

3rd Grade News

March 2018

Math

Third grade scholars have been working hard to understand division. We have learned how to use various strategies to model division. Some of these strategies include using an equal groups picture, a bar model, and an array. We have also learned how to divide with the numbers 0 and 1. We will continue our work this month by beginning our unit on fractions.

Notes from the teacher:

Please make sure your child reads every night for 20 minutes.

Please check to make sure your child completes their homework.

3/15-Parent Teacher Conferences

3/30-4/8-Spring Break (Look out for a spring break packet)

Reading/Writing

As the NYS ELA state test quickly approaches, our third graders have been learning strategies on how to tackle the multiple choice and short response questions on the state test. Our scholars are reading and rereading passages and thinking about what the question is asking them. When answering short response questions, third graders are making sure they answer the question and
