Michael Lavoie
Director of Facilities
Katonah-Lewisboro School District
60 North Salem Road
Cross River, NY 10518

Subject: Lead Testing of School Drinking Water
Meadow Pond Elementary School
185 Smith Ridge Road
South Salem, NY 10590
Langan Project No.: 101061232

Dear Mr. Lavoie:

Langan Engineering, Environmental, Surveying, Landscape Architecture and Geology, D.P.C. (Langan) completed the testing program for lead in water at Meadow Pond Elementary School located at 185 Smith Ridge Road, South Salem, New York. Langan's team of industrial hygienists completed a visual assessment of the building to determine applicable vs non-applicable outlets prior to sampling.

In developing a sampling plan before sample collection took place at the School, Langan determined that no sources of water within the building were used for drinking or cooking. All water used for drinking or cooking is in the form of bottled water purchased by the district for this express purpose. While water sources are still active for hand washing, dish washing, toilet facilities, janitorial use and grounds keeping, these sources have been declared non-applicable by the district and have the appropriate signage as part of the district's remediation plan.

An outlet inventory is provided below for reference, but no water samples were collected at this location.

LIMITATIONS, EXCEPTIONS AND ASSUMPTIONS

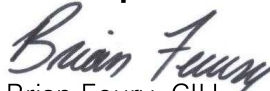

Opinions and recommendations presented in this report apply to site conditions and features as they existed at the time of Langan's site visits, and those reasonably foreseeable. They cannot necessarily apply to conditions and features of which Langan is unaware and has not had the opportunity to evaluate. The conclusions presented in this report are professional opinions based solely upon Langan's visual observations of accessible areas and sampling data. These conclusions are intended exclusively for the purpose state herein, at the sites indicated, and for the project indicated. No expressed or implied representation or warranty is included or intended in our reports, except that our services were performed, within the limits prescribed by our client, with the customary thoroughness and competence of our profession.

CLOSURE

We trust that the information provided in this report adequately address your concerns. If you have any questions, please do not hesitate to contact us.

Very Truly Yours,

**Langan Engineering, Environmental, Surveying,
Landscape Architecture and Geology, D.P.C.**
