

Thunder

I remember when I was three years old and my grandma went to the pet store. I was excited because she was going to get my first dog!

After a while, she came back with my dog and he was bigger than I expected! We named him Thunder because we like the basketball team. He licked me a couple times.

Later on, he had to go into his cage because he had to go to sleep and so did I. When I went to sleep, I was thinking about playing with him the next day.

I will always remember when I got my dog, Thunder. I still have him and I still play with him all the time!
