**James J. Montesano, Ed.D.**  
**Superintendent of Schools**

June 27, 2016

**Dear Nyack Community:**

This summer the District will be completing the third phase of the bond referendum construction. The bond generally encompasses District-wide projects such as the replacement of outdated boilers, roofs, windows, doors, athletic fields, technology infrastructure, new fire alarm systems, upgrades in school security and retrofitting classrooms for special needs students. The project schedule has been organized to be completed in four phases over the course of five years in order to align to the retirement of existing bonds. A complete list of the project schedule may be found on our District website: [www.nyackschools.org](http://www.nyackschools.org).

Sincerely,

James J. Montesano, Ed.D.  
Superintendent of Schools
