## Overview

This guide provides parents/guardians with a step by step guide outlining the registration process and how to navigate the portal. The eSchoolData Parent Portal is a cutting-edge communications tool designed to increase your involvement in your student's education using the power of information. The eSchoolData Parent Portal allows for instant online access to current and relevant information that will enhance your involvement with your student's academic career.

## Account Registration

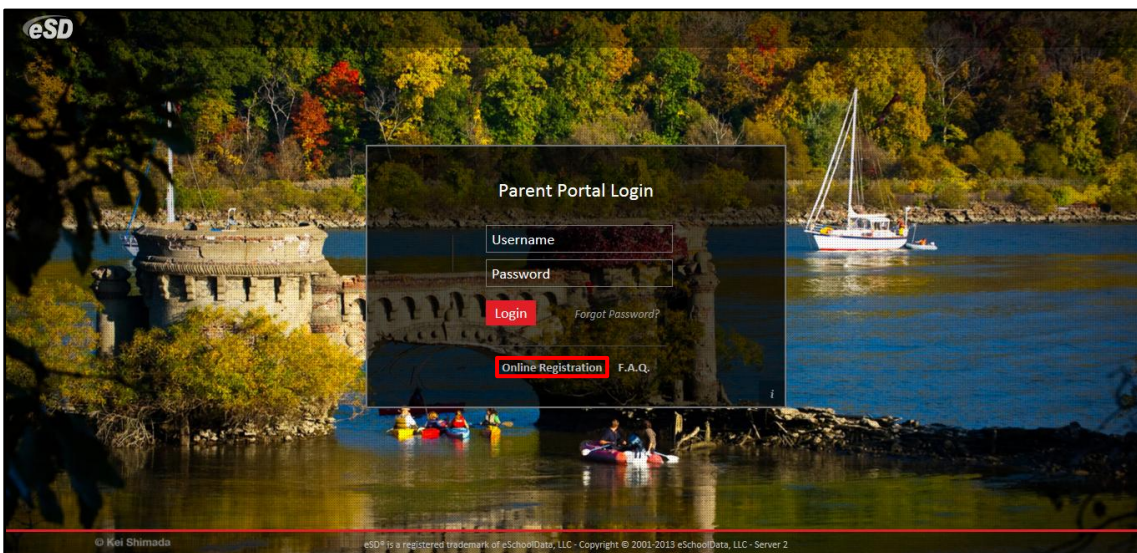

Please refer to your school district's website for an existing Parent Portal Link. If your district has not created a link on the school's website, you may use the link below.

Navigate to the school district's secure site (don't forget the **S** in https):

<https://parentportal.eschooldata.com/>

If your district has chosen to auto-generate parent portal accounts, generic User ID and temporary Password information will be distributed to parents/guardians. Parents/guardians will **not** be required to manually request accounts. If you have been given a User ID and temporary Password by the district, please skip to **Logging In** on page 5.

To request a parent/guardian portal account, click the link on the home page where it says **"Online Registration."**

An online **Parent Portal Registration Form** will open.

Enter the required information (indicated by a red asterisk\* before the field name) on the **Account Information** screen, then click **Create Account Information**.

The **F.A.Q.** provides portal account holders with answers to commonly asked questions.

**eSchoolData Parent Portal F.A.Q.**

**What is the eSchoolData Parent Portal?**

The eSchoolData Parent Portal is a highly secure, internet-based application through which parents and guardians are able to view district permitted details of their student's academic record.

Through the Parent Portal, parents and guardians have instant access to important information such as district and building announcements, assignment grades, student schedules, attendance information, progress reports, report cards, transcripts, assessment scores, course requests, immunization details, discipline incident information, bus assignments, or fees. Please note that the information you are able to see is regulated by your school district.

**How do I register for a Parent Portal Account?**

Once your school district has implemented the Parent Portal, your school district will communicate registration instructions.

**What if I forget my password?**

If you forget or misplace your password, go to your Parent Portal Log In Page. Click on the link "Forgot your password? Click here to retrieve it." You will see a new page, enter either your UserID or email address. Hit the "Request Password" link. You will receive an email with a link to the "Change Password" page.

**What if I do not receive a response email about my password inquiry?**

First, check your spam folder. Your email rules and/or SPAM filter may be set to block delivery of emails sent from the Parent Portal. Then, be sure to add the Parent Portal email address to your address book, add the address to your "white" list or list of approved senders. This will ensure that future emails from the Parent Portal will be properly received.

**What computer hardware and software do I need to use the Parent Portal?**

To effectively access your Parent Portal account, you need a Macintosh (OS X) or Windows PC (Windows 2000 Pro or XP Pro) with an internet connection.

For a Mac, we recommend using Safari 3.4 or 4.0.4.

For a Windows PC, we recommend using Internet Explorer 7.0 or higher. Download IE for free at [www.microsoft.com](http://www.microsoft.com).

We also recommend having Adobe Acrobat Reader™. This PDF reader is available for free download at [www.adobe.com/products/acrobat/readstep2.html](http://www.adobe.com/products/acrobat/readstep2.html).

**How can I change the email address associated to my Parent Portal account?**

The email address associated with your account can be changed by clicking on the "My Account" icon on your personal home page. Then, click "Update Account Info" from the tabs on the left and enter your new email address. Click "Save."

**Who is eligible to register for a Parent Portal account?**

Only parents and guardians of currently enrolled students who are also flagged to receive correspondence are eligible to register for an eSchoolData Parent Portal account.

**Where can I access the eSchoolData Parent Portal from?**

You can access the eSchoolData Parent Portal from anywhere you have access to a computer and internet access.

**When are progress reports and report cards posted on the Parent Portal? How often is the data updated?**

This varies by district. Check with your school's Parent Portal administrator.

**What if I think there is incorrect information displayed on the Parent Portal?**

Contact your school and/or your student's teacher to discuss any discrepancies.

**Who can I talk to regarding attendance related issues?**

Call the Attendance Office at your student's school.
