29	30	31 Martin Luther King, Jr. (January 15, 1929-April 4, 1968) was an African American clergyman, activist and prominent leader in the American civil rights movement. His main legacy was to secure progress on civil rights in the United States and he is frequently referenced as a human rights icon today. King's efforts led to the 1963 March on Washington, where King delivered his "I Have a Dream" speech. There, he raised public consciousness of the civil rights movement and established himself as one of the greatest orators in U.S. history. In 1964, King became the youngest person to receive the Nobel Peace Prize for his work to end racial segregation and racial discrimination through civil disobedience and other non-violent means.				

Habit #3

Put first things first

People who put first things first focus on the important, not just the urgent, act on priorities, plan weekly and act daily. You are putting first things first when you organize your time around the most important things and eliminate the unimportant.
