SECTION I GENERAL CONSIDERATIONS AND PLANNING GUIDELINES

PURPOSE

Emergencies in schools are defined as undesirable events that occur and have the potential to cause injury or illness to members of our school community or disrupt the orderly educational process. They range from acts of bullying or harassment to catastrophic natural or man-made events. Emergency management is the discipline of dealing with and avoiding risks. It is a discipline that involves preparing for an emergency situation or disaster before it occurs as well as supporting and rebuilding from the emergency after natural or human-made disasters have occurred.

Emergency management in our schools is the continuous process by which our staff, students, administrators, parents, school groups, emergency responders and our community manages hazards in an effort to avoid or ameliorate the impact of disasters resulting from hazards. Preventive measures and good planning will reduce the likelihood that emergencies will occur and allow us to address those that do in an expeditious and effective manner.

Districts are required to develop District-wide Safety Plans designed to prevent and effectively manage such events to minimize the effects of serious incidents and emergencies. These plans also facilitate the coordination of the District with local and county plans and resources when incidents and emergencies occur.

The district-wide plans are responsive to the needs of all schools within the District and are consistent with the more detailed emergency school plans required at the building level. Districts stand the risk from a wide variety of acts of violence, natural and man-made disasters. To address these threats, the State of New York has enacted the Safe Schools Against Violence in Education (S.A.V.E.) law. Project S.A.V.E. is a comprehensive planning effort that addresses prevention, response and recovery with respect to a variety of emergencies in schools.

The Katonah-Lewisboro School District supports the S.A.V.E. legislation. As such, the Superintendent of Schools, the Board of Education, and the entire Katonah-Lewisboro School District staff encourages and advocates on-going district-wide cooperation in support of Project S.A.V.E.

SUPERINTENDENT'S DIRECTIVE

The Superintendent of Schools will serve as the District's Chief Emergency Officer (CEO) and be responsible for coordinating communication between school staff and emergency responders. The CEO will also require each building principal to maintain a Building-level Emergency Response Plan in compliance with Commissioner of Education Regulation 155.13. Each plan should be updated annually. The plan shall provide for lockdown, lockout, sheltering, evacuation, early dismissal, hold-in-place and other emergency planning and notification (when necessary) to students and staff, annual drills and exercises, and coordination with local and county emergency preparedness administrators. These plans shall be submitted to the District's Emergency Planning Committee for annual approval and incorporation into the overall District-wide Safety Management Plan.

IDENTIFICATION OF SCHOOL TEAMS

The Katonah-Lewisboro School District-wide Safety and Emergency Management Plan was developed pursuant to Commissioner's Regulation 155.17. At the direction of the School Board and under the direction of the Superintendent, a District-wide Emergency Response Team (DERT) will be utilized for the purpose of emergency management within the district. The DERT shall include, but is not limited to, representatives of the school board, teacher(s), administrators, school safety personnel and other school and community personnel as deemed necessary.

This DERT shall also serve as District-wide School Safety Team, and include a representative(s) of the parent organization(s) and other school and community personnel as deemed necessary. The duties of the committee shall include the development, review, and update of the District-wide Safety and Emergency Management Plan in compliance with Commissioner of Education Regulation 155.13.

The Katonah-Lewisboro School District Safety & Emergency Response Team should meet regularly throughout the year to conduct the following business:

1. Assess and review the District-wide Safety and Emergency Management Plan annually.
2. Make any necessary recommendations regarding Emergency Operations, Planning, Procedures, Protocols, and the like.
3. Conduct training sessions as necessary.
4. Meet with, oversee, and help guide the School Emergency Response Teams at each school as necessary.
5. Meet as needed with the District's Emergency Management Consultant to review protocols and procedures as well as receive training and instruction.
6. Meet with local government and emergency service organization officials to develop procedures for advice and assistance for emergency situations that exceed the expertise and/or resources of the district. These procedures may then be incorporated into the District's Safety Plan.
7. Conduct all other business as deemed necessary.

School resource officers (SROs) are police officers who work in elementary, middle and highschools. They are responsible for working with school administrators, security staff and faculty on developing comprehensive safety plans to ensure schools are safe places for students to learn. New York State Education Law§ 2801-a (10) as amended, effective July 1, 2019, requires that the roles and areas of responsibility of school personnel, security personnel and law enforcement be defined and requires that the role of school discipline be clearly delegated to the school administration. The role of school discipline is expressly delegated and reserved to the District administration who shall administer school discipline in accordance with this Districtwide Safety Plan and the District's Code of Conduct.

CONCEPTS OF OPERATION

1. The District-wide Safety and Emergency Management Plan will be directly linked to individual Building-level Safety and Emergency Management Plans for each building. Protocols developed in the District-wide Safety Plan will guide the development and implementation of Building-level Safety and Emergency Management Plans.
2. In the event of an emergency or violent incident, the initial response at an individual school will be by the School Emergency Response Team.
3. Once the Superintendent and/or his/her designee are notified, the District Emergency Response Team may be mobilized to respond, and when appropriate, local emergency officials will be notified. All will follow the Emergency Management protocols and practices outlined in the National Incident Management System (NIMS) and will practice Incident Command System (ICS) techniques to better manage these events.

PLAN REVIEW & PUBLIC COMMENT

4. The District-wide Safety and Emergency Management Plan shall be monitored and maintained by the District-wide School Safety Team and reviewed annually on or before September 1st of each year. A copy of the plan will be available at the district office and on the District website.
5. Building-level Emergency Response Plans shall be confidential and not subject to disclosure under Article 6 of Public Officers Law or any other provision of law in accordance with Education Law Section 2801-a.
6. Full copies of the District-wide Safety and Emergency Management Plan and any amendments will be submitted to the New York State Education Department on or before October 1st of each year and within 30 days of adopted revisions.
7. The District-wide Plan must be formally adopted by the Board of Education whenever changes, other than simply updating contact information, are made to the plan. Pursuant to Commissioner's Regulation, Section 155.17(e)(3), this plan will be made available for public comment at least 30 days prior to its adoption. The Board of Education will approved the plan annually prior to September 1st of each year.
8. Building-level Emergency Response Plans will be supplied to the New York State Police, County Police and all local police departments covering the District, by October 1st of each year or within 30 days of adoption.

SECTION II RISK REDUCTION/PREVENTION AND INTERVENTION

PREVENTION AND INTERVENTION STRATEGIES

The District utilizes a variety of intervention strategies to reduce risk and prevent critical incidents.

1. Training for school staff working in an incident control capacity may include:
 - a. Individual and group de-escalation techniques
 - b. Non-violent conflict resolution skills and
 - c. Mediation
2. The District may provide de-escalation techniques and non-violent conflict resolution training to other staff annually. It is recommended that each building has some staff

- trained in non-violent conflict resolution.
3. Training is available during staff development sessions or on conference days.

IMPLEMENTATION OF SCHOOL SECURITY

Procedures relating to building security including utilization of staff and security equipment may include:

1. Surveillance Cameras
2. Door-lock (buzzer) entry systems
3. Portable Radios
4. Alarm Systems
5. Keypad or swipe entry systems
6. Single or Limited Points of Entry
7. Greeters at Main Entrances to Log visitors into the building

The District continually investigates other security measures and conducts staff development training to ensure schools are as safe as possible.

