

Dear Parents,

The following learning activities and schedule are designed to help your child carry on with their learning while school is not in session. Your child may work on the activities independently or with an adult. Attached to this page is a suggested schedule that includes academic time. The schedule is not something that you are bound to but simply a flexible outline to use as you wish. We are aware that during this difficult time family schedules will likely be different in every household. All we ask is that you do what works best for your family.

A copy of this schedule is also on my webpage and your child's Google Classroom page.

Please email me anytime with any questions or concerns. If you would like to discuss anything over the phone or through Google Meet I will be available Monday-Friday from 9:00 -11:00 at (315) 369-5979. We could also schedule a phone call by appointment. Thank you!

# Kindergarten

Please store materials in the basket when not in use so they will make their way back to the classroom! Thanks!
