

SWEETWATER COUNTY SCHOOL DISTRICT #1

Early Literacy Plan 2020-2021

Pursuant to W.S. 21-3-401, school districts are required to implement a reading screening program that includes a reading assessment plan for kindergarten through third grade. Schools not meeting proficiency are required to submit an Intervention Plan to be included in the School's Improvement Plan.

All students in grades K-3 who do not score proficient in reading in the fall are placed on either an Individualized Reading Plan (IRP) or a Group Reading Plan (GRP) and must receive supplemental/intervention reading instruction using an evidence-based intervention plan. IRPs and GRPs are required to be placed on file with the district.

****Due to COVID-19, Universal Screening was modified to Fall Testing and Spring Testing for the 20-21 school year.**

Intervention Group Reading Plan

Grade Level: K

School District: Sweetwater County School District #1

Intervention Levels	Tier 1 At or Above Grade Level	Tier 2 Somewhat Below Grade Level	Tier 3 Significantly Below Grade Level
Individual/Group Reading Plans (IRP)	Student's IRP will be housed at their home school. The district template can be found here .	Student's IRP will be housed at their home school.