IMPROVING COMMUNICATION WITH STUDENTS

Each of the schools within the district provides a wealth of school safety-related initiatives. These programs include peer mediation, bullying prevention, conflict resolution, social skills development, anger management and components of character education. Students are involved in a wide variety of safety activities through both their classes as well as through work with guidance counselors, social workers, and school psychologists.

In addition, each school has a wide range of programs that impact school safety. The District has a character education program that complies with Project S.A.VE. The following programs are offered throughout the District at each grade level listed:

Program:

- Prevention Awareness Council (Drug Prevention Program)
- Peer Leadership
- District consults with Westchester County Mental Health, 112 East Post Road, White Plains, NY (995-5220) and other agencies to provide staff and student training in areas of prevention and intervention
- Others based on building needs
- Member of the Regional Safety Committee Representing BOCES
- PTO Arts in Education
- Red Ribbon Week
- Response to Intervention
- Social Skills Group
- Social Studies Curriculum
- Student Council
- Sandy Hook Promise
- DASA (program to design activities that support the ideals of the DASA law)
- No Place for Hate (designated two years in a row as a NPH school – activities are

connected to anti-bullying, acceptance of differences, etc...)

REPORTING THREATS OR ACTS OF VIOLENCE

Students, staff, parents, and others are educated annually about the importance of reporting threats or acts of violence and the procedures of reporting.

The District has developed a system for reporting threats of and actual acts of violence. The procedure for reporting is as follows:

- Students are educated to report threats and acts of violence to staff members.
- Each school has designated a reporting process.
- Staff members are required to report all student referrals to the administration for investigation.
 - Staff members are required to report all student referrals to the administration for investigation.
- Staff training programs meet S.A.V.E. requirements. Instruction on issues of school safety is provided to all employees each year.

TRAINING, DRILLS, AND EXERCISES

DRILLS AND EXERCISES:

The District will conduct Emergency Management drills and exercises annually including, but not limited to:

EVACUATION AND LOCKDOWN DRILLS: Fire and Lockdown Drills will be conducted during school days in each school within the District with staff and students twelve (12) times annually (September – June). The first eight (8) drills are conducted prior to December 31st of each school year. Eight of all such drills shall be fire evacuation drills. Four of all such required drills shall be lockdown drills. The appropriate Fire Department may, upon agreement with the District, participate in some or all of the drills and offer feedback regarding effective building evacuation in the event of a fire. The appropriate Police Department may upon agreement with the District, participate in some or all of the lockdowns drills and offer feedback regarding the effectiveness of these drills. Drills shall be conducted at different times of the school day with at least one of the eight required evacuation drills occurring during a mass gathering event such as lunch or assemblies.

EARLY DISMISSAL DRILL: The District will conduct an Early Dismissal drill annually wherein students are dismissed early from each school. Parents will be notified of these drills well in advance. Transportation Officials and District staff may also take place in conducting and evaluation of this drill.

SHELTER-IN-PLACE & HOLD-IN-PLACE DRILLS: Each school in the District will conduct at least one (1) Shelter-in-Place Drill annually utilizing Shelter-in-Place protocols. The appropriate Police Department may upon mutual agreement with the District, participate in some or all of the drills and offer feedback regarding the effectiveness of these drills.

STAFF DEVELOPMENT TRAINING:

All general staff will receive training on district-wide procedures as well as specific procedures contained within their respective building-level emergency response plan. This training shall occur prior to September 15th of each school year or within 30 days of joining the district.

The District will provide advanced training for each School Emergency Response Team (SERT) and District- wide Emergency Response Team (DERT) annually. The training will include practices and procedures to educate, evaluate, update and review all emergency management protocols and procedures the teams perform including, but not limited to Lockdown, Lockout, Evacuation, Shelter-In-Place, Early Dismissal and Fire. The District may involve local emergency responders as well to participate in this training.

Training may include but is not limited to:

- De-escalation training
- Warning signals for violence and mental health concerns
- Non-violent conflict resolution
- Emergency response team training
- Social skill development
- Character education
- Social, emotional learning

PROACTIVE BUILDING SECURITY MEASURES

- The Katonah-Lewisboro School District buildings use a limited point of entry system. Signs are in place directing visitors to sign-in at the reception desk at each school. Main doors are controlled by remote “buzzer” entry during normal school hours.
- All schools have monitors or office staff members just inside the entrance to each school in the district. These monitors ensure visitor sign-in procedures and help supervise building traffic flow. The monitors are under the supervision of the building principals.
- Staff members are required to wear visible identification badges.
- Visitors are required to sign in and wear visitor identification.
- Visitor access is limited to specific areas of the school building.
- Description of Duties of School Resource Officers and Monitors
- School Resource Officers (SRO) are employees of the Town of Lewisboro and, as such, are hired after extensive background searches and training. Their job responsibilities encompass all aspects of school security. In addition, these officers conduct presentations designed to educate parents, staff and students on a variety of safety related topics.
- Administrators individually interview all prospective hall monitors within the Katonah Lewisboro School District. At least two references are checked and all employees are fingerprinted. Monitors work in very close cooperation with Principals and School Resource Officers and are trained to report all unusual incidents to the building administration.
- Greeters work with administrators and SROs to control visitor access to our buildings. They receive annual training to assist them in these duties.

VITAL EDUCATIONAL INFORMATION

Information on each building's student and staff, transportation needs, and the telephone numbers of key officials are outlined in each Building-level Emergency Response Plan.

EARLY DETECTION OF POTENTIALLY DANGEROUS BEHAVIOR

This section contains the District policy and procedure for disseminating information regarding early detection of potentially dangerous behavior.

1. A summary of the District's Code of Conduct is provided to all students in the district at the start of every school year to ensure that all students understand acceptable behavior in the school setting. The Code of Conduct delineates, among other behavior, lack of tolerance for bullying, violence and harassment.
2. A "plain language" summary of the Code of Conduct is mailed or emailed to all parents/guardians of students in the District at the start of each school year, and is disseminated at the time of registration thereafter.
3. All new employees will be provided with a copy of the Code of Conduct at the time of hire. All teachers and other staff members will be provided with a copy of the Code of Conduct annually.
4. Efforts are made on the building level in each of the District's schools to identify, prevent, and resolve potentially dangerous behavior at the earliest possible stage. Threat Assessment or their equivalents meet regularly in each building to work with classroom staff in identifying and preventing potentially dangerous behavior. Guidance counselors, school psychologists, school social workers, nurses, outside agencies (as appropriate), administrators, teachers, parents/guardians and students are involved in this process.
5. District students at all grade levels participate in instruction guided by evidence-based violence prevention/intervention programs. Elements of these programs support students in identifying potentially violent or problematic situations with peers and in developing strategies to address these such as reporting to an adult.
6. Secondary health curricula incorporate information regarding emotional health, the impact of drugs and alcohol on an individual's behavior, and on responsible decision- making.
7. Each of District's school psychologists/social workers facilitates counseling groups for identified students around issues related to poor social skills development, anger management, and good decision-making.
8. Certified and non-certified staff members working with students who have been identified by the Committee on Special Education as being at-risk for engaging in violent behaviors receive annual training in crisis prevention and intervention. Further, these staff members benefit from technical assistance within the context of the instructional setting across the year.
9. The District works in collaboration with building-level and district-wide PTOs to offer parents/guardians information regarding early-warning signs of potentially dangerous and/or violent behavior, as well as a forum to discuss specific parental concerns.

