### **Participation in Special Events**

Special celebrations and other events are scheduled to recognize the efforts of those students who meet participation criteria. Students who do not qualify according to the criteria as presented by teachers or administration will not be allowed to attend. All students will be made aware of the scheduled celebration(s) and the criteria for participation.

### **Academic Excellence**

All students are expected to work to the best of their ability, turn in all homework assignments, participate in classroom lessons, and complete all classroom activities. At Columbia Central, failure is not an option. Attendance at summer school may be a requirement for promotion to high school for eighth graders. Participation in the graduation ceremony for eighth graders may be withheld if summer school is required for promotion. Students will receive grading period notification of their academic status as it relates to promotion via report cards. Assistance will be provided to all students who are identified as “at-risk” of not being promoted. Your teachers can always help you with your studies... do not be afraid to ask for help!

### **PBIS**

Positive Behavior Interventions and Support (PBIS) is a district-wide initiative promoting positive reinforcement throughout the schools. This program is designed to create behavioral supports and a positive climate. Nationally, schools have demonstrated improved learning environments as a result of explicit expectations. Similar results are anticipated in Steger School District 194 schools. The following general components of the system are uniform throughout Steger School District 194, but the specifics will vary by building.

- Positively stated school-wide behavior goals and expectations are used by every adult that comes in contact with students including administrators, teachers, aides, and support staff.
- Behavior goals are clearly defined and all expectations are related to these goals.
- Expectations are created for each goal and for every location where students will be present. Locations may include, but are not limited to classrooms, hallways, cafeteria, and/or entrances/exits to the building.
- Students who show positive behavior in targeted expectations will receive recognition for their behavior. The form of recognition is at the discretion of each building.
- Data is collected and analyzed to identify trends in misbehavior and to evaluate the program and make changes as needed.
- PBIS is based on a three-tiered system of support to address the behavioral needs of all students. Students who continue to have difficulty with their behavior may qualify for a higher level of support.

### Arrival/Dismissal

#### Bicycle & Skateboard/Scooter Regulations

In general, distances traveled between home and school are reasonably short, and students can walk to and from school within the time allotted. The riding of bicycles and skateboards create certain traffic hazards and involve special administrative problems of parking and supervision.

#### Bicycles

All traffic regulations that apply to automobiles must be observed. This includes keeping to the right hand lane in the flow of traffic and observing all traffic signals and signs.

- Only one student may ride on a bicycle at a time.
- Students should ride single file only.
- Walk the bicycle on school property.
- Parent must provide a lock for the bicycle.
- Helmets should be worn.

#### Skateboards/Scooters

Steger School District 194 does not allow students to ride skateboards or scooters to school or use them on school property.

- If a student brings a skateboard to school, it will be confiscated and held for pick up by parents.
- Steger School District 194 does not assume responsibility for lost, damaged or stolen bicycles/skateboards or equipment, including helmets and other safety equipment.

#### Dismissal – Parent Rules for Picking up Students After School

The school day ends at 2:30 P.M. If a student is not picked up by 2:45 P.M., the school will attempt to call the parent/guardian to come to pick up the student. If the student is not picked up by 3:00 P.M., the police may be called to pick up the student and the parents may need to pick the student up at the police station. Please follow all traffic laws and 5 mph speed limits when driving in the school parking lot. While on Columbia property, parents shall not drive through marked parking spaces. **It is illegal to talk on your cell phone in a school parking lot.**

## **Procedures for Leaving School during Class Hours**

Once a student arrives at school, he/she may not leave unless these procedures are followed. In the event of a serious injury or illness, the school may call 911 for emergency services and will try to contact a parent.

When a student leaves school for other reasons, for example, a doctor's appointment or dentist's appointment, the parent must come to the school office and sign out the student. No student will be allowed to go home with any adult other than a parent/guardian or person designated by the parent. Parent must provide valid identification.

In the event of an emergency, please call the school office. The office will then inform the teacher(s) involved and the student will be dismissed to wait in the office.

## **Students Detained After School**

It is sometimes necessary to keep a student after school for individual help, for make-up work, or for disciplinary reasons. If a student is kept after school for disciplinary reasons, the parents will be given 24 hours' notice in advance of the detention, so the parents can make necessary arrangements. A student can be detained after school without the 24 hours' notice, if the parents so agree. Otherwise, the detention will be served the following day. A student will seldom be detained after 3:30 P.M. The after school activity bus is available to provide transportation for detained students at 3:45 P.M.

If you have not been notified that your student is being detained after school, and the student does not arrive home on time, contact the school office immediately as the school office closes at 3:15 P.M.

