Join us for a Virtual High School Admissions Event!

This month, we're hosting two kinds of virtual events to share information about high school admissions.

1. Join us for a Virtual High School Admissions Information Session. At each of these events, we'll walk you through how to apply to high school, including any changes due to COVID-19, how to build your application, and how to participate in Specialized High Schools admissions. After the presentation, we will respond to your questions.

2. Come to the Virtual Arts High School Fairs! Interested in applying to audition programs? Meet representatives from NYC's audition schools; please note that schools from different boroughs will present on different days. Learn about audition requirements for each discipline, the audition process for this year, and how to use MySchools and the Virtual Audition Submission Tool (VAST). At the end, school and DOE staff will be responding to questions.

Please register for any event(s) you'd like to attend. Dates and times are listed in the form below. The day before the event, you'll receive a confirmation email with the link to the virtual event(s) you registered for—when the event starts, click this link to join. Please check our website for the most current list of dates and language supports for events.

Can't attend? Recorded presentations will be available on our website later this month. You can also watch our High School Admissions Video Series and find the most up-to-date admissions information at schools.nyc.gov/High and schools.nyc.gov/SHS.