POLICE AGENCIES

The District falls within the response of the following police departments.

<u>Agency</u>	<u>Contact</u>	<u>Phone Number</u>
Lewisboro Police Dept.	Chief David Alfano	914-763-8903
Bedford Police Department	Chief Melvin Padilla	914-241-3111
NYS Police	Dispatcher	914-277-3651

HAZARD IDENTIFICATION

IDENTIFICATION OF POTENTIALLY DANGEROUS OR HAZARDOUS SITES:

Each school will identify and locate areas of potential emergencies in and around their building. The Director of Facilities and building custodians will locate these sites.

1. These sites are to include electrical, gas, heating, ventilation, water supply and sewage systems locations and shut-off valves. Local fire department personnel have and will continue to participate in these efforts.
2. These sites of potential emergencies will be listed in each Building-level Emergency Response Plan supplied to police, fire, emergency management services, and district personnel.
3. Potentially dangerous sites will be checked regularly and inspected by building safety personnel on a regular schedule, at least annually. They include but are not limited to:
 - Electrical panels/shut-offs
 - Gas lines/shut-off
 - Gas appliances
 - Heating plant
 - Sewage system
 - Structural failure
 - HVAC
 - Water supply/shut-off
 - Chemical storage and cleaning supplies
 - Paper supply storage
 - Industrial arts room
 - Science rooms and labs
 - Isolated areas near the school
 - Nearby streams, ponds, rivers (flooding)
 - Steep areas near school
 - Unprotected exterior gas/electric, air conditioning supplies or equipment

POTENTIAL NEARBY HAZARDOUS LOCATIONS:

- Gasoline Pumps – Katonah Elementary School; John Jay High School
- Indian Point Nuclear Power Plant, Buchanan, NY – KLSD is a designated receiving

center

TYPICAL EMERGENCY SITUATIONS:

The District has procedures and trains for emergencies including but not limited to:

- Bomb Threats
- Building Collapse
- Civil Disturbance
- Earthquakes
- Explosion
- Fire
- Floods
- Hazardous Materials and Radiological Incidents
- High Winds
- Hostage Situations
- Intruders (Armed/Un-armed)
- Kidnapped/Missing Students
- Pandemic
- School Bus Accidents
- Suicide
- Suspicious Packages
- Severe Weather
- Tornadoes
- Weapons Possession

SECTION III RESPONSE

NOTIFICATION AND ACTIVATION - INTERNAL AND EXTERNAL COMMUNICATIONS

EXTERNAL

Anyone with knowledge of an incident is encouraged to immediately call 911 in an emergency.

The District's mass communication system will be used to provide information to parents/guardians and emergency contacts. The District website may also be used to provide updated information throughout an incident as deemed appropriate by the Incident Commander. Schools may also use their websites, Google groups, and hotlines for announcements or updates as directed by the Incident Commander.

When an emergency requires notification of staff, the Superintendent or his designee will provide updated information to parents and students through the emergency notification system and to the following radio and television stations:

WFAS 103.9 FM
WFAS 1230 AM

WOR 710 AM
WHUD 100.7 FM
WCBS 880 AM

TV Channel 12 News
TV Channel 77, Public Access Broadcast
TV Channel 44 FIOS

Additional information may also be found on the District's website, <http://klschools.org/>.

During an emergency, all contact with the media will be handled either by the Superintendent or the Public Information Officer. The media and public will be informed and updated as soon as practicable on all developments in statements released by the Superintendent or his designee. Pupils, staff and parents should refer all questions and requests for information to the Superintendent in order to assure the release of factual and current information. The Superintendent may refer such requests to the Public Information Officer for response.

By definition, emergency events are unforeseen and unpredictable. The safety of students and staff is the primary focus of all activities surrounding an emergency event. Every effort will be made to contact parents and the general public once the situation has stabilized.

INTERNAL

After receiving the information from the Incident Commander at the scene, an email will be sent from the superintendent's office to all administrators and administrative offices alerting them to the nature and status of any incident in the district. The mass communication system may be used to provide information as deemed appropriate by the Incident Commander. Portable radios will also be used when possible.

MULTI-HAZARD RESPONSE

In the event of an emergency, a Command Center will be set up at a safe location in collaboration with emergency responders. Each building has specific plans for dealing with a wide range of hazards. Specific response procedures are sensitive in nature and therefore are contained within each confidential building-level emergency response plan.

In each emergency, the building's administrator will contact the District office for assistance. The District office will provide support as appropriate and deemed necessary by the Incident Commander on the scene (i.e. sending additional mental health resources). The superintendent or his/her designee will be the sole contact person for releasing information to the media and for communicating the status of the emergency with other district schools, out-of-district schools, private schools, and outside agencies.

RESPONSES TO ACTS OF VIOLENCE AND IMPLIED OR DIRECT THREATS

1. Students are required to inform school staff about any direct or indirect threat of violence or actual act of violence to themselves, others, or school property.
2. Staff members are required to immediately inform the Principal or his / her designee of

any direct or indirect threat of violence or actual act of violence to students, themselves, others, or property. The Principal or her/his designee decides whether to utilize the building's trained clinician(s) to de-escalate or defuse the situation.

3. Parents and visitors are encouraged to tell school staff about any indirect or direct threats of violence or actual act of violence towards students, themselves, others, or property.
4. After considering the specificity/generality of the threat or severity of the violent act, the Principal or her/his designee will decide whether to immediately contact the Superintendent of Schools or the Assistant Superintendent to advise them of the threat, get help to determine the level of threat or report the violent act. The Principal will have the discretion to report minor incidents to the Superintendent verbally and/or in memorandum form after the situation has been resolved.
5. The Principal or her/his designee will also decide whether to contact law enforcement personnel. Threats or actions placing students, staff and others in imminent danger require an immediate LOCKDOWN protocol followed by a call to the police and the District Superintendent (if safe to do so). Violent offenses defined in the S.A.V.E. regulations will also require the involvement of the police.
6. The principal, and/or her/his designee then determine the appropriateness of directing the School Emergency Response Team to be activated.
7. The School Emergency Response Team (SERT) consisting of trained staff and school personnel may assist with an Evacuation, Lockout, Shelter – In – Place, Fire or Early Dismissal and will follow the appropriate protocol (see appendixes for further information). The Incident Command System (ICS) under the National Incident Management System (NIMS) should be followed as closely as possible to ensure good coordination between the building level teams, district leadership, and responding agencies.
8. If the threat of violence or danger is imminent, a Lockdown may be utilized. A Lockdown is time sensitive and therefore may be requested by any school staff member based on the incident and timely need for the Lockdown. During the Lockdown, all school staff, students, and visitors (including all SERT members) are required to Lockdown in the nearest lockable space and await further instruction.
9. Procedures for contacting parents, guardians, and persons in parental relation to students in the event of a violent incident or early dismissal are spelled out by each building. The use of the District's mass communication system is typically utilized.
10. Aggressively dangerous and violent students should only be restrained by qualified staff. Police should be called when necessary to assist school staff in managing the situation. Violent adults are to be reported to the building administrator immediately, and the police called. Violent adults are only to be removed by police.
11. The building administrator will investigate reported threats and reported acts of violence and will make the determination of disciplinary measure consistent with the District's Code of Conduct. Chronic offenders may require a behavior intervention plan, close monitoring, and police involvement.
12. School administrators must keep records of serious threats and acts of violence and report them annually to the state.

