Future Budget Considerations and Planning

As enrollment projections for grades 5-12 continue to indicate a declining trend until 2025-2026, we will need to be strategic, flexible, and creative with staffing and staffing changes to continue to support programs of excellence for all students in Westbrook Public Schools while being fiscally responsive to community expectations in an environment of declining enrollment in our schools.

As we align schedules in grades 7-12, we will be able to utilize shared staffing to continue to support and grow teaching and learning initiatives, including our commitment to college readiness and career pathways. We will evaluate course offerings, secondary staffing levels, and program improvements through the lens of college readiness, career pathways, equity, and access.
