**Also featuring a panel of High School seniors reflecting
on the application process**

Please join us for a special afternoon where high school students in New York City will have the opportunity to meet with various alumni, current college students and graduating seniors. Throughout the year, we will feature various keynote speakers and various panel presentation, so that students can get as much prep info for their college applications. We also provide various small working groups throughout the year so that students can get individualized support. This will be an opportunity for students to get an in depth look at the Ivy League, Hidden

Ivies, State Schools, Public Ivies, and learn about various academic programs at these schools, and careers post-college. We help with all college applications! Our goal is to give students an insight into the college application process from several points of view. We also offer a unique, stress free, shadowing program for underclassman to avoid panic situations during your senior year. Students from all walks of life are welcome to attend. Students will also learn about the financial aid process and adjusting to life in a new school environment.

Students who attend consistently become eligible to participate in our hands on college editing workshops in the fall, where alumni help students complete their applications. It is fundamental to our foundation's mission that students never pay for college access help. We also believe in creating a positive, nurturing environment to eliminate a cutthroat attitude in the application process.

To confirm attendance and location please contact Juan Carlos Salinas at ytutambien@lulfoundation.org.

Students may bring one parent or guardian.
