CARMEL CENTRAL SCHOOL DISTRICT

JOHN P. FINK

Assistant Superintendent for Business

<u>Introduction:</u> The school budget is the legal basis for the establishment of the Tax Levy. It is the official document, stated in financial terms, that defines the educational programs to be administered in the school system. The annual school budget process is essential to school district operations and serves as a means to improve communications within the school organization and with the residents of the school community.

Because of the continued complexity and cost of operating a school district, careful use must be made of limited State, Federal and local resources in order to benefit our students. Thoughtful planning will assure that these funds are directed to those purposes for which they are intended. It requires time and study to adequately understand a high-quality educational program and to express it in terms of its financial requirements. In order to effectively develop and administer the budget it is important to define what will be accomplished, how and when it will be accomplished, and the responsibility of each level of authority in meeting these objectives.

<u>Financial Condition:</u> The condition of the District's financial health begins with the Administration's development of reasonable budget estimates based on known historical and predictable future expenditures. Throughout the year, the Administration continuously monitors expenditures in the short-term by determining their necessity, but also in the long-term, by contemplating the potential for unforeseen financial needs.

Therefore, it is essential that the Administration develop reasonable budgets, manage fund balance to sustain operations, satisfy long-term obligations, and address unanticipated expenditure increases and/or revenue shortfalls.

One of our goals was to increase community involvement and awareness of the budget development process. The presentation slides, budgets and audit documents have been posted to the District's website.

<u>Community Budget Forum:</u> An open forum was organized in order to provide community members with opportunities to share feedback and ask questions about the budget. The forum was strategically scheduled during the budget development process to assist the District in its decision-making before budget adoption. It was intended to help the community to better understand what the budget represents and how it supports our goals to ensure that all children are successful. In addition, the questions posed during the budget forum were shared with the community electronically to solicit their feedback as well. The data collected from both was shared with both the administration and the board of education.

The development of the District's budget begins in December when educational programmatic requests, and their associated expenditures, are proposed and discussed with the Administration. Each of these requests is considered in relation to District goals and in comparison to available funding. Difficult decisions are often made in order to develop a balanced budget that is acceptable

to the residents of the school community, while still meeting the needs of our students. It is our belief that this budget represents the best spending proposal to improve the educational outcomes for all of our students.

2022-23 Budget Developments: Many factors affect the budget at varying degrees of impact. Below are some of the most significant budget drivers for next year:

- Real Property Taxes ("Tax Cap"): Carmel remains compliant with the State-mandated "Tax Cap" for the eleventh consecutive year. The proposed Tax Levy increase for next year is 0.97%, which is well below the 3.57% benchmark established by the complex "Tax Cap" formula determined by New York State. Over the past ten years, the District's average annual Tax Levy increase is just 1.625%.
- State Aid: The enacted State Aid budget increased Carmel's allocation by a healthy \$3.1M, mostly due to an increase in Foundation Aid. Carmel has been historically underfunded within the past several years in Foundation Aid, as many other local districts experienced. Additional Federal stimulus will be allocated over the next several years, as the State continues its financial recovery from the COVID-19 pandemic.
- Staffing: Carmel has experienced an increased number of employees opting to retire effective 6/30/2022 than in an ordinary year. Less experienced, new employees are typically compensated at lower levels than the retirees they are replacing, which provides budgetary relief. This relief is reflected in the budget and is typically referred to as breakage. The proposed budget includes reductions in the following staffing areas for next year:

```
    3.0 FTE Teachers - Elementary - Attrition
    1.0 FTE Teacher - GFMS - Math - Layoff
    1.0 FTE Teacher - GFMS - Science - Layoff
    1.0 FTE Teacher - GFMS - Social Studies - Layoff
    1.0 FTE Teacher - GFMS - English - Layoff
    1.0 FTE Teacher - CHS - English - Layoff
    1.0 FTE Teacher - CHS - Music - Attrition
```

It is important to note that reductions in teaching positions, whether traditional classroom positions or interventionist positions, directly or indirectly lead toward increase class sizes for all students.

