes, please see the U.S. Department of Education-approved waiver and the memorandum from the Office of Accountability entitled " 2019-20 Accountability Implications to Address the COVID-19 Crisis ."

2020-21 ACCOUNTABILITY STATUS BASED ON 2018-19 DATA

Per the U.S. Department of Education-approved waiver, districts and schools, including subgroups, will maintain in the 2020-21 school year the same accountability status assigned for the 2019-20 school year with no progress determinations. For more information, please see the memorandum from the Office of Accountability entitled, "2019-20 Accountability Implications to Address the COVID-19 Crisis." The 2020-21 Accountability status may differ from the 2019-20 status as a result of a school reconfiguration. Schools that newly opened for the 2020-21 school year will not be displayed.