RESPONSE PROTOCOLS

PROTECTIVE ACTION OPTIONS

SCHOOL CANCELLATION

- The Superintendent or his/her designee (IC – Incident Commander) will monitor any situation that may warrant a school cancellation and will make the determination to do so.
- The Public Information Officer will activate use of the District's mass communication system.
- The Public Information Officer will contact local media, post the information on the website and social media sites utilized by the District.

EARLY DISMISSAL

- The Superintendent or his/her designee (IC) will monitor any situation that may warrant an early dismissal and will make the determination to do so.
- The Operations Chief will designate people to arrange transportation for students.
- The Public Information Officer will activate use of the District's mass communication system.
- The Public Information Officer will contact local media, post the information on the website and social media sites utilized by the District.
- The Liaison Officer will notify each of the building principals.

EVACUATION

- The Superintendent or his/her designee will determine the level of the threat.
- The Operations Chief will contact the transportation supervisor to arrange transportation.
- He/she will also arrange for student-parent reunification.
- The Safety Officer will clear all evacuation routes and sites prior to evacuation
- Principal(s) will evacuate all staff and students to pre-arranged evacuation sites as outlined in building plans. He/she will report to the superintendent or his/her designee any missing staff or students. All building administrators will remain at work until dismissed by the District Incident Commander.

SHELTERING SITES (INTERNAL AND EXTERNAL)

- The Superintendent or his/her designee (IC) will determine the level of the threat and communicate with building principal(s) who are affected by the emergency.
- Principal(s) will move all staff and students to pre-arranged sheltering sites as outlined in building plans. He/she will report to the (IC) any missing staff or students. All building administrators will remain at work until dismissed by the District Commander.
- The Logistics Chief will make appropriate arrangements for human needs in the event of a long- term situation.

PARTICIPATING IN UNIFIED COMMAND UNDER ICS PRINCIPLES

ASSIGNMENT OF RESPONSIBILITIES

A chain of command consistent with the National Interagency Incident Management Systems (NIMS)/Incident Command System (ICS) will be used in response to an emergency. Members of the School, Emergency Response Team, will be part of this system. In the event of an emergency, the response team will adopt NIMS/ICS principles based on the size, scope, and character of the emergency.

1. All administrators and Building-level Emergency Response Teams members shall complete the incident command training level one.
2. All District Emergency Response Team members shall complete incident command training level one and level two.

ICS POSITIONS

The number of ICS positions filled will be dependent upon the scope of the incident.

- Incident Commander – Responsible for the direction of the building response in a building- level emergency (Building Administrator/designee).
- Public Information Officer – Compiles and releases information to the news media.
- Safety Officer – Monitors the response in an attempt to prevent injuries from occurring to both those involved in the incident and those trying to resolve it.
- Liaison – Represents the District by working with responding agencies (law enforcement, fire department, EMS, utilities, etc.) and other school districts that may be involved in the incident.
- Incident Log – Keeps a written log of all incident events and updates appropriate command post personnel on significant developments.
- Operations – responsible for directing the implementation of action plans and strategies for incident resolution.
- Logistics – Responsible for providing all resources (personnel, equipment, facilities and services) required for incident resolution.
- Planning/Intelligence – Responsible for collecting, evaluating and disseminating the information needed to measure the size, scope and seriousness of an incident and to plan a response.
- Administration/Finance – Responsible for all cost and financial matters related to the incident.

DISTRICT COMMAND POST (DCP):

Unless otherwise specified, The DCP will be located in the District Offices. If necessary, the command post may be moved to an alternate site including the transportation facility and even non-district owned buildings.

SECTION IV RECOVERY

DISTRICT SUPPORT FOR BUILDINGS

When the District Emergency Response Team leader is notified that an emergency exists, he/she will activate the District Emergency Plan and follow the Incident Command guidelines.

Members of the District Emergency Response Team will assist as needed either at their respective Building Command Posts or by responding where directed by the Incident Commander(s). The District Emergency Response Team will assign such other personnel as deemed necessary to meet the needs of the situation.

The District Emergency Response Team members will remain at their assigned posts until the Incident Commander(s) has determined that the emergency is over, or it is unsafe, or no longer necessary to remain, or need to relocate.

Should the incident involve a single building, at the discretion of the District Emergency Response Team's (DERT) leader in consultation with that building's administrators and School Emergency Response Team (SERT), other school buildings may be called to support the School Emergency Response Team in that building.

Should the incident involve multiple buildings, at the discretion of the District Emergency Response Team's (DERT) leader, in consultation with building administrators, additional mental health support from the County Crisis Team and local area hospitals may be solicited to support the Emergency Response Teams in the affected building(s).

In any case, a "debriefing", or post-incident analysis, will be facilitated by the District Emergency Response Team. This process will include a review of the actual incident, the Team's response to the incident, and post-traumatic incident debriefing.

District clinicians (or, mental health professionals from outside agencies if they have been involved) will provide on-going as-needed support to the Team members, and will monitor post-traumatic stress symptoms in team members. As appropriate, team members may be provided with a referral to EAP and/or with information regarding private mental health providers in the area.

Principal(s) are expected to consult with the District Public Information Officer in composing letters to parents following any emergency. The District's Public Information Officer will assist in sending mass communication messages to affected groups. The District's Liaison Officer will communicate with outside agencies, such as the County Health Department, in order to provide necessary services following any emergency.

DISASTER MENTAL HEALTH SERVICES

The District Liaison Officer and/or the Mental Health Coordinator will communicate with outside agencies, such as the County Health Department, to provide necessary mental health services following any emergency. District mental health providers may be temporarily re-assigned to assist in the recovery process.

OBTAINING ASSISTANCE FROM GOVERNMENT OFFICIALS

1. The Katonah-Lewisboro School District continue to work closely with local police, fire, EMS, and governmental agencies to obtain assistance during emergencies. Representatives helped in the development of this plan, have assisted in emergency situation drills and provided technical assistance. APPENDIX 2 – BUILDING-LEVEL EMERGENCY RESPONSE PLANS

Due to the sensitive safety and security information contained in each Building-level Emergency Response Plan, these plans are confidential and not available for public dissemination. Copies of plans are maintained at each school building and the district office.

APPENDIX 3 – MEMORANDA OF UNDERSTANDING

The following (if applicable) are Memoranda of Understanding relevant to implementation of the District-wide School Safety Plan and, where appropriate, Building-level Emergency Response Plans.

