

## NEW IN-GALLERY ACTIVITY GUIDES & TAKE-HOME ART KITS at The Westmoreland!

Explore the galleries and engage with works of art  
at The Westmoreland Museum of American Art  
with our FREE In-gallery Activity Guides and Take-home Art Kits!

Designed specifically for families with children ages 4-10 in mind, the In-gallery Activity Guides highlight three artworks currently on view and encourages observation and conversation through short activities and sketching prompts while the corresponding Take-home Art Kits, complete with art supplies, allow you to express your creativity at home.

**Each month this spring, we will offer two new themed In-gallery Activity Guides and Take-home Art Kits featuring different artworks and activities.**
