## Authorization for NON-PRESCRIPTION Medication – Confidential

Name of student	Date of birth		
School	Grade		
Medication			
Manufacture's recommended dosage			
Time(s) of day medication is to be given			
Common side effects			
Special instructions by parent/guardian			
1			

Has the first dose of this medication been given? YES NO

I understand that some nonprescription medications, which may include the above listed medication, might cause my child to suffer an adverse reaction or other serious medical condition. I hereby release, waive, discharge and covenant not to sue the Diocese, Parish, School or their employees, officials, agents or volunteers for any liability for damages, injury or death that may result from ill effects or adverse reactions to this medication.

I authorize this medication to be administered at the School by staff persons or volunteers who are not physicians, licensed registered nurses (RNs), or licensed practical nurses (LPNs). I understand, acknowledge and approve that the individuals administering the medication do not have any form of medical license and will not perform a medical assessment of my child prior to administering the authorized medication.

`Further, I acknowledge that the School bears no responsibility for ensuring the medication is administered and that the Diocese, Parish, School or their officials, employees, agents or volunteers may decline to administer the medication. If the School declines to administer the medication, the School will take reasonable steps to notify you that the medication will not be administered.

<sup>\*\*</sup>School personnel are prohibited from giving the first dose of any medication.

## I HEREBY CERTIFY THAT I HAVE READ THIS DOCUMENT IN FULL AND THAT I HAVE THE LEGAL AUTHORITY TO CONSENT TO THE ADMINISTRATION OF THIS MEDICATION.

Date	Signature of parent/guardian		
Printed Name			
Date	Witness (school employee)		
Printed name			

## NOTE:

Nonprescription medication may be given for a specific, time-limited minor illness or for intermittent medical conditions. If the medication is needed for more than ten doses, a prescription may be necessary in order for the medication to continue to be given at school. The medication must be provided in its original container with a legible label, and authorized for the dosage recommended for children on the package. Authorization for nonprescription medication administered at school is required by the School.