• Salaries & Benefits: Like all service organizations, salaries & benefits represent the largest budget expenditures, comprising approximately 75% of District spending. All employees in the District function under an employment contract. Most employee wages are established through collectively bargained salary schedules with guaranteed annual increments called "steps". These schedules were established decades before the "Tax Cap" came into existence, and annual "step" increases range from 1.0% to 5.7% across the different collective bargaining units: CSEA, Carmel Building Heads Supervisory Association, Carmel Cafeteria Association, Carmel Paraprofessional Staff Association, Carmel Office Staff Association, Carmel Teaching Assistants Association, Carmel Teacher's Association, and the Carmel Administrators Association. Management Confidential employees are not included in collective bargaining units and receive annual increments that are negotiated individually, but largely reflect the salaries and benefits included in the other collective bargaining units' contracts. During difficult budget cycles, the unfortunate reality is that salaries & benefits represent the largest expenditure categories and reductions to staffing and services are likely the only options available for closing a significant budget gap.

New York State requires that school districts establish a contingency spending plan in the event that the Board of Education's proposed budget does not receive voter approval. The law is very specific regarding the limit of the contingent budget-to-budget increase. Should Carmel be required to adopt a contingency budget for the 2022-23 school year, it would carry a tax levy increase of 0%. For 2022-23 the amount of the contingent budget would be \$133,817,821. To meet the contingent budget, it would require an additional \$956,366 in reductions to the proposed budget.

Under a contingent budget, the district must continue to honor all contracts, all state-mandated items and all items necessary for the educational program, health and safety of students and staff, and the preservation of district property. In the event that CCSD must adopt a contingency budget, the district may not purchase equipment or buses. Additionally, the District may make reductions in programming, activities, supplies and staffing.

Carmel Central School District Fund Balance

At the end of a fiscal year, fund balance is generated from either under spending the budget, taking in additional revenue, or a combination of both.

- <u>Assigned</u> A portion may be applied as revenue to the operating budget for the following year.
- <u>Unassigned</u> Not identified for a specific purpose. Allowed to maintain up to 4% of the ensuing budget.
- <u>Restricted</u> Special accounts established through BOE action to provide for a specific identified purpose (reserves).

Carmel Central School District Fund Balance & Reserves as of June 30, 2021

• Reserve for Encumbrances – \$1,130,131

This reserve is for expenditures for the 2019-2020 school year that were not yet received and/or paid by June 30, 2020. They include items such as health services for our students attending private schools in other districts, unbilled tuitions for May and June and other goods and services that were purchased in the 4th quarter that had not been paid for. These items are normally paid during the months of July and August. Another way of looking at the reserve is that it is like accounts payable. This reserve is created and used each year.

• Reserve for Tax Certiorari – \$2,000,000

This reserve is for expenditures that arise when taxpayers in the District challenge the assessments of their property and file lawsuits to have their assessments lowered. In many cases the lawsuits go back several years and, as such, can lead to large judgments against the District. This reserve can be accessed via BOE resolution.

• Reserve for Employee Benefits – \$3,551,441

This reserve is for expenditures related to contractual obligations for retirees, such as the payment of unused sick and personal days. This reserve can be accessed via BOE resolution.

Carmel Central School District Fund Balance & Reserves as of June 30, 2021

• Reserve for Retirement Contributions – \$500,000

This reserve is set up to specifically offset the employer contributions to ERS. The district used the full reserved amount in 2014-2015 and the reserve currently has a zero balance. This reserve can be accessed via BOE resolution. It can also be allocated to the revenue budget during the budget creation process.

• Appropriated Fund Balance – \$2,200,000

This is the amount that the BOE used to reduce the amount of the tax levy for the 2021/2022 school year. The District plans on appropriating \$1,100,000 for the 2022/2023 school year's tax levy. The appropriation will be finalized during July and August 2022.

• Capital Reserve - \$1,603,717

This reserve was created with voter approval in May 2015. This reserve fund allows the District to set aside money for future construction projects and improvements of facilities. Voter approval is required to withdraw any funds from the account after a resolution is passed by the BOE.

• Unreserved-Undesignated Fund Balance - \$5,276,655

This is the maximum amount of unreserved-undesignated fund balance that CCSD is allowed to have by law. The maximum equates to 4% of the current year's budget.

