

PHOTOGRAPHIC AND VIDEO PERMISSION SLIP

Special Education Department

Throughout the school year, the Special Education Department would like to take photos and video clips of your student(s) during the school day. The photos and video clips may be used to teach other educators in the district, in teacher trainings, or on a teacher password protected website on how to instruct other students that they teach.

We require the following release form to be completed for your child in case they are captured on film. Please return this form to the district office.

If you have any questions, please call Tamara Pol (**Special** Education Director) at the district office at 219-391-4100.
