#### INDEPENDENT AUDITOR'S REPORT

To the Board of Directors Urban Academy Charter School No. 4088 Saint Paul, Minnesota

#### **Report on the Financial Statements**

We have audited the accompanying financial statements of the governmental activities and each major fund of Urban Academy, as of and for the year ended June 30, 2014, and the related notes to the financial statements, which collectively comprise Urban Academy's basic financial statements as listed in the table of contents.

#### **Management's Responsibility for the Financial Statements**

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

#### **Auditor's Responsibility**

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

## **Opinions**

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities and each major fund of Urban Academy, as of June 30, 2014, and the respective changes in financial position thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

## **Report on Summarized Comparative Information**

We have previously audited Urban Academy's 2013 financial statements, and we expressed an unmodified audit opinion on the respective financial statements of the governmental activities and each major fund in our report dated September 26, 2013. In our opinion, the summarized comparative information presented herein as of and for the year ended June 30, 2013 is consistent, in all material respects, with the audited financial statements from which it has been derived.

#### **Other Matters**

#### Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and the budgetary comparison information as listed in the table of contents, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

#### Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise Urban Academy's basic financial statements. The introductory section and individual fund financial statements are presented for purposes of additional analysis and are not a required part of the basic financial statements. The Uniform Financial Accounting and Reporting Standards Compliance Table is presented as supplemental information as

required by the Minnesota Department of Education and is also not part of the basic financial statements.

The individual fund financial statements and the Uniform Financial Accounting and Reporting Standards Compliance Table are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the individual fund financial statements and the Uniform Financial Accounting and Reporting Standards Compliance Table are fairly stated in all material respects in relation to the basic financial statements as a whole.

The introductory section has not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on it.

## Other Reporting Required by Government Auditing Standards

Redpath and longing, Iti.

In accordance with *Government Auditing Standards*, we have also issued our report dated October 9, 2014, on our consideration of Urban Academy's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Urban Academy's internal control over financial reporting and compliance.

## MANAGEMENT'S DISCUSSION AND ANALYSIS Year Ended June 30, 2014

This section of Urban Academy's (the School) annual audited financial report presents our discussion and analysis of the School's financial performance during the fiscal year that ended on June 30, 2014. Please read it in conjunction with the School's financial statements, which immediately follow this section.

#### FINANCIAL HIGHLIGHTS

Key financial highlights for the 2013-2014 fiscal year includes the following:

- Total net position decreased by \$226,359. This follows an increase of \$298,738 in the School's net position for fiscal year 2013.
- General Fund revenues were \$3,316,276 as compared to \$3,485,255 of expenditures.
- The fund balance of the General Fund decreased in fiscal year 2014 by \$224,284 to a positive balance of \$732,000.
- The School continued its teacher compensation schedule to include Quality Compensation Programs.
- Urban Academy increased instructional staff to meet achievement essentials and increased instructional resources to its students.
- School management continues to carefully monitor enrollment which is key to the financial stability of its programs.

#### OVERVIEW OF THE FINANCIAL STATEMENTS

The financial section of the annual report consists of four parts – Independent Auditor's Report, required supplementary information which includes the management's discussion and analysis (this section), the basic financial statements, and supplemental information. The basic financial statements include two kinds of statements that present different views of the School:

- The first two statements are *School-wide financial statements* that provide both *short-term* and *long-term* information about the School's *overall* financial status.
- The remaining statements are *fund financial statements* that focus on *individual parts* of the School, reporting the School's operations in more detail than the School-wide statements.
- The *governmental funds statements* tell how basic services such as regular and special education were financed in the *short term* as well as what remains for future spending.

The financial statements also include notes that explain some of the information in the statements and provide more detailed data.

#### **School-Wide Statements**

The School-wide statements report information about the School as a whole using accounting methods similar to those used by private-sector companies. The statement of net position includes all of the School's assets and liabilities. All of the current year's revenues and expenses are accounted for in the statement of activities regardless of when cash is received or paid.

The two School-wide statements report the School's net position and how they have changed. Net position, or the difference between the School's assets and liabilities, is one way to measure the School's financial health or position.

- Over time, increases or decreases in the School's net position are an indicator of whether its financial position is improving or deteriorating.
- To assess the overall health of the School you need to consider additional non-financial factors such as changes in the condition of school building and other facilities.