Carmel Central School District Debt Service

Debt Service Fund: The fund used to record payments of principal and interest on capital debt. The use of this fund by school districts is optional except where a mandatory reserve for debt service is required as a result of having sold school property on which there is outstanding debt, or where unexpended proceeds of borrowings, earned interest, bond premium, or accrued interest are being retained to offset future payments on principal and interest. Most school districts pay debt service on capital debt directly from the General Fund.

Carmel Central School District Tax Levy

<u>Tax Levy:</u> The total sum of taxes to be raised by the school district after subtracting all other revenues and State Aid. The tax levy is used to determine the tax rate for property owners in each of the municipalities located within the school district's boundaries. Each municipality within the school district is assigned a share of the total tax levy. Equalization rates are applied to take into account for differences in assessment practices among the municipalities.

Allowable Tax Levy (ATL): The maximum tax levy permissible under the "Tax Cap" legislation requiring a simple majority (50% +1) voter approval for passage.

Tax Rate Calculation (Simplified)

```
Town Assessed Value / Equalization Rate = FV (Town Full Value)

Town FV / District FV = Town Share of Levy

Town Share of Levy / Town Assessed Value X 1000 = Town Tax Rate
```

Revenue Sources – New York State Aid

New York State Aid – Funds allocated by wealth and demographic need to school districts to support various functions of operation. Until the State budget is enacted, the school district's State Aid is not finalized, and estimates must be used. The State deadline for enacting its budget is April 1st; however, it is not uncommon for the State to miss that deadline. Nevertheless, school districts must estimate State Aid and present their budgets to voters by the third Tuesday in May.

Carmel Central School District Contingency Budget

What is a contingency budget and why would we need one?

- If the budget vote fails twice, the District must adopt a contingency budget which has many requirements including:
 - No increase to the prior year's tax levy
 - Expenditure budget cannot increase by more than 120% of CPI
 - No purchases of buses or equipment
 - Capital Outlay project are not permitted
 - Administrative Component of Budget is limited to prior year's % of total budget
 - To the extent aid is specifically designated for the purchase of equipment (computer hardware), such equipment can be considered an ordinary contingent expense.
 - No use of school facilities by outside groups (unless costs are reimbursed)
 - Taylor law must apply to consider ordinary contingent expense
 - Certain field trips are eliminated (unless fully reimbursed)

Contingency Budget

Budget Vote: May 17, 2022, 6 a.m. - 9 p.m.

A list of candidates who will be on the ballot is available on our website at bit.ly/CCSDBOE.

What You Will See on the Ballot

Voters will be asked to consider a proposition for the annual budget and vote for Board of Education members on this year's ballot.

Proposition #1: Basic Budget

The budget proposition asks voters to consider the proposed school budget for 2022-23. This is how it will appear on the ballot:

Shall the Board of Education be authorized to expend the sum of \$134,774,187 during the 2022-2023 school year as a basic budget?

School Board Candidate Elections

There are three (3) Board of Education seats up for election this year. All residents may vote on the three available seats, as well as the district's budget.

The seats will be filled by the three candidates with the highest number of votes for three (3)-year terms, commencing July 1, 2022, and expiring on June 30, 2025.

Voting Information

If you are registered for general elections in the county where you reside (Putnam or Dutchess), you are eligible to vote on May 17. You may register with the County Board of Elections by mail or through the New York State Department of Motor Vehicles website until May 12, 2022.

Voting Locations

Registered voters must vote at their designated polling place based on address. In you are unsure of your polling place, please contact Joanne Stevens, district clerk, at 845-878-2094, ext. 201.

Patterson Residents:

CCSD Administrative Office, 81 South Street, Patterson

Kent/East Fishkill Residents:

The Carmel Schoolhouse News

Budget Edition

2022-2023 Proposed Budget

At the April 19 meeting, the Carmel Central School District Board of Education adopted a proposed \$134,774,187 spending plan for the 2022-2023 school year. The adopted spending plan represents a 2.17% increase over the 2021-2022 budget and will rely on a proposed 0.97% tax levy increase.

We believe that we have prepared a budget that recognizes and addresses the challenges of the current economy for our schools and the community. We are proposing a 0.97% tax levy increase that is substantially lower than our calculated allowable tax levy limit of 3.57%.

