

November

3/4/5 - Room 218

PSMS29 - The Melrose School

Dear families,

I cannot believe it's already November! The year is flying by! We are doing lots of amazing things in Room 218. I am so happy to share with you all of the wonderful things your scholar is learning about and all of the exciting upcoming news and events.

Reading & Writing -

- In reading, your scholar is learning to read with **SUPER POWERS**. Ask them at home what that means.
- In writing, they are working on writing for readers, making their writing clear and interesting! They are excited to share these stories with you soon!

Math -

Your scholar is learning all about multiplication in math. It is crucial that you work on their math facts with them at home - addition, subtraction and multiplication. This will help them continue to improve their skills.
