(10NYCRR 66-4)

Students wishing to enroll in the Open Door Family Medical Center School Based Health Center for the purposes of obtaining immunizations can enroll with the site provider. Enrollment forms are available upon request.

Please send proof of immunization to the school nurse where your child will be attending school.

Proof of immunization must be any 1 of the 3 items listed below.

- An immunization certificate signed by your health care provider
- Immunization Registry report (NYSIIS or CIR from NYC) from your health care provider or your county health department
- A blood test (titer) lab report that proves your child is immune to the diseases
  - For varicella (chickenpox), a note from your health care provider (MD, NP, PA) which says your child had the disease is also acceptable.

If you have any questions or concerns about immunizations, please contact the school health office. Thank you.

Sincerely,

School Nurse

# New York State Immunization Requirements for School Entrance/Attendance<sup>1</sup>

**NOTES:**

Children in a prekindergarten setting should be age-appropriately immunized. The number of doses depends on the schedule recommended by the Advisory Committee on Immunization Practices (ACIP). For grades pre-k through 11, intervals between doses of vaccine should be in accordance with the ACIP-recommended immunization schedule for persons 0 through 18 years of age. Doses received before the minimum age or intervals are not valid and do not count toward the number of doses listed below. Intervals between doses of vaccine DO NOT need to be reviewed for grade 12 except for interval between measles vaccine doses. See footnotes for specific information for each vaccine. Children who are enrolling in grade-less classes should meet the immunization requirements of the grades for which they are age equivalent.

Dose requirements **MUST** be read with the footnotes of this schedule.

# PARENTS: NYS School Vaccination Requirements Have Changed

Nonmedical exemptions to school vaccination requirements have ended for children attending day care and pre-K through 12th grade in New York State. This includes all public, private, and religious schools. Religious exemptions are no longer allowed.

Children with nonmedical exemptions must now be vaccinated to attend or remain in school.

Students who already have all required school vaccinations, and students with a valid medical exemption from a physician, are not affected by this change.

## IMPORTANT VACCINATION DEADLINES:

- **Within 14 days of the first day of school or day care** – children must receive the first age-appropriate dose in each immunization series to attend or remain in school or day care.
- **Within 30 days after the first day of school or day care** – parents or guardians must show that they have appointments for the next required follow-up doses for their child. Deadlines for follow-up doses depend on the vaccine.

### What vaccines does my child need?

Talk to your health care provider. Requirements will differ based on your child's age and any previous vaccinations.

### Is it safe for my child to have more than one shot at a time?

Scientific data show that getting multiple vaccines at the same time is safe. It also means fewer doctor's office visits which can be less stressful for your child. Visit [health.ny.gov/vaccinesafety](https://health.ny.gov/vaccinesafety) to learn more.
