A Philip Randolph Campus High School

443 West 135th Street, New York, NY 10031 (212) 690 – 6800

www.aprandolph.com

The Academy of Engineering: The Academy of Engineering offers students the opportunity to explore careers in Engineering.

Students enrolled in the Academy of Engineering take courses designed by Project Lead the Way (PLTW), the leading provider of rigorous and innovative Science, Technology, Engineering, and Mathematics (STEM) education curricular programs in middle and high school across the United States. More information about PLTW can be found on their website www.pltw.org.

Students enrolled in the Academy of Engineering are also offered the opportunity to apply for membership in the National Society for Black Engineers (NSBE) which is an equal opportunity honors organization supported by CCNY. Students are also encouraged to participate in our Robotics team which took the Top Rookie Seed Award in 2012

The Academy of Medicine: The Academy of Medicine offers students the opportunity to explore careers in the health professions.

Students enrolled in the Academy of Medicine take courses such as Introduction to Health Careers, Anatomy and Physiology, Advanced Placement Biology or Psychology, and Science Research Methodology.

Students enrolled in the Academy of Medicine are also offered the opportunity to apply for membership in the prestigious Gateway to Medicine honors program through CCNY which offers several exclusive scholarship and enrichment experiences. Students in the Gateway program are also offered exclusive enrichment opportunities with the Sophie Davis School of Medicine located within CCNY.

The Academy of the Humanities: The Academy of the Humanities offers students the opportunity to explore the liberal arts as

they prepare for entry to a competitive college or university. Students enrolled in the Academy of the Humanities take courses such as Introduction to the Humanities, Research Methodology, The Language of Argument, and Film as Literature.

Students enrolled in the Academy of the Humanities are also encouraged to participate in additional enrichment courses such as AP US History, AP English Composition, and AP English Literature. Students in the Academy of the Humanities are invited to exclusive events with CCNY, Harlem Stage, and other cultural organizations with the NYC area.

The Dual Language Program: The Dual Language Program serves English Language Learner (ELL) students as well as

Bilingual Students in an immersive environment in which they are exposed to both Spanish and English language instruction in the following subject areas: History, English Language Arts, Science, and Mathematics.

A key feature of the program is the marriage of the English Language Arts (ELA) class and the Native Language Arts (NLA) class. The NLA class teaches the same reading and writing skills that students experience in the ELA class but conducts the class using Spanish language and texts. During the double period class both the ELL and non-ELL students will be exposed to ELA and NLA aligned instruction which will best prepare all of the students to meet the Common Core State Standards. Students in the

Dual Language Program are also placed in one of the three Academies and take the elective classes of their choice.

Extra-Curricular Activities: All APRCHS students are encouraged to participate in our full range of after school activities and clubs. APRCHS offers a wide range of PSAL sports which include Varsity Football, Boys and Girls Basketball, Baseball, Softball, Lacrosse, Swimming, Track and Field, Boys and Girls Soccer, Wrestling, and many more. Students are also encouraged to participate in our college preparatory organizations such as the College and Career Preparatory Institute (CCPI), Arista, Gateway, and NSBE. Students are also encouraged to participate in student government which plan events throughout the year.

Fall Open House

When: Thursday January 14th at 6 PM

Where: Google meet: meet.google.com/nwz-rwwz-oeu

Agenda: The Open House will begin with a presentation in the Auditorium at 6 PM sharp. The presentation will include an opening address by the Principal, Mr. Fanning, as well as a general overview of the academic programs, sports, and activities offered at Randolph. The presentation will be followed by the opportunity for guests to take a tour of the building where they will be able to visit several classrooms and discuss the academic programs, sports, and activities that interest them with students and faculty.

Information: For more information about the exciting academic programs at A Philip Randolph Campus High School, please visit our website at www.aprandolph.com

Register: If you are interested in attending APRCHS in the fall please contact our Parent Coordinator, Ms. Diana Perez, at Dperez40@schools.nyc.gov and provide your name, home school, home telephone number and preferred e-mail address.