## **Students Staying After School**

Students sometimes volunteer to stay after school to help a teacher. The student's parents should be contacted in advance to obtain their permission for the student to remain after school for this reason. If you object to your student staying after school, please do not hesitate to state your objection when you are contacted.

If you have not given permission for your student to stay after school, and the student does not arrive home on time, please contact the school office immediately but prior to 3:15 P.M. when the school office closes.

If your student is participating in a school activity after school hours, he/she must be picked up within 15 minutes of the end of the activity or risk losing the privilege of participating in future activities. If a student has not been picked up within 15 minutes of the end of the activity, the school will provide the student with an opportunity to call the parents. If the parents cannot be reached, the police may be called to pick up the student and the parents will need to pick the student up at the police station.

In regard to before and after school activities, supervision is provided for only the participants. Siblings and friends of participants may not remain in the building or on school property.

## **Attendance at Extracurricular Events**

Attendance as a spectator at all athletic contests or extra-curricular events that occur outside the normal school day is a privilege and extended only to eligible Columbia Central students, their parents, and their families. All student spectators under the age of 18 must be accompanied by their parent/guardian for weekend and evening events, and sports. Columbia students are required to show the school ID to attend home sporting events.

## **Attendance Procedures**

### **School Day Hours**

Columbia Central utilizes a nine period day.

Student Homerooms begin at 7:50 A.M.

During regular dismissal days:

On days Monday, Tuesday, Thursday, and Friday - first period begins at 8:14 A.M.

On Wednesdays - first period begins at 8:07 A.M.

During 11:00 A.M. and 1:00 P.M. dismissal days:

Monday through Friday - first period begins at 8:02 A.M.

### **Attendance Guidelines and Criteria**

Your student's attendance, as noted on the Report Card, is determined by the following standards. These are aligned to state guidelines regarding instructional participation and enable us to be consistent with other Illinois school districts.

Grades 5-8

Arrival 7:50 A.M. – 8:33 A.M. = tardy

Arrival after 8:33 A.M. = half day absent

Arrival after 11:05 A.M. = full day absent

Departure before 10:45 A.M. = full day absent

Departure between 10:45 A.M. and 1:58 P.M. = half day absent

Departure after 1:58 P.M. but before 2:30 P.M. = early sign out

Time is determined by the clock in the school office.

Recognition for perfect attendance is awarded only to those students who are present in class from 7:50 A.M. through 2:30 P.M. every day of the grading period.

### **Absence information**

A written excuse, signed by a parent or legal guardian, is necessary when a child returns to school after each unexcused absence.

- In the event of an absence of three or more days due to illness, a physician's note verifying illness may be required.
- In the event of absence due to a contagious disease, a physician's permission to return to school is required.

If a student has five or more absences without valid cause in the past 180 attendance days, the school will work with the family of the student to provide support to help improve school attendance. Supportive services and/or interventions may be provided as deemed appropriate by the District in an effort to improve attendance. Students who are absent without valid cause for 9 or more of the past 180 attendance days shall be considered a chronic or habitual truant and may be subject to additional legal procedures and/or penalties.

## **Academics**

### **Field Trips**

Students may attend field trips only if a permission slip has been signed for approval by the parent or legal guardian prior to the day of the field trip. Students may be prevented from attending field trips for disciplinary reasons. Field Trip fees are not refundable in this case. While on a field trip, all school rules and policies apply.

### **Graduation Ceremony**

The eighth grade commencement ceremony is an earned honor based upon the successful completion of eighth grade. Students that do not successfully meet the criteria may not be allowed to participate in the commencement ceremony, which includes walking across the stage to receive his/her diploma. In lieu of retention, students who are not promoted may be required to attend summer school. Upon successful completion of summer school, the student will receive his/her diploma and be promoted to the next grade level.

### **Homebound Services**

Home and/or hospital programs will be offered, at the expense of Steger School District 194, to any student with a health or physical impairment, which, in the opinion of a licensed medical examiner, will cause an absence from school for more than two consecutive weeks. All program services will comply with the rules and regulations of the Illinois State Board of Education. Homebound services are considered individually for special education students as provided by State and Federal regulations.

## **Homework Policy**

### **Role and Advantages of Homework**

The purpose of homework is to reinforce classroom learning and/or extend the day's lesson.

The advantages of completing homework include:

- Promotes a greater understanding of subject matter
- Shows how much has been learned
- Provides background information
- Gives the students an opportunity to showcase their talents
- Builds skills in time management and assumption of responsibility for their own learning

### **Responsibilities for Homework**

#### **Students**

- Students will complete and turn in all assigned homework on time and to the best of their ability.
- Students will ask for clarification about homework when something is not understood.
- Students in grades 5-8 will write assignments in their daily planners.