On average, this 0.97% increase represents an annual tax bill increase of approximately \$87-\$96 for property owners in the Carmel Central School District. *See more information on how the proposed tax levy increase may affect your tax bill on page 2.*

Similar to prior years, the work to create the proposed 2022-2023 budget included difficult decisions on where and what to reduce in order to meet the needs of our students, as well as understand the challenges of a tax increase for our community. Every area of our operating budget was examined when creating this spending plan to present to the community.

The proposed 2022-23 budget includes the following cost reductions:

- Breakage with salary/retirements: \$600,000
- Continuing Education: \$67,000
- Supplies: \$41,186
- Transportation: \$30,000
- Building and Grounds: \$30,000
- Staff Reductions:
 - Middle School: 4.0 FTEs* \$560,000
 - Elementary Schools: 3.0 FTEs \$420,000
 - High School Electives: 2.0 FTEs \$280,000 *FTE = Full-time equivalent/full-time employee

This newsletter provides an overview of the proposed budget that taxpayers will vote on May 17, how tax bills may be affected, polling locations, Board of Education candidates up for election and more. Our website, carmelschools.org, also includes more information and details about the proposed 2022-2023 school budget as well as an archive of Board of Education meetings where the budget was discussed during the past few months.

Remember, your vote is important and every vote counts. Thank you for your support of our District and your continued partnership as we work together to educate the whole student to become lifelong learners in an ever-changing world.

We hope to see you at the polls on May 17!

Making Sense of Your Tax Bill

Carmel Central School District is proposing an increase to its tax levy by 0.97% for 2022-23. However, your overall tax bill may change by a different percentage if:

- The value of your property has changed;
- Your STAR reimbursement has changed; or
- The proportion of school taxes paid by homeowners in your township changes.

How is your final school tax bill and tax rate set?

Your school tax bill and tax rate are determined by a combination of three factors, one of which is outside the district's control:

- 1. **School Tax Levy:** The total amount of money a school district needs to collect from property owners each year (\$134,774,187 in the 2022-23 proposed budget). This is a 0.97% increase proposed for 2022-23, which is less than the district's tax cap of 3.57%.
- State School Tax Relief Program (STAR): Partial school tax exemptions for owner-occupied homes. The Basic STAR and Enhanced STAR savings for each township can be found online: www.tax.ny.gov/pit/property/star/ ex index.htm.
- Property Assessments: Estimates of the value of how much a property would sell for under normal conditions. This information is determined by your town's assessor.

Once all factors are set, the final tax rate determines how much of the total tax levy each property owner pays.

How would the Proposed Budget Impact my Tax Bill?

With the proposed 0.97% tax levy increase, a Carmel Central School District home with a taxable assessed value of \$350,000 will likely see an annual tax bill increase of approximately \$87-\$96. However, the figures provided assume School Tax Relief Program (STAR) exemptions, no change in the town assessed value, and no changes in the equalization rates.

The school district has no control over changes to town assessed values or equalization rates. These are subject to change as determined by each town and generally not set until later this summer. Any changes to those values could result in different annual tax changes for district homes.

Transportation Purchase/Lease Program

For the last several months, the Board of Education has been exploring the option to lease our bigger buses while continuing to purchase smaller buses and suburbans. The district's current 114-bus fleet ranges in age up to 20 years old, with 63 buses currently in the 10-20-year range. The average life span of a bus is 10 years. The move toward leasing buses, rather than purchasing buses, will allow the district access to newer, state-of-the-art buses with fewer repair and maintenance costs that are associated with aging buses.

The costs associated with moving to such a program are factored into the proposed 2022-23 budget and the impact on future years' budgets are outlined below:

Under a contingent budget, the district must continue to honor all contract, all state-mandated items, and all items necessary for the educational program, health and safety of students and staff, and the preservation of district property. In the event Carmel Central School District must adopt a contingent budget, the district may not purchase equipment, buses, or capital items. In addition, staff and athletics would be considered for reduction and/or elimination.

| Estimated Basic STAR Exemption Savings ¹ Towns of Carmel, Patterson, and Southeast ² | \$1183 |

The annual budget vote for the fiscal year 2022-23 by the qualified voters of the Carmel Central School District, Putnam County, New York, will be held at Carmel High School, Kent Elementary School and the Carmel Central School District Office in said district on Tuesday, May 17, 2022 between the hours of 6:00am and 9:00pm, prevailing time in the aforementioned school(s) in said district, at which time the polls will be opened to vote by voting ballot or machine.

