CAN IT.

Research continues to show that drinking regular soda has zero upside for your health and plenty of downside. Why not make this the year you and your family "can" your sugary soda habit? And satisfy your sweet tooth with fresh fruit!

NUTRITION TO GO

Can potato chips be part of a healthy meal? That depends. Is a jumbo bag of chips your entire meal? That's not too healthy. But a meal that includes a small bag of chips, a turkey sandwich with lettuce and tomato, a crisp fresh apple, and a glass of low-fat milk is quite nutritious -- and quite delicious, too!

Q • How can you tell if your beans need a shower?!

A: Dried beans in a jar like these don't need a shower, although some cooks like to soak them. Canned beans, however, have a lot of added salt, so it's best to give them a quick rinse before cooking them! Fresh, dried, or canned, beans are an incredible and inexpensive source of protein, plus they have very little fat, are loaded with vitamins and minerals, and are one of the best sources of fiber you can find. Eat more beans!

"Robot" sounds like a high-tech word, but it's not. It comes from the Czech word for "serf," which is the name used for a medieval peasant who was forced to work for free!