#### **Parents**

- Parents will provide a quiet, well-lit study area.
- Parents should expect homework to be assigned regularly.
- Parents will check each day that homework is done.
- Parents will call the school if over a period of time they see no homework is coming home.

#### **Teachers**

- Teachers will assign purposeful homework.
- Teachers will explain homework rules.
- Teachers will inform students/parents about missing assignments.

### **Length of Time Spent on Homework**

The amount of time spent doing homework should be 10 minutes times the grade level. However, the needs of each student should be taken into consideration.

### **Consequences for Late Homework**

Teachers may assign consequences for late homework. Consequences may include grade reduction, loss of privileges, parent contact, student conference, and detention.

## **Homework and Absences**

### **General Absence**

- Upon your student's return to school, he/she is responsible for requesting missed assignments.
- Students who are absent due to illness or other excused absences will have the same number of days to make up their work as the number of days absent.
- Homework requested in advance for any other reason will be due on the day the student returns to school.

### **Homework during Suspension**

- Any student suspended from school must make up homework assignments missed because of the suspension upon request.
- The intention of this policy is that all students of Steger School District 194 fall not behind in their studies because of their suspension.
- In case of a suspension lasting more than three days, parents should call the office for availability of all homework.
- Unless prior arrangements have been made, homework is due on the day that student returns from suspension.

### **Vacations**

Parents are strongly encouraged to plan their vacations during scheduled days off from school.

## **Honor Roll**

At Columbia Central School, students are recognized for their achievements in multiple ways. For academics:

- Honor Roll:  
3.0 – 3.499 G.P.A. no D's or F's
- Principal's Honor Roll  
3.5 + G.P.A. no D's or F's

Honor Roll and Principal's Honor Roll are calculated at the end of each grading period. Students achieving these honors may have their name published in a school newsletter and in local publications.

## **National Junior Honor Society**

The purpose of the National Junior Honor Society is to recognize and foster academic achievement while developing other characteristics essential to citizens in a democracy. Through NJHS service activities, the members maintain and extend the qualities of service, leadership, scholarship, citizenship and character, which win them selection. Membership is thus both an honor and an obligation. Information regarding an invitation to become a member is available in the school office or at [www.194.org](http://www.194.org).

## **Promotion to the Next Grade Level**

Promotion to the next grade level is dependent upon a student's successful completion of the grade-level curriculum. After each trimester, a student will be designated as "at risk" academically if either of the following occurs:

1. The student's grade point average falls below 1.5, or
2. The student earns two or more failing grades per trimester.

At the end of the school year, school personnel will determine whether those students designated as academically "at risk", have successfully completed the grade-level curriculum. Those "at risk" students, who have not, will be retained at grade level and required to repeat that grade.

## **Reporting to Parents**

"Reports of Progress" are issued midway through each marking period and will be issued at the end of each trimester. Parents may request a conference with teachers at any time by telephoning the school office for an appointment, sending a note to the teacher(s), emailing the teacher, or checking the appropriate place on the "Report of Progress."

Columbia Central teachers enter grades in the on-line grade book PowerSchool. Power School is a web-based program making it accessible from any computer with an internet connection. Parents/Guardians will receive a unique username and password from Columbia Central School's office. This will allow them to log into PowerSchool and view their student's grades at their convenience. Grade access may not be available at the very beginning or the very end of the school year. It is suggested that parents/guardians consult Power School for information, if possible, prior to contacting their student's teachers for grade information. Grades are updated regularly though not necessarily on a daily basis or on the day assignments are due.

## **Testing**

The following assessments are administered in Steger School District 194:

### **IAR**

The Illinois Assessment of Readiness (IAR) is the state assessment and accountability measure for Illinois students enrolled in a public school district. IAR assesses the New Illinois Learning Standards incorporating the Common Core and will be administered in English Language Arts and Mathematics. For students in grades 3 through 8, the Illinois Assessment of Readiness measures the same math and literacy standards with the same types of questions, while reducing testing time by one-third.

### **NWEA – MAP**

NWEA-MAP is a formative assessment used to measure student learning and progress on a nationally normed test. All Columbia Central students will take the NWEA-MAP assessment in the fall – winter- spring.

## **Speech and Language Screening Services**

Speech and language therapists will annually evaluate the communication skills of all kindergarten, new students, students from the previous year's caseload, and students referred by teachers and/or parents/guardians.

### **Student Based Assistance Teams (SBAT)**

The Student Based Assistance Team, a team of certified staff in each school, provides teachers support in developing research-based instructional and behavioral interventions for students who are experiencing academic or behavioral difficulties.

