Virginia Licensure Renewal Manual

Introduction

Thank you for your interest in renewing your Virginia license. Please follow the renewal manual instructions, and submit all completed information in a single packet. If you are employed in a Virginia educational agency, please submit your completed renewal packet directly to the appropriate individual in your Virginia school division or Virginia accredited nonpublic school. If an incomplete packet is submitted, your application will be retained for only one year. After that time, a new renewal packet must be submitted. An updated Application for License Renewal is required for a license to be issued.

The commitment to continuous learning is important, and the renewal process ensures that school personnel continually update their professional knowledge and skills. The division superintendent license, postgraduate professional license, collegiate professional license, pupil personnel services license, vocational evaluator license (no longer issued), school manager license, or technical professional license may be renewed.

Individuals who hold a five-year renewable license must complete 180 points for renewal, as well as the statutory requirements for renewal. [For example, individuals whose five-year renewable licenses expire in 2019 must present 180 points for renewal, as well as documentation of meeting the statutory requirements. **Such individuals will then receive a ten-year renewable license.**] In response to 2018 General Assembly legislation (House Bill 1125 and Senate Bill 349), effective July 1, 2018, the Board of Education issues ten-year renewable licenses. No longer are five-year renewable licenses issued. On January 24, 2019, the Board of Education approved **that individuals renewing ten-year licenses will be required to complete 270 professional development points for renewal. All statutory renewal requirements also are required.**

License holders are responsible for satisfying license renewal requirements as set forth in the *Licensure Regulations for School Personnel* and the *Code of Virginia*. The *Virginia Licensure Renewal Manual* provides guidance for all license holders as they plan their personal growth within the profession. The manual describes the process for renewing Virginia's educators' licenses through an individualized plan. **All statutory renewal requirements must be completed during each renewal period.** All activities must have prior approval from the chief executive officer or designee if the license holder is employed in a Virginia educational agency. **There shall be complete reciprocity among employing educational agencies of the Commonwealth with respect to professional development points earned by the license holder.** Professional development activities completed by provisional license holders may not be credited towards license renewal.

Please follow the instructions to assemble your renewal packet. Submit the application, including the forms and documents requested, along with the renewal fee in a single packet to the Virginia Department of Education, Department of Teacher Education and Licensure, PO Box 2120, Richmond, Virginia 23218-2120.

IMPORTANT NOTICE

The submission of an application for a Virginia license or request for license renewal may result in the denial of a license for any reason listed in the *Licensure Regulations for School Personnel*, 8 VAC20-23-750. The denial of a license is an adverse licensure action that is reported to division superintendents in Virginia and to chief state school officers of the other states and territories of the United States and could affect the status of any license or certificate that the applicant holds in another state and/or the status of any application for a license or certificate that the applicant has submitted or may submit in another state. An individual will not be denied a license without being given the opportunity for a hearing as specified in the *Licensure Regulations* 8 VAC20-23-780c.

Domains of Professional Competency

The substance or content of each renewal activity must be consistent with the license holder's goal(s) for professional development and must clearly fit one or more of six domains of professional competency in education. License holders should choose, and advisors should verify, only those activities whose substance is clearly included within one or more of the following domains of professional growth:

1. Curriculum or subject(s) specifically related to one's assigned professional duties or responsibilities;
2. Specialization area one serves or reasonably expects to serve, such as English, mathematics, history and social studies, sciences, career and technical education, or special education;
3. Concepts, principles, and methods of effective teaching, supervision, and administration, such as classroom and behavior management, leadership skills, curriculum development, and administrative management;
4. Concepts and principles of physical, intellectual, psychological, social, and emotional development of children and youth;
5. Concepts and principles of communication, learning, exceptionality, individuality, and cultural differences, such as oral and written communication, motivation, retention, and individual differences; and
6. Concepts and principles of effective relationships among schools, families, and communities.