- 1. The basic school tax relief (STAR) exemption is authorized by section 425 of the Real Property Tax Law.
- 2. Town of Kent: \$1192 Town of East Fishkill: \$988 Town of Putnam Valley: \$1212

What Happens if the Budget is Not Approved?

If the proposed 2022-23 budget does not receive voter approval from the May 17 vote, by law, the Board of Education has two options:

- The proposed budget may be placed before the voters with or without changes for a second vote.
- The Board of Education may adopt a budget that carries a 0% tax levy increase.

Contingency Budget

New York State requires that school districts establish a contingency spending plan in the event that the Board of Education's proposed budget does not receive voter approval. The law is very specific regarding the limit of the contingent budget-to-budget increase. Should Carmel be required to adopt a contingency budget for the 2022-23 school year, it would carry a tax levy increase of 0%. For 2022-23 the amount of the contingent budget would be \$133,817,821. To meet the contingent budget, it would require an additional \$956,366 in reductions to the proposed budget.

Under a contingent budget, the district must continue to honor all contracts, all state-mandated items and all items necessary for the educational program, health and safety of students and staff, and the preservation of district property. In the event that CCSD must adopt a contingency budget, the district may not purchase equipment or buses. Additionally, the District may make reductions in programming, activities, supplies and staffing.

Form Due May 9, 2022

2022-2023 Salary Threshold = \$150,000

In response to legislative efforts to encourage greater cost sharing in service provision and local government administration, we now provide a section for districts that share administrative staff to highlight these efforts for the upcoming school year. Each sharing district should identify in the form the other district(s) with which they will be sharing administrative staff for school year 2022-2023.

If you will be sharing a Superintendent, list the other district (or districts) in the text box. If you will be sharing other administrative staff required to be reported, please send an email to EMSCMGTS@nysed.gov indicating the title of the staff persons(s) as well as the other district(s) involved in the cost-sharing.

The salaries, benefits and other compensation reported in the form should reflect only the financial support or commitment that your district will be making. They should **not** reflect the total amounts budgeted to be paid by all participating districts over the school year.

CARMEL CSD - NEW YORK STATE REPORT CARD [2020 - 21]

The New York State Report Card is an important part of the Board of Regents' effort to create educational equity and raise learning standards for all students. Knowledge gained from the report card on a school's or district's strengths and weaknesses can be used to improve instruction and services to students. The report card provides information to the public on school/district staff, students, and measures of school and district performance as required by the Every Student Succeeds Act (ESSA). Fundamentally, ESSA is about creating a set of interlocking strategies to promote educational equity by providing support to districts and schools as they work to ensure that every student succeeds. New York State is committed to ensuring that all students succeed and thrive in school no matter who they are, where they live, where they go to school, or where they come from.

Due to COVID-19 and changes to New York State testing, accountability, and federal reporting requirements, 2021-22 district and school accountability statuses are the same as those assigned for the 2020-21 school year. For informational purposes, accountability graduation rates and chronic absenteeism data are reported. August 2020, January 2021, and some June 2021 Regents examinations were canceled. For more information, please see the NYSED Waiver Memorandum and NYS Board of Regents Announcement.

2021-22 ACCOUNTABILITY STATUS

Due to COVID-19 and changes to New York State accountability and federal reporting requirements, 2021-22 district and school accountability statuses are the same as those assigned for the 2020-21 school year.

CARMEL CENTRAL SCHOOL DISTRICT

JOHN P. FINK

Assistant Superintendent for Business

Glossary of School Business Terminology

Administrative Budget Component: One of three categories that must be reported by school districts in the component three-part budget. These expenditures include: office and administrative costs; salaries and benefits for certified school administrators who spend 50 percent or more of their time performing supervisory duties; data processing; supplies; legal fees; property insurance; and school board expenses.

Adopted Budget: The budget proposal adopted by the Board of Education and presented to the voters at the Annual Meeting and Budget Vote.

Allowable Tax Levy (ATL): The maximum tax levy permissible under the "Tax Cap" legislation requiring a simple majority (50% +1) voter approval for passage.