### **Student Behavior**

Steger School District 194 has established the following behavioral guidelines. Illinois School Code gives school district officials the legal authority to discipline students. Administrators have the authority and responsibility to make determinations, decisions, and disciplinary actions not necessarily covered in this handbook. The carrying out of discipline is the joint responsibility of the Board of Education, its staff, the students, and their parents or guardians. These procedures and guidelines are based upon several core beliefs that support the partnership established between school and home.

We believe the purpose of discipline should be to provide an atmosphere of positive expectations in which all students feel safe and are able to learn. In disciplinary situations, flexibility and individualization are important. Rules should be simple, reasonable, and well defined in order for effective discipline to exist.

Steger School District 194 reserves the right to deviate from the disciplinary consequences summarized in the handbook whenever Steger School District 194 determines at its sole discretion that the conduct and circumstances warrant a different, and perhaps, more severe disciplinary consequence than specifically stated in the handbook.

We believe that all students have a capacity for good. We also believe students should be understood and nurtured; therefore, positive behavior intervention should be used as part of the discipline procedures. Consequences should be progressive, fair, consistent, and clearly communicated. Finally, we believe contact with a parent is essential when a consequence is to be issued to a student. Each situation will be handled on a case-by-case basis.

### **Positive Reinforcement**

While consequences are needed at times, the district also believes that positive reinforcement is equally important. Promoting positive behavior establishes a climate needed for students to achieve social, emotional, and academic success. It allows students to see the benefits of making good choices concerning behavior.

Teachers use positive reinforcement in their classrooms in a variety of ways, including:

- Verbal praise achievement and effort.
- Classroom Management plans
- PBIS

## **Discipline Procedures**

### **A. Referral**

A student may be referred to the office when, in the opinion of the teacher, the severity of the offense, the persistence of the behavior, or the disruptive effect make the continued presence of the student in the classroom detrimental to the education process.

A student referred to the office may expect to receive consequences appropriate to the offense. Such measures may include, but are not limited to:

- Alternative Placement
- Assignment of Community Service
- Behavior Contract
- Bus Suspension

2. For each incident, the School Administrators in Steger School District 194 are authorized to suspend a student from school for a period of no more than five days except when the Administrator is recommending an expulsion of such a student. In those cases in which expulsion is being recommended, the Administrator is authorized to suspend a student for a period not to exceed ten school days. Each situation is handled individually case-by-case.
3. Hearing officers to review suspensions by School Administrators shall be designated by the Board of Education.
4. When a suspension is recommended, except in emergencies, the conduct of the student in question should be reviewed with his/her parents prior to the suspension. In emergencies, it may be necessary to suspend a student before the conference with the parents may be held, in such cases, a temporary or intermediate suspension may be given.
5. Each suspension shall be reported immediately to the Steger School District 194 Superintendent and to the parent/guardian of the student with a full statement of the reasons for suspension, which will include the number of days of suspension, as well as the date when the student may return to school. 6. Upon request for a suspension review by the parents, the District shall notify the parent(s) of the student suspended by mail as to the time, date, and place that the review of the suspension shall take place.
7. Following the review of the suspension, the hearing officer shall report on the case in a written summary to the Superintendent and shall notify the parents or guardian as to his recommendation in the matter.
8. The Superintendent shall provide a file copy of the report to the Board and to the parent.
9. The parents may elect to waive their appearance and review of suspension, if they agree with the findings of the Administrator and the discipline action, by executing a written waiver of review prior to the date set for review or hearing.
10. The Superintendent may recommend to the Board of Education that the student be expelled permanently under the appropriate provision of the School Code of Illinois. When an expulsion is recommended the parent/guardian of the student will be provided a full statement of the reasons for

the expulsion recommendation. The District shall notify the parents/guardian of the student by mail as to the time, date, and place that the expulsion hearing shall take place.

11. Due process for students who qualify for special education services differ somewhat from the process applied to general education students. These disciplinary due process procedures are listed in the Rights of Students with Disabilities that are provided to parents and students at all case conferences. Parents may request a copy of these rights at any time in the School Office or District Administrative Center.

For problems or concerns regarding special education, parents should contact the Director of Special Education prior to contacting the Superintendent.

A parent having a problem or concern at the school level should first contact the student's teacher. Usually the problem/concern is solved at this level. If not, the Assistant Principal then Principal should be contacted. If not solved at that level, the Assistant Superintendent or Superintendent would be the next person contacted.

If a student knows that they have lost their ID completely they will have to purchase a new ID and/or lanyard. The ID cost is \$3.00 and the lanyard is \$2.00, while the set is \$5.00. Student ID's are used in the media center cafeteria and as a student bus pass. The ability to identify Columbia Central students is essential to maintaining a safe school environment.

