It was just his toe
He is is such a dork.

There was a snake named Trump
that liked to have a jump.

He saw Biden on his wall
and bit him to make him fall.
When he hit there was a thump.

Sorry my snake ate your toes,
Now he is going for your nose,
Also he is heading for your ears,
Keep your eyes closed so you don't break out in tears.
Everything will be ok, the snake will go away.
