REPERTORY COMPANY

HIGH SCHOOL FOR THEATRE ARTS

WE DO IT ALL

At Repertory our students do not declare majors in any one arts field but are exposed to exploring each aspect in the arts from performance, design, technical theatre, vocal, music theory and dance. We believe that each artistic discipline and academic subject informs the others. By exposing our students to these diverse experiences, we are able to help our students emerge ready for college, a career in the arts or any other path they may choose to pursue.