Annual Meeting and Budget Vote: The purpose of the Annual Meeting is to conduct the annual election of board of education members and votes involving the budget and expenditures of money, and to authorize the levy of taxes. School districts must hold their vote (Annual Meeting) on the third Tuesday in May.

Appropriated Fund Balance: A portion of a district's total fund balance from the previous fiscal year that is applied as revenue to the following year's budget. This equates to a budgeted loss in revenue which is offset by contingency in the expenditure-side of the budget. It can also be used to reduce the tax levy.

Approved Budget: A budget approved by voters at the Annual Meeting and Budget Vote. If voters do not approve the Board of Education's adopted budget, a district may present the same budget or a revised budget for a re-vote. After two defeated proposals, the Board of Education must adopt a contingency budget.

Assessed Value: The value of a property as determined by the local property assessor, measured in units of assessment (not dollars). This value can change annually (or more frequently) based on changes made by the assessor, relative to changes in market value.

Assessment Roll: A list of all properties and their assessed value in the municipality. Since the assessment roll is not typically finalized until August, tax rates cannot be established until the assessment roll is complete.

Board of Cooperative Educational Services (BOCES): A collaborative group of component school districts in a region that share instructional, administrative, and technology services.

BOCES Aid: State Aid received as a reimbursement for participating in cooperative services, or coser's, related to instructional, administrative, and technology expenditures.

Bond: A long-term debt instrument used to finance construction or other obligations over a specified period of time at a specified interest rate. Terms typically range from 5-30 years, depending on the nature of the construction or other obligation.

Cultivating Opportunities

Bond Anticipation Note (BAN): A short-term debt instrument used to finance construction or other obligations over a specified period of time (less than one year in duration) at a specified interest rate. BANs can be renewed annually for up to 5 years before General Municipal Law requires the issuance of a bond.

Budget: A plan of financial operation which outlines the estimates of proposed expenditures for a fiscal year and the proposed means of financing them.

Budget Calendar: The schedule of key dates that the school district, Board of Education, and administrators follow in preparation, adoption, and administration of the budget.

Building Aid: State Aid provided to offset principal and interest obligations on debt incurred to construct and/or renovate school buildings.

Capital Budget Component: One of three categories that must be reported by school districts in the component three-part budget. These expenditures include: all transportation capital, debt service, and lease expenditures; legal judgments and settled claims; custodial costs and all facility costs, including service contracts, supplies, utilities, maintenance, repairs, construction, renovation, debt and leasing costs.

Capital Fund: The fund used to account for capital improvement and acquisitions. Capital projects are budgeted on an individual project basis since legal and contractual requirements will vary from one project to another. The initiation and implementation of a capital project generally requires voter authorization of the funding which may take the form of either obligations (debt) or interfund transfer (fund balance).

Consumer Price Index (CPI): An index of prices used to measure the change in the cost of basic goods and services in comparison with a fixed base period. It can be used as a factor in calculating the Allowable Tax Levy ("Tax Cap"), which stipulates 2% or the change in CPI, whichever is less.

Contingent Budget: Under NYS law, school boards can submit a budget to voters a maximum of two times. If the proposed budget is defeated twice, the Board of Education must adopt a contingency budget which places a cap on new spending. Under a contingent budget, the tax levy is limited to a 0% increase from the prior year. Items exempt from a contingent budget include: tax certiorari settlements, debt service (mortgage payments), and costs associated with ensuring the health and safety of students, staff, and property.

Contractual Services: agreements with outside organizations for providing instructional, administrative, maintenance, financial, and other services.

Debt Service Fund: The fund used to record payments of principal and interest on capital debt. The use of this fund by school districts is optional except where a mandatory reserve for debt service is required as a result of having sold school property on which there is outstanding debt, or where unexpended proceeds of borrowings, earned interest, bond premium, or accrued interest are being retained to offset future payments on principal and interest. Most school districts pay debt service on capital debt directly from the General Fund.

Employee Benefits: Amounts paid by the district on behalf of employees, subject to provisions of collective bargaining agreements and the Constitution of the State of New York. These amounts are not included in the gross salary. They are fringe benefits, and while not paid directly to an employee, are part of the total cost of the employee. Employee benefits include the district cost for health insurance premiums, dental insurance, life and disability insurance, Medicare, pensions, social security, and other fringe benefits.

