Congratulations, you are now officially a fourth grader!

We know that you are really looking forward to having time off from school, but please remember that it is important to read all summer long. To stay skilled at, or to improve in something, requires ongoing practice. The same is true for reading! As part of your summer reading, Fourth Graders are required to read *The Fabled Fourth Graders of Aesop School* by Candace Fleming. While reading, complete the activity pages that accompany the book. Your work should be neat and in complete sentences. The packet will be handed in at the beginning of the school year.

Enjoy the book!
