

2018-19 School Performance Report for Elementary and Middle School Grades

(WAEA = Wyoming Accountability in Education Act)
(ESSA = Every Student Succeeds Act)

This report provides information on how well this school is doing according to the requirements of state and federal accountability laws. State accountability is defined in the [Wyoming Accountability in Education Act](#) (WAEA) and federal accountability is defined in the [Every Student Succeeds Act](#) (ESSA). Information on how schools are measured and rated to meet the requirements of both laws can be found below. More information on accountability is available in [this FAQ](#).

State Accountability

All Wyoming elementary and middle schools receive one of four School Performance Ratings: Exceeding Expectations, Meeting Expectations, Partially Meeting Expectations, or Not Meeting Expectations. Four indicators are used to inform the ratings: Achievement, Growth, Equity, and English Learner Progress (ELP). Different measures are used for each indicator:

- Achievement is measured using the statewide assessment, the Wyoming Test of Proficiency and Progress (WY-TOPP).
- Growth is measured by comparing how students did on WY-TOPP compared to how they did on prior statewide assessments.
- Equity is measured by focusing heavily on the growth of the students who scored the lowest on prior statewide assessments.
- English Learner Progress (ELP) is measured by how well students learning the English language improve on an assessment of English language.

Federal Accountability

All schools are required to report annually on progress toward long-term goals and short-term targets for English Language Arts (ELA) Achievement, Math Achievement, Graduation Rate, and English Learner Progress (ELP). Federal law requires the schools that are struggling the most to be identified for support. There are three types of support:

- Comprehensive Support and Improvement (CSI) is for Title I schools performing among the lowest in the state.
- Targeted Support and Improvement (TSI) is for schools that have a specific group of students that is not performing well.
- Additional Targeted Support and Improvement (ATSI) is for schools that have a specific group of students that is chronically not performing well.
- Schools that are not identified for support are noted as "Not Identified."
- Schools are identified for CSI and ATSI every three years based on the prior year performance. Schools may be identified for TSI every year.

To determine which schools need assistance, the same indicators and measures are used as those for state accountability.

A panel of educators, parents, business representatives, and community members set the targets for each indicator and the cut scores for each School Performance Rating.			The cut scores were set by being broken into thirds for all Wyoming high schools. The bottom third of scores are Below Average, the middle third of scores are Average, and the top third of scores are Above Average.
