

# 3K

## October Newsletter

We have had an amazing start to 3K!

Your children have been trying out the fantastic ways they can move, they have been identifying their feelings and emotions, and learning how to interact with others to cooperate to get things done. We are also exploring curiosity and wonder to discover all that is around us. Celebrate with your awesome child as we begin this exciting school adventure!

### Family Connection

#### Shape Hunt

We have been noticing shapes around us. Look for shapes (circles, squares, triangles, stars, rectangles) on your way to and from school. Go on a shape hunt in your house. Search for a different shape each day.

### Family Connection

#### Color Clues

We are noticing colors all around us. Play a color game of I Spy with your child on the way home from school. I Spy something that is red. Can you guess it? If your child names a different red object than you were thinking of, confirm the correct color identification: Great job, you spied something red. I saw \_\_\_\_\_. It was red too. As your child dresses each morning, talk about the colors in clothing.

### Important Reminders

- Breakfast is from 8:20 – 8:40.
- Please arrive by 2:40 for dismissal at the Courtlandt Avenue entrance.
- Please supply your child with a crib size sheet and blanket for nap time.
- Please label ALL of your children's clothing and supplies.