NOTICE: In accordance with § 63.2-1937 of the *Code of Virginia*, the Virginia Department of Education requires applicants for teacher licensure in Virginia to provide their Social Security numbers. Additionally, Virginia uses applicants' Social Security numbers to check the clearinghouse maintained by the National Association of State Directors of Teacher Education and Certification (NASDTEC) for license revocation, cancellation, suspension, denial, and reinstatement in other states. Virginia also reports information to the clearinghouse as needed. The Virginia Department of Education will not release your Social Security number except to the NASDTEC clearinghouse to report cases of license revocation, cancellation, suspension, denial, and reinstatement as noted above. Please note that if you do not provide your Social Security number, your application will not be processed and no Virginia teaching license will be issued.

The [detailed fee schedule for licensure](#) is available on the Licensure website.

Step 3: List of 180 Professional Development Points

Eight options are available for individuals to earn the 180 professional development points. Refer to the section, "*Summary of the Eight Renewal Options*" for details, including information on the types of documentation required to verify the 180 professional development points. **Note:** Individuals who are not employed by a Virginia educational agency who are unsure of whether an activity meets the criteria must submit a written request for pre-approval of the activity by mail to the Department of Teacher Education and Licensure, Virginia Department of Education, PO Box 2120, Richmond, Virginia 23218-2120. License Holders Currently Employed in a Virginia Educational Agency

Responsibilities of the License Holder, Advisor, Employing Educational Agency, and Virginia Department of Education

The renewal process described in the manual is based on mutual trust between the license holder and an advisor. It is intended that this relationship be one of collaboration for the purpose of professional self-improvement. While advisor systems will vary among employing educational agencies, all designated advisors will be responsible for promoting quality renewal

plans by confirming and assessing the proposed professional development activities suggested by the license holder. Inherent in this trust are discussions to ensure that the individual's professional growth occurs as intended for renewal. The advisor should provide assistance and resource information regarding renewal options that the individual may elect to include within his/her plan. The manual builds upon the conviction that all license holders are willing to be responsible for planning and completing professional development activities leading to their renewal.

Employing educational agencies must recognize the validity of the eight options and are encouraged to provide opportunities for license holders to participate in all options for renewal. Although the employing educational agency's staff development priorities should be considered, the license holder should be the primary determiner of which activities within the options will contribute most appropriately to his/her renewal plan.

Responsibilities

Responsibilities of the License Holder

To complete the requirements for renewal, the license holder should annually plan and review his/her program of professional development activities in consultation with an advisor who has been designated by the employing educational agency. When the renewal activity has been completed, the license holder must supply reasonable documentation to the advisor. During the fifth year of the validity period, the license holder and advisor should submit the Application for License Renewal, documentation, and fee to the chief executive officer or designee of the employing educational agency.

The license holder is responsible for completing the following steps in order to accrue the 180 professional development points necessary for renewal:

- A. Develop an individualized renewal plan based on his/her professional need(s)/goal(s) and the employing educational agency's staff development priorities; and
- B. Initiate an annual meeting with the advisor, as necessary, to review, amend, and verify the individualized renewal plan and activities on the Application for License Renewal. The record should be completed and signed by the advisor after January 1 but before June 1 of the final year of the current validity period. (The license holder may amend the individualized renewal plan during the annual review or at any other appropriate time in consultation with the advisor.)

With the advisor, verify and submit the completed Application for License Renewal to the chief executive officer or designee of the employing educational agency to be forwarded to the Department of Teacher Education and Licensure. The completed Application for License Renewal, the official student transcript from the college or university, if applicable, appropriate fee, and signed verification of the completion of additional requirements will be the only items required for submission to the Virginia Department of Education by an employing Virginia

educational agency for renewal of an expired license. Other documentation should be maintained at the local school division level or with the accredited nonpublic school.

