

Fencing Proposal 2020-2021

Fencing Leagues:

North-West League	South League
Arlington	Ardsley
Clarkstown	Irvington
Nyack	Mamaroneck
Tappan Zee	Woodlands

Fencing Competitions:

- Held on weekends due to limited number and availability of fencing directors/officials.
- Teams compete against all teams within their league each Saturday.
- Individual fencers stay at or below the 9 bout/day maximum in this set up.

North-West League Culminating Event:

- Use league standings for seeding
- Epee 2/20 – 1 v 4, 2 v 3 with winners playing each other and the remaining teams playing a consolation round.
- Foil 2/27 – 1 v 4, 2 v 3 with winners playing each other and the remaining teams playing a consolation round with one another.
- Location of events: 2/20 – Arlington (Epee), 2/27 – Clarkstown South (Foil)

South League:

- No culminating event.
- Score league and regional standings out of league matches.
- Rationale for being different from the N-W League: The North-West league has a full complement of teams for each weapon and gender. The South league has teams that do not have a full complement of teams. They would prefer to have a scrimmage type set up on 2/27 with individuals ranked, which will allow more fencers to fence. If they had a team playoff round there would be fencers without opponents to compete against.

- The 2/27 date for the South League is not a true play-off, but a scrimmage day for the fencers in this league.
