Dr. Lloyd presented Dr. Mangum and Mr. Cubas with a plaque and thanked them for their dedication and hard work as Board members for 12 and 9 years respectively.

Dr. Mangum, Mr. Cubas, Ms. Desiré and Mr. Brown presented those retiring teachers who were present with a clock and thanked them for all their hard work and dedication to the district. They were all wished a happy retirement.

Mr. Kelvin Jenkin presented Farah Jeudy and Akil Dechinea with Certificates to acknowledge that they received the honor of Scholar Musicians.

Dr. Jonathan Jefferson presented the entire Boys' Tennis Team with Certificates to acknowledge that they received the honor of State Scholar Athletes.

Ms. Barbara Ford spoke on behalf of the Bond Oversight Advisory Committee and advised that they were recommending to the Board names of those volunteers who would like to serve on this committee during the 2019-2020 school year. She also spoke about the committee's role, there are still steps that need to be taken before construction can begin, some members had the opportunity to visit schools and that the committee has been working with Mr. Jamal Scott closely during this big undertaking. She hopes the community will be satisfied when the job is done.

Mr. Jamal Scott spoke about why it is necessary to establish an EBALR account which is a reserve account for employees who are retiring, and a TRS account which will be used to pay for teachers' retirement payments. This has just been approved by the governor. These are not mandatory accounts but are recommended.

COMMENTS BY THE BOARD

Ariana Sanichara spoke about visiting South Side High School and the school environment here in Uniondale. She would like to see art and science merged, perhaps something done in the courtyard. She would also like to see more artwork displayed in the school.

Ms. Desiré thanked both Dr. Mangum and Mr. Cubas for their service as Board members. They were very helpful as mentors to her. She also acknowledged the new Board members and is looking forward to serving with them. Congratulations were extended to the retirees, the Boys' Tennis Team and the two Scholar Athletes. Thank you's were extended to the Audit Committee and the Bond Oversight Advisory Committee. Mention was made about our track team making States and going to Nationals. The Boys' Basketball Team are conference champs and she looks forward to continue serving the community.

Mr. Brown congratulated and thanked Dr. Mangum and Mr. Cubas for their service on the Board. They guided and assisted him and he wishes them well. Congratulations were extended to all the retirees. Mr. Brown attended the scholarship ceremony last week and it was a beautiful thing. Our scholars are choosing fantastic majors like engineering, criminal justice to name a few and they are all doing well. Ms. Rubin, District Clerk, has retired and her position is open. Please spread the word and apply if interested.

Mr. Bruno Cubas is thankful for the opportunity to serve on the Board for the last 9 years. He thanked the Board members and wanted to thank Mr. Neville Georges for being his mentor. He learned so much from him and wishes him the very best. He also thanked Dr. Mangum. She has been a good fighter for the District. Mr. Cubas welcomed the two new Board members. They represent the community and will be representing the District. He wishes them the best.

Mr. Neville Georges wanted to echo his colleagues and thanks Dr. Mangum and Mr. Cubas for their valuable service. They made a significant difference. He extended his thanks to all the retirees who contributed to Uniondale School District. They will be moving on to bigger and better things.

Mr. Georges welcomed the new Board members and cannot wait for them to come on board.

Dr. Mangum extended congratulations to all who were recognized and honored this evening. She has tried to work to the end of her term. She went to all of the district concerts. They were wonderful! She went to an equity conference where so much was learned. Turtle Hook has been part of a mentoring program with lawyers. Dr. Mangum went to a luncheon recognizing their work. She feels this should expand to other schools in the district. At the equity conference at Columbia University she learned so much and brought the information back. There is a lack of diversity on Long Island. There are so many districts that do not have one minority member at all. It starts with Human Resources and goes on year after year. This will never change unless we all stand up. Students go through life with never having a minority teacher. We need to learn about local, state and federal initiatives. If we don't know, we are being left out and can't join in. She also learned about how tests are created. Regarding reports about achievement and graduation, we have language issues and other things come up and these are not factored into the graduation rates.

Dr. Mangum is retiring but will still be around. She welcomed the new Board members. She wanted to thank all staff for their hard work and thank the Board members as well.