Responsibilities of the Advisor

The advisor should be a colleague who assists and supports the license holder throughout the renewal process. Discussions must occur during this process in order to ensure that individual professional growth occurs as intended for renewal purposes. An advisor assigned to a license holder has the following responsibilities:

The advisor should know the requirements for renewal of a Virginia license.

- A. The advisor should review the license holder's individual renewal plan with the license holder on an annual basis or as necessary until the requirements for renewal have been satisfied. While the conference time may vary depending upon the needs of the license holder, a meeting with the advisor could be held in conjunction with other conference sessions throughout the year;
- B. The advisor should assist the license holder in completing his/her renewal plan by recommending activities that are consistent with the employing agency's staff development goals and the individual license holder's professional development goals;
- C. The advisor should verify that the professional development activities have been completed and that the points accrued for the activity are consistent with the criteria of this manual. The advisor must not sign the renewal plan if a selected activity does not meet the criteria in one of the renewal options;
- D. The program is built on the basis of trust; minimal paperwork is expected and reasonable documentation is all that is required if the advisor does not have personal knowledge of the activity; and
- E. The advisor should forward the license holder's completed and verified Application for License Renewal to the chief executive officer or designee.

Responsibilities of the Employing Educational Agency

An employing educational agency has the following responsibilities in the renewal process for personnel with renewable Virginia licenses:

- A. The chief executive officer or designee should assign an advisor for each employee holding a renewable Virginia license. The advisor may be a person other than the immediate supervisor of the license holder;
- B. The chief executive officer or designee is the primary source of information concerning renewal requirements. The chief executive officer should review the

renewal process on an annual basis and provide staff with renewal information posted on the Virginia Department of Education's website;

- C. The chief executive officer or his/her designee of the employing educational agency should provide, publish, or post a listing of staff development activities that the license holder may choose to complete renewal requirements;
- D. The chief executive officer or designee should strive to provide a variety of renewal options, within the resources of the agency, to ensure that the license holder has an opportunity to choose activities that are appropriate to his/her goals, needs, and learning styles;
- E. The chief executive officer or designee should certify the completion of all requirements and forward the license holder's completed Application for License Renewal and fee to the Department of Teacher Education and Licensure, Department of Education, after January 1 but before June 1 of the fifth year of the license holder's current validity period; and
- F. The chief executive officer or designee must accept the renewal points accrued by a license holder and verified by another Virginia employing educational agency as documented on the Application for License Renewal.

Responsibilities of the Virginia Department of Education

The Virginia Department of Education has the following responsibilities in the renewal process:

- A. The Department will post the *Virginia Licensure Renewal Manual* and detailed renewal information on the website;
- B. The Department of Teacher Education and Licensure, Department of Education, will process license renewals in accordance with the current Board of Education licensure regulations and the *Code of Virginia* both to the license holder and to the employing educational agency upon receipt of the license holder's certified Application for License Renewal; and
- C. The Department will render a decision if disagreements concerning the approval of a renewal activity cannot be resolved at the employing educational agency level.

Resolution of Disagreement

Renewal is a state function. Complaints or disputes regarding approval of renewal work or application of such work toward renewal of licenses cannot be grieved within the meaning of the *Code of Virginia* 22.1-306. Such issues cannot be grieved under the grievance procedure prescribed by the Board of Education.

Disagreements regarding renewal activities for which points are awarded are subject to an informal review procedure as follows:

- A. The license holder shall discuss the matter with his/her advisor and request reconsideration.
- B. If the disagreement is not resolved, the license holder shall state in writing:
 - 1) the action that prompted the request for review,
 - 2) the names of the persons involved, and
 - 3) the attempts that have been made to resolve the disagreement.

The license holder shall send this statement, with a copy of the renewal plan in question, to the chief executive officer or designee of the employing educational agency and request a decision. The agency shall then follow personnel review procedures established in that agency.

- C. If the decision of the chief executive officer or designee does not resolve the disagreement, the documentation should be forwarded to the Department of Teacher Education and Licensure, Department of Education, for resolution.
