Mr. Schimenz distributed the January minutes and asked that they be approved. By consensus, the SLT approved the minutes.

Mr. Schimenz introduced Lesly Pavon, a new student-member of the School Leadership Team, who will represent the SES. Leslie introduced herself and stated that she is a senior and studying cosmetology.

Ms. Burg stated that the Deputy Superintendant would be coming in on Friday, March 10 to conduct her second observation.

Ms. Burg said that we are getting a new plumbing room, which will be in the basement. The school has gotten estimates to bring the room up to specifications.

New toilets are being installed in all of the bathrooms. Supposedly, they are not wall-mounted toilets to ensure that the students do not break them. We will also be getting new water fountains.

### **Student Concerns:**

- There were no student concerns.

### **Teacher Concerns:**

- Ms. Rejalaga asked if the protocol that we are doing for Ms. Burg's observation is something that every teacher group would be presenting from now on?
  - Ms. Burg said that it is something we will be doing but not every faculty meeting.
  - Ms. Burg also said that next year when we vote on the SBO, she would like to flip the SLC and Department meetings to where the Departments meet every day and SLC's meet three times every two months.

### **Parent Concerns**

- Did the Mouse Squad get to fix the SmartBoards?
  - The software was installed on the laptops
- Will the students who get suspended receive counseling?
  - Ms. Burg said yes, that they meet with their guidance counselor.

The meeting was adjourned at 6:30 pm.