THIS AGREEMENT ("Agreement"), made this ^{16th}_{1st} day of ^{February}_{December}, 20²³₂₂, by and between:

THE COUNTY OF WESTCHESTER, a municipal corporation of the State of New York, having an office and place of business in the Michaelian Office Building, 148 Martine Avenue, White Plains, New York 10601 (hereinafter referred to as the "County")

and

KATONAH LEWISBORO SCHOOL DISTRICT having an office and place of business at 60 North Salem Road, Cross River, New York 10518 (hereinafter referred to as the "District")

WITNESSETH:

WHEREAS, pursuant to New York State Education Law Section 2801-a, a school district is required to develop a comprehensive district-wide school safety plan, and, as part of such a plan, to include prevention and intervention strategies such as entering into collaborative arrangements with state and local law enforcement officials, designed to ensure that school safety officers and other security personnel are adequately trained in order to, among other things, de-escalate potentially violent situations; and

WHEREAS, the District desires to obtain the services of one (1) uniformed County Police Officer to act as School Resource Officer (the "SRO") for certain District's schools; and

WHEREAS, the County, acting by and through the Westchester County Department of Public Safety Services ("Department"), is willing to provide such services for the compensation and on the terms herein provided.

NOW, THEREFORE, in consideration of the terms and conditions herein contained, the parties agree as follows:

Section 1. The County shall assign one (1) regularly employed uniformed County Police Officer, to act as a SRO at the schools and shared campus of the District, as follows: 1.) the John Jay High School; 2.) the John Jay Middle School; and upon request, to 3.) the Increase Miller Elementary School, the Katonah Elementary School, and the Meadow Pond Elementary School (individually, the "School" or collectively, the "Schools").

Generally, SROs serve a fundamental role with integrated and layered school safety plans, emergency management (prevention, preparedness, response and recovery), and specialized community policing. SROs are specially trained, school-based police officers. SROs successfully complete basic SRO, youth officer, and instructor development training. Officers are also provided with a variety of advanced training opportunities to hone their skills and abilities as SRO's including advanced SRO and Youth Officer training, active shooter response, active shooter / hostile event, rescue task force, stop the bleed, incident management, behavioral threat assessment, crisis intervention, procedural justice, implicit bias, autism awareness and adaptive training for

special needs students.

The functions of the SRO will be to work collaboratively with the District's administration, teachers and counselors to assist in maintaining a safe and supportive learning environment. The responsibilities of the SRO will include, but shall not be limited to:

- providing valuable resources to school staff members,
- fostering positive relationships with youth,
- helping develop strategies to resolve problems affecting youth,
- protecting all students so that they can reach their fullest potentials,
- potential threat and behavioral issue monitoring and information sharing with school officials,
- participating and providing guidance with school behavioral triage and threat assessment teams,
- assisting with school emergency management planning and multi-agency drill coordination,
- providing school and campus safety and security patrols,
- crisis intervention and response,
- counseling, mentoring and after hour wellness checks for at risk youth,
- participation and facilitation of educational support programs for students, parents and staff on safety and crime prevention related subjects,
- supporting arrival and dismissal safety and traffic management, and
- investigating allegations of criminal incidents in accordance with the Department's policies and procedures (in compliance with law, regulation or other dictate of the NYS Education Department).

In addition, the SRO will work in collaboration with the Schools to address crime and disorder problems. The SRO is not permitted to conduct extended questioning of a student in the School unless the student's parent/guardian has been contacted and been provided an opportunity to be present.

Under New York State law, the SRO **may not** serve as a School disciplinarian, may not administer discipline to students or be involved in the enforcement of School disciplinary infractions. The SRO shall not use police powers to address School discipline issues. All student discipline shall be solely under the auspices and jurisdiction of each District's school and District Administration.

Section 2. The SRO shall be assigned to the Schools on a fulltime basis of eight (8) hours per day, on the days the School is in session, with the following understanding:

- (a) The District must regularly coordinate with the SRO and the Department to implement best access procedures that will provide the SRO and the Department complete and expedient access to the Schools.
- (b) It is understood by both parties of this Agreement that the Department, in its discretion, may reassign the SRO from the Schools at any time in the event of an emergency, or for required training.
- (c) In the event that a SRO is absent on a school day, the Department will not be obligated to provide a substitute for that day. However, if a SRO should be absent

for more than three (3) consecutive school days, the Department shall provide periodic school patrols or a substitute trained SRO as they are available from existing personnel.

- (d) The Department has instructed the SRO to notify the Schools that s/he has been assigned to and the Department of any absences, anticipated or otherwise, at the earliest possible time.
- (e) The County will not be obligated to provide the District with any monetary credit for time that a SRO is not at the School under any circumstances. Notwithstanding the above, if the County is unable to assign an officer to serve as SRO for an extended period of time, this Agreement may be terminated by the District upon thirty (30) days' notice to the County. In such event, the County shall refund to the District a prorated amount for any amounts paid by the District for the period, subsequent to the date of termination.
- (f) The SRO shall consult with and coordinate activities through each of the Schools' principal or designee they have been assigned to.
- (g) The District will coordinate with the SRO and Department to implement informational technology access for the SRO. The SRO shall have access to the Department's Information Technology System.

Section 3. The SRO shall be assigned to the Schools only during any given school term, which shall be defined as the opening day of school in September (except for the first year of the Term when services will commence on October 31, 2022) through the last day of school in June of any given school year (the "School Term"), in accordance with the District's annual school calendar. This Agreement shall be for a term commencing on October 31, 2022 and expiring on the last day of school in June, 2027 (the "Term") and services shall be provided only during any given School Term.

Section 4. In consideration for the services rendered, the District will pay the County as follows:

- (i) for the 2022-2023 School Term, a total amount of One Hundred Twenty-Five Thousand, Five Hundred Ninety-Six and 00/100 (\$125,596.00) Dollars, payable in two (2) equal installments of Sixty-Two Thousand, Seven Hundred Ninety-Eight and 00/100 (\$62,798.00) Dollars each;
- (ii) for the 2023-2024 School Term, a total amount of One Hundred Sixty Thousand, Nine Hundred Twenty and 00/100 (\$160,920.00) Dollars, payable in two (2) equal installments of Eighty Thousand, Four Hundred Sixty and 00/100 (\$80,460.00) Dollars each;
- (iii) for the 2024-2025 School Term, a total amount of One Hundred Sixty-Four Thousand, Nine Hundred Forty-Three and 00/100 (\$164,943.00) Dollars, payable in two (2) equal installments of Eighty-Two Thousand, Four Hundred Seventy-One and 50/100 (\$82,471.50) Dollars each;
- (iv) for the 2025-2026 School Term, a total amount of One Hundred Sixty-Nine Thousand, Sixty-Seven and 00/100 (\$169,067.00) Dollars, payable in two (2)

- equal installments of Eighty-Four Thousand, Five Hundred Thirty-Three and 50/100 (\$84,533.50) Dollars each; and
- (v) for the 2026-2027 School Term, a total amount of One Hundred Seventy-Three Thousand, Two Hundred Ninety-Three and 00/100 (\$173,293.00) Dollars, payable in two (2) equal installments of Eighty-Six Thousand, Six Hundred Forty-Six and 50/100 (\$86,646.50) Dollars each.