Employee Benefits Accrued Liability Reserve: The purpose of this account is to reserve funds for the payment of any accrued employee benefit (ie: unused sick and/or personal days) due an employee upon termination of the employee's service. This reserve fund may be established by a majority vote of the board of education and is

Cultivating Opportunities

funded by budgetary appropriations and such other reserves and funds that may be legally appropriated (General Municipal Law, §6-p).

Employee Retirement System (ERS): The State-operated pension systems eligible for participation among non-certificated staff (ie: bus drivers, cleaners, aides, office staff, etc.). ERS operates on an April 1 to March 31 plan year, consistent with the State's fiscal year.

Encumbrance Reserve: This reserve allows a school district to pay for items ordered in the current fiscal year, but not yet received until the subsequent year, using funds budgeted in the current fiscal year without affecting the subsequent year's budget.

Equalization Rate: A ratio determined by New York State used for determining the market value of a property in one municipality as compared to that of another when assessed value is not representative of market value. For school districts, the equalization rate helps determine how the tax levy will be allocated among the municipalities located within the school district's boundaries. A municipality that has an equalization rate of 100% means that the municipality is assessing property at market value. A municipality that has an equalization rate of less than 100% means that the municipality is assessing property below market value.

Equipment: Assets with an initial, individual cost of more than \$10,000 and an estimated useful life in excess of one year.

Every Student Succeeds Act (ESSA) Grant: Federal grant program to supplement professional learning and improve student performance among high-need students.

Excess Cost Aid: State Aid provided to offset expenditures incurred in providing instruction to students with disabilities.

Expenditure: Payment of cash or transfer or property or services for the purpose of acquiring an asset or service.

Federal Insurance Contribution Act (FICA): The application of Social Security tax (6.2% [subject to income ceilings]) and Medicare tax (1.45%) on employee salaries.

Fiscal Year: The accounting period on which a budget is based. The New York State government operates on an April 1 to March 31 fiscal year. All school districts in New York State operate on a July 1 to June 30 fiscal year.

Foundation Aid: State Aid provided to offset expenditures incurred in providing a Free Appropriate Public Education. Foundation Aid represents the largest component of total State Aid provided to school districts.

Full-Time Equivalent (FTE): A unit of measure which is equal to one full-time annualized position. An employee assigned to work 80% of the time would have an FTE of 0.8.

Fund Balance: A fund balance is created when a school district has money left over at the end of its fiscal year from either under-spending the expenditure budget and/or receiving additional revenue above the revenue budget. Part of the fund balance (appropriated fund balance) may be applied as a budgeted loss in revenue in the following year's budget. A portion may also be set aside (unreserved/unappropriated fund balance) to pay for emergencies or other unforeseen expenses. Under NYS law, the amount unreserved/unappropriated may not exceed 4% of the following year's budget.

General Fund: The major operating fund of a school district. It receives all income not specified for a particular program or activity and not specified by law to be deposited in another fund. The annual spending plan must be approved by voters at the Annual Meeting and Budget Vote.

Homestead: residential properties within the tax base.

Cultivating Opportunities

Individuals with Disabilities Education Act (IDEA) Grant: Federal grant program to supplement programs for students with disabilities.

Non-Homestead: commercial properties within the tax base.

Payment in Lieu of Tax (PILOT): generally refers to payments made pursuant to statute or contract to taxing jurisdictions equal to the amount, or portion of the amount, of real property taxes that would have been levied by or on behalf of the taxing jurisdiction if the real property was not tax exempt. PILOTs are often included as part of an Industrial Development Agency (IDA) agreement with a commercial or industrial project that is receiving financial assistance for the duration of the project. The property is typically taken off the tax roll and payments in lieu of taxes are made instead.

Program Budget Component: One of three categories that must be reported by school districts in the component three-part budget. These expenditures include: salaries and benefits of teachers and supervisors who spend the majority of their time teaching; instructional costs such as supplies, equipment, contractual costs, and textbooks; also transportation operating costs.

Proposed Budget: The spending plan developed by school administrators prior to adoption by the Board of Education. School districts are required by New York State to show their proposed budgets in three component categories: administrative, program, and capital.

