Dear Evans Park Families,

With new plans for the school year to end a bit earlier than expected, we'd like to share information about upcoming events to look forward to with your children. *ELF Virtual Field Days*, organized by the elementary physical education teachers, will take place next Monday through Thursday, June 1st through 4th. Be sure to look for daily activities on the PE Teacher Pages.

Online remote classroom celebrations are also in the works, being planned by class parents and teachers for Monday, June 15th. You will hear more about these in the coming days. In addition, our fourth graders will be promoted via a virtual ceremony, being developed to closely resemble the program held in our school each year.

Though we would, of course, rather be with the students to celebrate the ending of a school year and their moving on to the next grade, we are making every effort to replicate some end of year events as best we can. Please plan to participate and celebrate the completion of a successful, albeit odd, school year.

Sincerely,  
Peggy Lynch
