

Garden Committee Meeting

June 7, 2019

Members present: Michelle Gannon, Megan Nevins, Tamara Combs, Mary LeBlanc.

- The corner garden was discussed, Tony has mowed everything outside of the raised beds. We need to come up with a common afternoon time to weed the raised beds. Adding mulch to the raised beds was also discussed as well as using the paper underneath to prevent constant weed clean up.
- In the other garden kale, carrots, cosmos, and zinnia have been planted.
- It was discussed that Monday Tamara would go pick up ten bags of manure for the garden.
- It was suggested that we should find some time for the elementary to plant something in the garden so that they can have some contribution to the garden.