Retirement Systems Contribution Reserve: The purpose of this account is to fund employer retirement contributions i.e., any portion of the amount(s) payable by an eligible school district to the New York State and Local Employees' Retirement System (ERS), pursuant to Sections 17 or 317 of the Retirement and Social Security Law. A referendum is not required either to create or expend moneys from the reserve. Teachers' Retirement System (TRS) contributions are not eligible to be reserved.

Revenue: Sources of income financing the operation of the school district.

Rollover Budget: a budget projection which accounts for the same staffing and programs as the current year, adjusted for required contractual increases in salaries and other mandated expenditures.

Salaries: The total amount paid to an individual, before deductions, for services rendered while on the payroll of a school district.

School Lunch Fund: The fund used to account for revenues and expenditures in connection with the school district's food service program. The estimated expenditures must balance with the estimated revenues, interfund transfers, if any, and fund balance.

School Tax Relief (STAR) Program: A State program which provides an exemption for school taxes paid for all owner-occupied, primary residences, subject to income limitations. An enhanced exemption is provided to senior citizens, subject to income limitations.

Special Aid Fund: The fund used to account for revenues and expenditures in connection with Federal and State funded grants operated by the school district. Budgets are determined when specific grants are awarded by the funding agency. The board of education should approve each program/grant budget and should appropriate the funds by resolution. For grants which extend beyond June 30, budgets may be re-established in the next fiscal year without additional board of education approval.

State Aid: Funds allocated by wealth and demographic need to school districts to support various functions of operation. Until the State budget is enacted, the school district's State Aid is not finalized and estimates must be used. The State deadline for enacting its budget is April 1st; however, it is not uncommon for the State to miss

that deadline. Nevertheless, school districts must estimate State Aid and present their budgets to voters by the third Tuesday in May.

State Education Department (SED): The New York administration department that oversees public elementary and secondary education.

Supplies: Consumable materials used in the operation of the school district including food, textbooks, paper, pencils, office supplies, custodial supplies, material used in maintenance activities and computer software.

Tax Base: The combined assessed value of all properties within a school district's boundaries subject to levying the necessary taxes to fund annual operations.

Tax Base Growth Factor: is derived using a "quantity change factor," which is calculated by the NYS Department of Taxation and Finance. It measures brick & mortar construction and/or significant additions to existing properties, which increase the size of the tax base.

"Tax Cap": See Allowable Tax Levy (ATL).

Tax Certiorari: The legal process by which a property owner can challenge the assessed value assigned to a property in attempt to reduce the property's assessment and real estate taxes.

Tax Certiorari Reserve: Chapter 588 of the Laws of 1988 amended Section 3651 of the Education Law to permit the establishment of a reserve fund for tax certiorari and to expend from the fund without voter approval of the qualified voters of the school district. This reserve is used to pay consent judgments on tax refunds dating back up to four years prior.

Tax Levy: The total sum of taxes to be raised by the school district after subtracting all other revenues and State Aid. The tax levy is used to determine the tax rate for property owners in each of the municipalities located within the school district's boundaries. Each municipality within the school district is assigned a share of the total tax levy. Equalization rates are applied to take into account for differences in assessment practices among the municipalities.

Tax Rate: The amount of tax paid for each increment (usually \$1,000) of assessed value of property.

Teachers' Retirement System (TRS): The State-operated pension systems eligible for participation among certificated staff (ie: teaching assistants, teachers, and administrators). TRS operates on a July 1 to June 30 plan year, consistent with the school district's fiscal year.

Transportation Aid: State Aid provided to offset expenditures incurred in providing transportation services to students. Additional transportation aid is received when purchasing transportation capital equipment, such as vehicles or garage equipment.

Unemployment Benefits Reserve: This reserve fund is used to pay the cost of reimbursement to the State Unemployment Insurance Fund for payments made to claimants where the school district or BOCES has elected to use the benefit reimbursement method, in lieu of contributions under Article 18 of the Labor Law. The reserve may be established by board action and is funded by budgetary appropriations or funds from other reserves.

Unreserved/Unappropriated Fund Balance: A school district is permitted to retain up to 4% of its total fund balance unreserved and unappropriated. These funds are available for emergency repairs and other unforeseen occurrences.