For the 2022-2023 School Term, the first installment shall be paid upon execution of this Agreement and the second installment shall be paid within six (6) months of the first installment. Payment for services rendered during the remaining Term of this Agreement will be made in two (2) equal installments, the first of which shall be made within ten (10) days of the beginning of each School Term and the second of which will be made within six (6) months of the first installment.

The District shall not be responsible for any overtime pay earned by an officer serving as SRO in connection with his or her routine duties under this Agreement. The District shall, however, be responsible for any overtime pay earned by an officer serving as SRO in connection with his or her requested additional duties outside the regularly scheduled hours under the IMA, such as District community events (i.e. sporting events, dances and after-school activities). The District shall coordinate directly with the Department regarding any additional detail request(s).

Section 5. It is understood and agreed that at all times the SRO shall remain an employee of the Department and shall be under the overall supervision of the Commissioner of the Department or his/her authorized designee ("Commissioner") and shall follow all policies and procedures of the Department. The District acknowledges that the SRO shall remain responsive to the chain of command of the Department.

Section 6. The District agrees to procure and maintain insurance naming the County as additional insured, as provided and described in Schedule "A," entitled "Standard Insurance Provisions," which is attached hereto and made a part hereof. In addition to, and not in limitation of the insurance provisions contained in Schedule "A," District agrees:

(a) that except for the amount, if any, of damage contributed to, caused by, or resulting from the sole negligence of the County, District shall indemnify and hold harmless the County, its officers, employees, agents, and elected officials from and against any and all liability, damage, claims, demands, costs, judgments, fees, reasonable attorney's fees or loss arising directly or indirectly out of the performance or failure to perform hereunder by District or third parties under the direction or control of District; and

(b) to provide defense for and defend, at its sole expense, any and all claims, demands or causes of action directly or indirectly arising out of this Agreement, except for that which was contributed to, caused by or resulting from the sole negligence of the County, and to bear all other costs and expenses related thereto; and

(c) In the event District does not provide the above defense and indemnification to the County, and such refusal or denial to provide the above defense and indemnification is found to be in breach of this provision, then District shall reimburse the County's reasonable attorney's fees incurred in connection with the defense of any action, and in connection with enforcing this provision of the Agreement.

(d) The District understands and agrees that the County self-funds its casualty and liability exposures in accordance with Local Law 6-1986 that amended the Laws of Westchester County to add a new Chapter 295 providing for the establishment and management of a liability and casualty reserve fund. As such, in lieu of any insurance requirements the District may have, the District agrees to accept a letter from the County's Director of Risk Management confirming the County's self-insured status, in satisfaction of any such insurance requirements.

Section 7. This Agreement may be terminated by either party by giving written notice of the termination to the other party not less than thirty (30) days prior to the effective date of such termination.

Section 8. All notices of any nature referred to in this Agreement shall be in writing and either sent by registered or certified mail postage pre-paid, or sent by hand or overnight courier, to the respective addresses set forth below or to such other addresses as the respective parties hereto may designate in writing. Notice shall be effective on the date of receipt.

Section 9. The failure of either party to insist upon strict performance of any term, condition or covenant herein shall not be deemed a waiver of any rights or remedies that the party may have, and shall not be deemed a waiver of any subsequent breach or default in the terms, conditions or covenants herein.

Section 10. This Agreement and its attachments constitute the entire agreement between the parties with respect to the subject matter hereof and shall supersede all previous negotiations, commitments and writings. It shall not be released, discharged, changed or modified except by an instrument in writing signed by a duly authorized representative of each of the parties.

In the event of any conflict between the terms of this Agreement and the terms of any schedule or attachment hereto, it is understood that the terms of this Agreement shall be controlling with respect to any interpretation of the meaning and intent of the parties.

Section 11. The District and the County agree that the District and its officers, employees, agents, subconsultants and/or consultants are independent contractors and not employees of the County or any department, agency or unit thereof. In accordance with their status as independent contractors, the District covenants and agrees that neither the District nor any of its officers,

employees, agents, contractors, subconsultants and/or consultants will hold themselves out as, or claim to be, officers or employees of the County or any department, agency or unit thereof.

Section 12. Nothing herein is intended or shall be construed to confer upon or give to any third party or its successors and assigns any rights, remedies or basis for reliance upon, under or by reason of this Agreement, except in the event that specific third party rights are expressly granted herein.

Section 13. This Agreement shall be construed and enforced in accordance with the laws of the State of New York. In addition, the parties hereby agree that for any cause of action arising out of this Agreement shall be brought in the County of Westchester.

If any term or provision of this Agreement is held by a court of competent jurisdiction to be invalid or void or unenforceable, the remainder of the terms and provisions of this Agreement shall in no way be affected, impaired, or invalidated, and to the extent permitted by applicable law, any such term, or provision shall be restricted in applicability or reformed to the minimum extent required for such to be enforceable. This provision shall be interpreted and enforced to give effect to the original written intent of the parties prior to the determination of such invalidity or unenforceability.

Section 14. This Agreement shall not be enforceable until signed by both parties and approved by the Office of the County Attorney.

APPENDIX 5 - PROTOCOLS FOR RESPONDING TO A STATE DISASTER EMERGENCY INVOLVING PUBLIC HEALTH FOR THE KATONAH-LEWISBORO SCHOOL DISTRICT (KLSD)

ACTIVATION

The following protocols have been developed to respond to a public health emergency. The directive to institute the below protocols will come directly from the Governor of New York, New York State Education Department, New York State Department of Health, Westchester County Department of Health, and other agencies in accordance with federal and state law.

PURPOSE:

This document has been developed in accordance with the amended New York State Labor Law Section 27-c and New York State Education Law 2801-a paragraph 2(m) (as amended by section 1 of part b of chapter 56 of the laws of 2016). These laws were amended by the passing of N.Y. State Senate Bill S8617B, and N.Y. State Assembly Bill A10832 on September 7, 2020 and amended by S1295, 2021 Leg. and A0980, 2021 Leg. on 2-12-21 that requires all public employers to prepare for state disaster emergencies involving public health. The plan includes the identification of essential positions, facilitation of remote work for non-essential positions, provision of personal protective equipment, and protocols for supporting contact tracing.

PROTOCOLS

DEFINITIONS

Essential shall refer to a designation made that a public employee is required to be physically present at a work site to perform his or her job. Such designation may be changed at any time in the sole discretion of the employer.

NYS Labor Law Section 27-c(1)(c).

Non-essential shall refer to a designation made that a public employee is not required to be physically present at a work site to perform his or her job. Such designation may be changed at any time in the sole discretion of the employer.

NYS Labor Law Section 27-c (1)(d).

Communicable disease shall mean an illness caused by an infectious agent or its toxins that occurs through the direct or indirect transmission of the infectious agent or its products from an infected individual.

NYS Labor Law Section 27-C (1)(e).

