At the end of March, all grade levels participated in a trip to the Science Museum. This trip was originally scheduled for March of 2020. Mrs. Kitten, Science Specialist, supported the planning and logistics to be able to have all students visit.

Two years later, we made it to the science museum!!!!!!!
@PowhatanSchools

7th grade STEM exploratory with Mrs. Franklin explored the Medical Detectives Unit while 8th graders with Mrs. Lewis in Family and Consumer Science cared for their “egg babies.” (All egg babies survived the week).

It's Carnival game time! Juego de agua!

With the warm weather, the middle schoolers started going out to the bus loop for “walk and talk” during lunch time for some fresh air and physical activity.

Got some action shots from our stomp rocket launching today!

[@SheilaF63386927](#) [@powhatanms](#)

A few of the arthropods our 7th graders created this week using solar bug templates from [@BrownDogGadgets](#) . They had to include an adaptation...many went with camouflage colors, but some chose (lots of) extra eyes!! [@powhatanms](#)

In early May, 5th graders from all three elementary schools came to the middle school for science review and a transition visit.