### **Administering Medicine to Students**

The following is the present Board of Education policy regarding the giving of prescribed medication and supersedes all other policies:

Only medications prescribed by a licensed physician will be given in the schools by school district personnel.

If a student is capable of administering his/her own inhaler, he/she may carry it with them provided written consent from the parent is on file and the student has in his possession a prescription for his/her inhaler. If a current Medication Authorization Form is on file in the nurse's office, it is not necessary for the student to carry the prescription for the inhaler.

A Medication Authorization Form must be signed by the parent or legal guardian and the physician before any prescription or over the counter medication will be dispensed. The school district or personnel dispensing the medication will not be liable for any medication side effects.

Medication must be brought to the school office by the parent or legal guardian of the student, together with the signed Medication Authorization Form.

All medication must be brought to school in the original package or an appropriately labeled container.

### **Prescription Medications**

Prescription medications shall display:

- Student's Name
- Prescription Number\*
- Medication Name/Dosage
- Administration Route
- Date and Refill
- Licensed Prescriber's Name
- Pharmacy Name, Address & Phone Number\*

### **Over-the-Counter Medications (OTC)**

OTC (non-prescription) medications shall be brought in with the manufacturer's original label with the ingredients listed, and the student's name affixed to the container.

Medication will be kept under lock and key in the school office and given to the student by the nurse or Principal designee.

A Medication Record, which includes the student's name, date, name of the medication, and the time it is to be given will be on file. After the medication is dispensed to the student by one of the above-mentioned persons, this will be so indicated on the Medication Record along with the date and the dispenser's initials entered alongside to prevent duplication of dosage.

The parent/guardian will be responsible at the end of the treatment regime for removing from the school any unused medication that was prescribed for their student. If the parent/guardian does not pick up the medication by the end of the school year, it will be properly disposed of. No medications will be kept over the summer.

\*If a physician dispensed their own medication, the prescription number, pharmacy name, address and phone number are not required.

## **Health Care Needs**

Steger School District is committed to ensuring that students who have special health care needs due to chronic and acute health conditions receive the support and services necessary to remain safe and, to the extent possible, maintain their baseline health status during school. "Students with special health care needs" refers to those students who have a medically diagnosed chronic health condition such as asthma, diabetes, life-threatening food allergy, cardiac abnormality, juvenile arthritis, celiac disease, migraine headache, seizures, or a significant acute illness or injury requiring treatment and a period of recovery, such as concussion, mononucleosis, Lyme disease, or fractured arm or leg. For students with such conditions, the school team collaborates with the family and student's health care provider to identify school-based needs and develop an appropriate plan of care to meet those needs.

Parent/guardians must notify the school of all potentially life-threatening allergies. An allergy action plan must be completed by your child's physician and shared with the school nurse. Participation in Columbia Central’s extracurricular program is a privilege. Coaches and Athletes are expected to exemplify good sportsmanship at all school events, both home and away from school. Academics are a priority,

and participation in extracurricular programs will be dependent on a student's academic progress as well as their attitude and behavior.

The personal demands of belonging to an athletic team are great; not only for the athletes, but also the coaches and parents. Before trying out for an athletic team, the child and the parent must consider if these demands can be met. The following are some points to be mindful of when joining one of our sports teams.

### **Student-Athlete**

1. I understand that I am expected to be at all practices and games.
2. I understand that playing time is not guaranteed or equal.
3. I understand that playing time is earned based on performance in school, attitude, practice and games.
4. I understand that student-athletes are expected to start and finish the season.
5. I understand the player is expected to talk to the coach first if he/she has some concern.
6. I understand that our main objective is to win while we learn good sportsmanship, mannerisms and citizenship.
7. I understand that student-athletes are expected to conduct themselves in a positive way as an individual and as a member of a "Columbia Central" team.
8. I understand that players are allowed to play for other teams, (AAU, rec. ball, etc.), but the school team must be the top priority when there is a scheduling conflict.

### **Parents/Guardians**

1. Parents are requested to pick up their athlete within 15 minutes after a game/practice.
2. Parents are not to enter the locker room without permission from the coach/principal.
3. Parents/Guardians are not allowed to attend practices without permission of the coach.
4. Parents are not to approach a coach after a game. Call the next day to voice concerns.
5. Parents should refrain from coaching their child while the game is being played.
6. Parents should promote good sportsmanship when attending athletic events.
7. Parents are a key to the success of the student-athlete. Your time and effort promoting the success of your child and our athletic program is greatly appreciated.
