Maddie Goldman \$100
M79 5 sessions starting Thurs. Jan. 11 4:30-5:30pm

Little Artists Exploring Artists (ages 3-5)

Each week we will explore the style and technique of a different artist! We will begin with a short presentation about the artist's life and pictures of his/her work. Each featured artist has a style that can be easily imitated and explored by young children. Using this as a starting point, the children will produce a 2-D or 3-D work inspired by what they see. The most important aspects of the art projects are discovery, exploration and individual creativity. However, there are exposed to a little art history. Perhaps they will be inspired to read books, visit a museum, or go to the library for more information.
