

## LLCS Minutes

**Team Name: Maintenance Committee**

**DATE: December 13, 2018**

**FACILITATOR: Vickie Snide**

**RECORDER: Vickie Snide**

### **DISCUSSION HIGHLIGHTS:**

Christmas Decorations – F. Short thought a 10' artificial tree on the front lawn would be nice for the public to see.

#### Capital Project

##### Security Camera Placement –

1. Should we put cameras in the three stairwells?
2. Current plan calls for 4 cameras per floor. Would 2 cameras per floor be sufficient if they were on each end of the floor pointing towards the center? We don't know the distance of each camera.
3. New vestibule – do we need a camera outside and inside the vestibule?
4. Do we need a camera in the elevator?
5. More outside cameras are needed
6. We assume that all current cameras that we have will need to be replaced.