Personal protective equipment shall mean all equipment worn to minimize exposure to hazards, including gloves, masks, face shields, foot and eye protection, protective hearing devices, respirators, hard hats, and disposable gowns and aprons.

NYS Labor Law Section 27-c (1)(a).

1. IDENTIFICATION OF ESSENTIAL POSITIONS

In the event of a state ordered reduction of in-person workforce, below is a list of essential positions and descriptions.

NYS Labor Law Section 27-c (3)(a).

Position	Description
Administration	Superintendent, Asst. Superintendents and Building Administrators/Directors
Technology	Director
	Technicians
Faculty and Staff	Teacher/Related Service Provider/Nurses/Other
Support Staff	Clerical Staff/Other
Custodial and Maintenance	Director
	Maintenance Foreman
	Custodians
	Maintenance
Transportation	Bus Drivers & Attendants
Food Service	Food Service Director/Food Service Worker

2. TELECOMMUTING PROTOCOLS

Telecommuting Protocols

NYS Labor Law Section 27-c (3)(b)).

This section provides a list of non-essential position titles which require telecommunicating and equipment to carry out their role.

A non-essential employee shall refer to an employee who is not required to be physically present at a work site to perform his or her job and may perform his or her job remotely. There may be staff members who will not be able to telecommute, nor will they be able to work on campus. The need for these staff will be determined on a case-by-case basis and by job title.

KLSD Technology Department has protocols in place to allow most employees to work remotely as determined by the Superintendent, Assistant Superintendent and Departmental Supervisors. Equipment will be issued on as needed basis after the appropriate Administrator makes a formal request to the Director of Technology. A staff member in need of further equipment can make the request through their Administrator. The Director of Technology will then determine whether the equipment is essential and if so, make arrangements with the staff member to receive the equipment. Below is the listing of non-essential personnel who have been identified as needing equipment.

Non-Essential Position Titles
District Administrator
Building Administrator
District Office
Technology Department
Nurse
Clerical Support Staff
Teacher
Teacher's Assistant
Teacher Aide and Monitors

Downloading and installing software and data.

At KLSD, any equipment that is assigned to a staff member is preloaded with the appropriate software for that position. In addition, staff is encouraged to share documents using OneDrive. Some staff will be issued a VPN as needed, to allow for access to the departmental files and programs. The appropriate Administrator identifies the need for a VPN. The Director of Technology or their designee, and an Assistant Superintendent, will review this request, prior to the issuance of a VPN.

Transfer of phone lines to work or personal cell phone.

In the event of a pandemic, the district will use WebEx that will allow calls through employees' laptops.

3. STAGGERING OF WORK SHIFTS

This section provides a description of how the District will stagger work shifts of essential employees to avoid overcrowding on public transportation and at work sites.

NYS Labor Law Section 27-c (3)(c).

KLSD will have several options to comply with this requirement.

- The staff members who already have staggered work schedules will continue this procedure. 6 am through to 9 am are the normal arrival times with corresponding departure times for this cohort.
- If necessary, we use the pre-determined cohorts to stagger and alternate workdays. Depending upon the situation, KLSD may be 25% or 50% capacity following guidance from the NYSDOH and the Governor's Office.
- If necessary, we will limit the number of staff reporting to a skeleton crew to maintain the integrity of operations and facilities.

4. PERSONAL PROTECTIVE EQUIPMENT

This section provides a description of the protocol the District will implement to procure the appropriate personal protective equipment for essential employees, based upon the various tasks and needs of such employees in a quantity sufficient to provide personal protective equipment to each essential employee during any given work shift

This description includes a plan for storage of such equipment to prevent degradation and permit immediate access in the event of an emergency declaration.

NYS Labor Law Section 27-c (3)(d).

Plan to procure PPE

PPE will be purchased using the District bid process, if possible. Otherwise, any reliable source of PPE will be contacted for availability, and orders to fulfill PPE requirements outlined in the table below will be placed. KLSD Staff in conjunction with the appropriate departments will work together to find reliable sources. Duplicate orders will be placed if there is a potential issue with supply chains.

Minimum PPE Required

Type of PPE for each essential employee.

NYS Labor Law Section 27-c (3)(d).

Individual circumstances surrounding a pandemic may affect actual distribution of PPE.

Position			
Superintendent or Other Administrator (1)			
Director of Operations and Maintenance (1)			
Maintenance Foreman (1)			
Senior Custodians (5)			
Building Custodians/ Maintenance (7)			
Director of Technology (+ 1 staff)			
Faculty and Staff (10)			

PPE Storage

Plan for storage of PPE- please be aware that PPE stored in cardboard cases may absorb moisture over time, it is important that PPE cases be stored in secure, dry locations.

NYS Labor Law Section 27-c (3)(d).

PPE type	Storage Location
Masks (disposable)	School Building Custodial Office, Operations & Maintenance Y Building (John Jay High School Campus) Lewisboro Elementary School – Old Computer Lab
Gloves	School Building Custodial Office, Operations & Maintenance Y Building (John Jay High School Campus) Lewisboro Elementary School – Old Computer Lab
Face shields	School Building Custodial Office, Operations & Maintenance Y Building (John Jay High School Campus) Lewisboro Elementary School – Old Computer Lab

5. PROTOCOL FOLLOWING EXPOSURE

This section provides a description of the protocol in the event an employee is exposed to a known case of the communicable disease that is the subject of the state disaster emergency, exhibits symptoms of such disease, or tests positive for such disease in order to prevent the spread or contraction of such disease in the workplace.

This protocol outlines the actions to be taken to immediately and the plan to thoroughly disinfect the work area of any employee known or suspected to be infected with the communicable disease as well as any common area surface and shared equipment such employee may have touched. This section also includes policy on available leave in the event of the need of an employee to receive testing, treatment, isolation, or quarantine.

Such protocol shall not involve any action that would violate any existing federal, state, or local law, including regarding sick leave or health information privacy.

NYS Labor Law Section 27-c (3)(e).

Communicable disease definition - NYS Labor Law Section 27-c (3)(e).

We will follow current guidance from the Centers for Disease Control and Prevention (CDC) as well as state and local Department of Health guidelines.

For example:

1. All employees are instructed to complete a screening tool at least 45 minutes before arriving at work.
 - a. If they pass, they receive a notice that they are cleared to come to work.
 - b. If they do not pass, they receive a notice to stay at home until contacted.
 - c. The HR department or an administrator contacts each employee who does not pass the screening tool questionnaire. They get further information regarding the reason for the failing response.
 - d. Our district medical director reviews failures when needed and makes a determination. If there is a health concern, the employee is asked to follow posted NYSDOH protocols and procedures.
2. If, after arriving at work, an employee begins to experience symptoms related to the current pandemic, they will be instructed to return to their car or a designated isolation room within their building and to contact their supervisor for further instructions.
3. Supervisors will use pandemic protocol to this change in status to determine their immediate course of action.
4. After the employee leaves the area, their workspace is closed off until it can be cleaned. An effort is made to identify any spaces that they may have entered, and those areas will be closed off until they are cleaned. Surfaces will be disinfected with products that meet EPA criteria for use against the virus in question and which are appropriate for that surface.
5. ANY building occupants who have been exposed to that person may be identified as a contact and current DOH guidelines will be followed.

