Contingency Budget

What is a contingency budget and why would we need one?

- If the budget vote fails twice, the District must adopt a contingency budget which has many requirements including:
 - All programs face potential impacts
 - No increase to the prior year's tax levy Tax levy at 0%
 - No purchases of buses or equipment
 - Capital Outlay project is eliminated (effect on tax cap calculation going forward)
 - Administrative Component of Budget is limited to prior year's % of total budget
 - To the extent aid is specifically designated for the purchase of equipment (computer hardware), such equipment can be considered an ordinary contingent expense.
 - No use of school facilities by outside groups (unless costs are reimbursed)
 - Taylor law must apply to consider ordinary contingent expense
 - Certain field trips are eliminated (unless fully reimbursed)

Contingency Budget

Budget Passed or Defeated?

- If proposed budget passes, enact budget effective July 1st.
- If proposed budget is defeated, district may do one of the following:
 - Resubmit the defeated budget allowing enough time for legal notices
 - Submit a revised budget allowing enough time for legal notices
 - Adopt a contingent budget
- If the resubmitted or revised budget is defeated, the BOE must adopt a contingent budget.
- Uniform Statewide Budget Revote Date- 3rd Tuesday in June

Structure of Contingent Budget

- Includes teachers' salaries and ordinary contingent expenses.
 - Teachers include professional educator positions certified by the State Education Department including teachers, teacher assistants, administrators, and various professional specialists working within pupil personnel services.
- Ordinary contingent expenses are those necessary to provide the minimum services legally required to:
 - Operate and maintain school buildings and the educational program
 - Preserve the property of the district; and
 - Ensure the health and safety of students and staff
- The Board of Education determines which appropriations constitute ordinary contingent expenses.

Contingency Budget

Defeated Budgets and Budget Revote

Should the voters defeat the budget, the district has the option of offering a revised budget to voters for a revote, or immediately adopting a contingency budget. Districts are only allowed one budget revote to be held on the third Tuesday in June. If the budget fails a second time, then the Board of Education must adopt a contingency budget before July 1st that includes no increase from the prior year tax levy. In the case of a contingency budget, districts are constrained in three ways: determination of ordinary contingency budget appropriations, the administrative cap, and the restriction on the tax levy. Ordinary contingency expenses are defined as the expenditures necessary to operate and maintain schools (except for those items over which the statutes themselves either provide mandates for or give discretion to the board of education).

Administrative Cap

School districts operating under a contingency budget are subject to an administrative cap. The administrative component of the budget is capped at the lesser of (1) the percent of the administrative component to the total budget in the prior year's budget, not including the capital component, or (2) the percent that the administrative component comprised in the last proposed defeated budget for the subsequent year, not including the capital component.
