

gearing up for **Kindergarten**

March 1st kicks off Kindergarten Registration in Powhatan and around the region. Registration forms and parent sign-up for appointments and screening go live on this date.

Appointments will begin April 13th and 14th.

We are asking your help in reminding anyone with a child that will be age 5 by Sept 30th to begin enrolling on March 1st! This is a special time for schools to welcome their newest students. It is also important to get students screened and on the rosters as soon as possible to be better prepared for the start of the new school year.

In addition, the **preschool (VPI/ Head Start) application** process for children turning age 3 and 4 by Sept 30th will also be available online starting **March 1st.**

Check the **Powhatan County Public Schools website** (<http://www.powhatan.k12.va.us>) for information or contact your local school with Kindergarten Registration or Preschool Application questions. We are so excited and cannot wait to get these students on the PCPS team!

Thanks for your support!
