Tuckahoe Happenings

January 20, 2023

MESSAGE FROM THE SUPERINTENDENT

DR. AMY GOODMAN

We are less than a month away from February 15th, when the community will be asked to come out to the polls for a vote on a bond referendum to fund our 2023 Proposed Capital Project. This project includes a renovation and modernization of the Cottle Cafeteria; much-needed infrastructure repairs in the middle/high school building so that broken and deteriorated pipes and areas of the tunnel are fixed/replaced and partial roof replacements to ensure students/teachers have well-functioning heat and will no longer be assigned to classes because of leaks. New air conditioning and ventilation will be installed in all three schools to match the new wing air exchange systems for the health and wellness of the staff and students.

There are a number of ways you can learn more about this project. We have hosted a series of meetings, workshops, and coffees. <u>Click here for a podcast</u> detailing the full story of our recent facilities work and where the proposed capital project fits in. <u>Click here for a recording</u> of our recent virtual Town Hall with representatives from the Facilities Committee (including Board members, our business facilities manager, and contractors), where we took questions from our community members.

Again the vote takes place on February 15, 2023. Please note, this February vote date is unique as it falls early in the school year and on a Wednesday. The timing of this vote was to take advantage of state approvals that we have already received for the construction of the Cottle Cafeteria, so we can expedite the project to do the majority of the work this summer.

Soon, a mailer will be sent to all residents in the Tuckahoe community. On our <u>capital project</u> <u>website</u>, we have links to more information and a communication timeline. Thank you for all your support so that Tuckahoe can continue to lead the way!

Communication Timeline for Capital Project

December 12, 2023	Board of Education Meeting			
	The Capital Project is presented and the proposal is adopted by the Board of Education.			
	Board of Education Special Meeting and Workshop			
,	Dr. Goodman and Ms. Sparks provide a comprehensive facilities update and overview of the proposed Capital

Math in the Real World

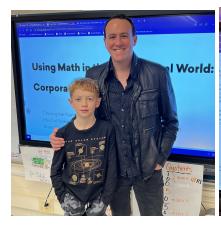

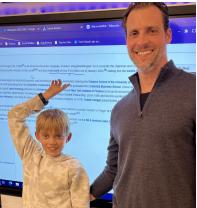

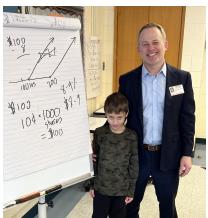

Math in the Real World continued this week with parents visiting fourth-grade math classes. Family members of students in Ms. Crotty, Mrs. Pappas, and Mrs. Quartararo's classes came in to share how they use math in their jobs and daily life. Thank you to Mrs. Lally, Mrs. Trinh, Mr. Haugh, Mr. Piacentino, Mr. Ferris, Mr. McGlone, Mr. Kindberg, and Mr. Carline!

Broken-Up Self-Portraits

Students in Ms. Heather Zemba's Art class were asked to take or use a picture of themselves and zoom in on just their face. Then divide the portrait up into nine equal rectangles. In each space they were to choose a different technique, style and/or medium. Here is our incredibly talented Advanced Art students with their Broken Up Self Portraits. Tuckahoe's art program leads the way. Tuckahoe Proud of our students and staff.

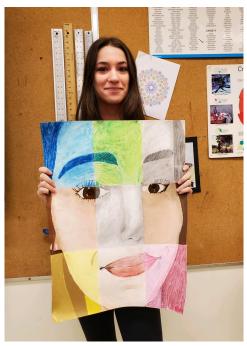

Broken-Up Self-Portraits, Continued