6. After receiving a positive test result, the employee is required to quarantine in accordance with the latest State directives.

7. DOCUMENTATION

This section contains the protocol for documenting hours and work locations, including off-site visits, for essential employees. Such protocol is designed only to aid in tracking of the disease and to identify the population of exposed employees in order to facilitate the provision of any benefits which may be available to certain employees on that basis.

(NYS Labor Law Section 27-c (3)(f).

The Human Resource Department in conjunction with departmental supervisors will keep a schedule for purposes of capturing employee hours and locations. Each supervisor will be responsible for maintaining the schedule for his or her department and ensure its accuracy. Visitors to campus are prohibited unless they are consulting essential business and are scheduled and approved in advance.

8. EMERGENCY HOUSING

This section provides the protocol for how the District will work with employer's locality to identify sites for emergency housing for essential employees in order to further contain the spread of the communicable disease that is the subject of the declared emergency, to the extent applicable to the needs of the workplace.

NYS Labor Law Section 27-c (3)(g).

Emergency housing for essential workers is not normally needed for school employees. If needed, the district will arrange for emergency housing for essential employees at the following on site areas:

- Each Building nurse's office
- Local Hotel

REQUIREMENTS DETERMINED BY THE DEPARTMENT OF HEALTH

Any other requirements determined by the department of health such as contact tracing or testing, social distancing, hand hygiene and disinfectant or mask wearing.

<p>POLICIES</p>	<p>The plan adheres to guidance set forth in the following Board of Education policies and regulations:</p> <p>Code of Conduct Policy 4526.1 - Internet Safety 4526.1-R – Internet Safety Regulation 4526.1-E.1 – Technology responsible Use for Elementary School Students 4526.1-E.2 – Technology responsible Use for High School & Middle School Students 4526.1-E.3 Regulation for District Employees and Approved 3rd Parties Policy 8630 – Computer Resources and Data Management 8630-R – Computer Resources and Data Management Regulation 2022-2025 Instructional Technology Plan</p>
<p>INTERNET AND DIGITAL DEVICE ACCESS</p>	<p>The school district provides all students in grades K-12 access to a personal computing device – iPads for students grades K to 7 and a MacBook Air for students grades 8 to 12. In the event of an emergency, closing provisions will be made to the greatest extent possible to ensure that all students have their device at home for instruction.</p> <p>The school district participates fully in the SED Digital Access Survey along with locally developed surveys to assess how many students have internet access at home. The district provides hotspots to any families that indicate a need for reliable internet to facilitate access to learning at home.</p> <p>All faculty should have an alternative general activity for students in the instance that widespread power outages or other disruptions to connectivity occur preventing synchronous connection. If students lose connectivity, then the expectation is they will complete the alternate assignment provided.</p>
<p>PEDAGOGY</p>	<p>All teachers in grades K-12 will use Schoology as their primary instructional platform. Additional resources will be provided based on the extent of the emergency.</p> <p>Several district provided instructional technology software programs are available to support instruction along with a wide array of other resources curated by faculty. Teachers will utilize these programs to differentiate instruction, accessing a variety of delivery methods that best suit their course, grade level, and teaching style. The instructional approach may include a combination of:</p> <p><u>Synchronous “Live” Instruction</u> - Using Cisco Webex along with other digital platforms, teachers will deliver real time instruction to a full group or subset of students. Teachers may incorporate asynchronous or project based opportunities within this model.</p> <p><i>Teachers will make personal connections with all students during scheduled class times via Webex Meetings through Schoology. These</i></p>

	<p><i>connections will allow teachers to take attendance, introduce new content or skills and will allow students to connect with their teachers and peers in order to be guided through lessons, ask questions, and maintain personal relationships. The duration of these synchronous connections depends on the grade level and daily instructional plan but should be the primary mode of instruction and substantial enough to guide learning.</i></p> <p><u>Asynchronous “Flipped” Instruction</u> - Using a variety of digital platforms, teachers will deliver captured or recorded lessons with associated expectations for students participation and assignment completion in Schoology. These activities may include teacher/student synchronous interactions for a portion of the lesson.</p> <p><u>Authentic Independent Instruction</u> - Using a variety of methods, teachers will engage students in high quality learning activities. These activities must engage students in the learning process. Teachers will provide assistance to students in this mode of instruction through asynchronous and synchronous methods outlined above.</p>
STUDENT EXPECTATIONS	<p>All students will receive information on how to access course material and instruction from their teachers. Students are expected to follow all directions and requests to participate in instruction to the fullest extent possible. During synchronous instruction students are expected to be school ready. This includes being on time for class, engaging fully through video and audio as directed by their teacher, and presenting themselves in a manner that is in accordance with school expectations.</p> <ul style="list-style-type: none"> • All students are expected to practice appropriate digital etiquette and responsible behavior during assigned Cisco Webex: <ul style="list-style-type: none"> ○ Mute yourself on meets as directed by your teacher ○ Cameras are to be kept on during classroom meets unless directed specifically by your teacher to do otherwise. • Students are expected to work in an appropriate setting when participating remotely / on-line. Work places may include a desk, table, kitchen counter, etc... Other locations are not appropriate or acceptable. • Student dress must be appropriate in all platforms - the Student Dress Code section of the Student Handbook / Code of Conduct applies to students in all platforms. <p>If there are any circumstances preventing full and appropriate participation the student should let the teacher know. As this is a required attendance day, students must fulfill expectations for satisfactory participation as determined by their teacher.</p>
DAILY SCHEDULE	<p>The virtual day will follow the same schedule framework as the HS, MS and Elementary School to which the student is assigned. As with all school schedules, appropriate breaks will be included in the daily schedule for students and faculty, including time for lunch. Students will attend all assigned classes at their scheduled time. The method of instructional delivery will vary to facilitate appropriate screen time per age level within these parameters.</p>

COMMUNICATION PROTOCOL: INTERVENTION	<p>Teachers will follow the same communication protocols that are established in school for addressing areas of academic or behavioral need. This includes a combination of email, phone calls, and academic/behavioral referrals to the administration. All effective strategies should be accessed to maintain effective communication.</p>
SPECIAL SERVICES	<p>School districts are required to implement supports, services and accommodations, as indicated in students' IEPs or 504 Accommodation Plans, to the best of their ability. NYSED recognizes that there may be limitations to implementing certain services or accommodations through remote instruction and as a result, encourages districts to apply a "lens of reasonableness" to their approach.</p>
NON- INSTRUCTIONAL SERVICES <ul style="list-style-type: none"> • TRANSPORTATION • FOOD SERVICE • MAINTENANCE • CUSTODIAL • CLERICAL/ ADMINISTRATIVE SUPPORT 	<p>When a school district is in remote session, non-instructional services may still be required to report to work to perform critical services related to their area of expertise. In the event that the change to remote instruction is due to a snow or other weather emergency, such change will likely impact transportation and other critical services. Decisions whether or not non-instructional employees should report to work will be made and communicated in real time by the appropriate supervisor or administrator based on whether services can be provided in a safe and efficient manner.</p>
