

The background of the entire poster is a vibrant underwater scene. It features a variety of colorful coral reefs in shades of purple, blue, and orange. Several fish are visible, including a prominent yellow and black striped fish on the left and a blue fish near the top center. The water has a deep blue hue with some light rays filtering through.

# Pearl River High School Annual Marine Science Fair

Saturday, February 24, 2018

10:00 AM to 3:00 PM

Pearl River High School Cafeteria

Entry through the High School Gym entrance.

**Admission is only \$3.00**

The fair, our main fundraising event of the year, is a great opportunity for our students to share what they've learned, and what they are passionate about, with the greater community.

Attractions include salt and freshwater live animals, interactive exhibits, demonstrations, crafts, games, music, and more.

There will also be snacks and drinks for sale.

Come support our club while learning all about our aquatic environments.
