Hi, I'm (*student*). I've been in (*sport*) for (#) years. I've had some rough games/bouts but one rough game I won't play is without my seatbelt. **Did you know that crashes are the leading cause of death for young adults ages 15-34?** When you buckle up in your truck, you reduce your chances of dying in a crash by more than half. So remember, the ride can get rough, so always buckle up in your truck.

Hi, I'm (*student*). I've been involved in (*sport*) for (#) years. I've been knocked down a few times, but I always get back up. If you get knocked out of your truck, you may never get back in. **Did you know that in a crash, trucks are twice as likely to**

roll than a regular car? And if your truck rolls, you are four times more likely to die in that crash? So remember, buckle up, (*mascot*), you never know when you could come out of your seat.