In the School-wide financial statements, the School's activities are shown in one category:

• **Governmental activities**: All of the School's basic services are included here, such as regular and special education, and administration. State and federal aids finance most of these activities.

#### **Fund Financial Statements**

The fund financial statements provide more detailed information about the School's funds – focusing on its most significant or "major" funds – not the School as a whole. A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. In other words, funds are accounting devices the School uses to keep track of specific resources of funding and spending on particular programs. State law requires two different programmatic funds for charter schools:

- General Fund
- Food Service Fund

When these two funds are added together, they equal the total governmental funds, as seen in Statement 3 and Statement 4.

#### **Notes to the Financial Statements**

The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements.

#### FINANCIAL ANALYSIS OF THE SCHOOL AS A WHOLE

#### **Net Position**

The School's net position was \$867,078 and \$1,093,437 at June 30, 2014 and 2013, respectively.

	June 3	30,
	2014	2013
Current assets	\$969,673	\$1,144,115
Capital and noncurrent assets	135,078	137,153

Unrestricted	732,000	956,284
Total net position	\$867,078	\$1,093,437

Urban Academy has been strategic in its planning and management of resources and academic priorities. In Fiscal Year 12 the School conservatively expended some of its prior year accumulated fund balance by investing in Library and Technology programs to enhance its students learning and achievement goals. In Fiscal Year 13 Urban Academy focused on quality compensation for its teachers and achieved the objective to set aside funds for the future by increasing the general fund balance. In Fiscal Year 14 Urban Academy focused on competitive wages for its highly qualified employees and preparing for the World's Best Workforce requirements. (Minn Stat. §120B.11)

Urban Academy continues to have successful financial management using a conservative approach to enrollment projections, careful spending, and a budgetary vision towards the future.

#### **Change in Net Position**

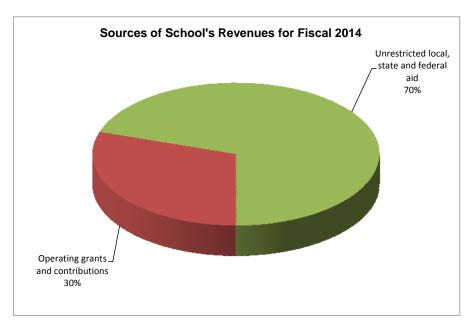

The School's total revenues were \$3,528,462 for the year ended June 30, 2014. Operating revenue accounted for 30% and the other 70% came from other general revenue combined with other investments and program service revenues.

Net position - beginning	1,093,437	794,699			
Net position - ending	\$867,078	\$1,093,437			

The total cost of all programs and services including interest and fiscal charges was \$3,754,821. Total expenditures exceeded revenues which decreased net position by \$226,359 under last year because the School is committed to building its learning programs. Urban Academy invested resources in the areas of administration, regular instruction, and building maintenance. In addition, Urban Academy began the Quality Compensation program which monitors, provides professional development and training, and compensates teachers based on student achievement.

The cost of all governmental activities this year was \$3,754,821 (increased from the fiscal 2013 total of \$3,334,875).

- The federal and state governments subsidized certain programs and grants and contributions (\$1,059,718).
- The remaining portion of governmental activities was paid for primarily with unrestricted State and local aid and interest income.

Typically the School does not include in an analysis of all governmental funds a breakout of expenditures. To do so distorts the latitude available to the School to allocate resources to instruction. All governmental funds include not only funds received for the general operation of the School, which are used for classroom instruction, but also include resources from the entrepreneurial-type fund of Food Service and from resources for fiscal service transactions. Funding for the general operation of the School is controlled by the state and the School does not have the latitude to allocate money received in Food Service or for fiscal services to enhance classroom instruction resources. The School cannot take funds from these restricted areas and use the funds to hire teachers to enhance instruction. The preceding graph, by pooling all expenditures, implies that the School does have equal access to all funds to impact classroom instruction. In Minnesota, that is simply not an option.

#### FINANCIAL ANALYSIS OF THE SCHOOL'S FUNDS

The financial performance of the School as a whole is reflected in its governmental funds as well. As the School completed the year, its governmental funds reported a combined fund balance of \$732,000 which is \$224,284 below last year's ending fund balance of \$956,284.

Revenues for the School's governmental funds were \$3,528,462 of which total expenditures were \$3,752,746.

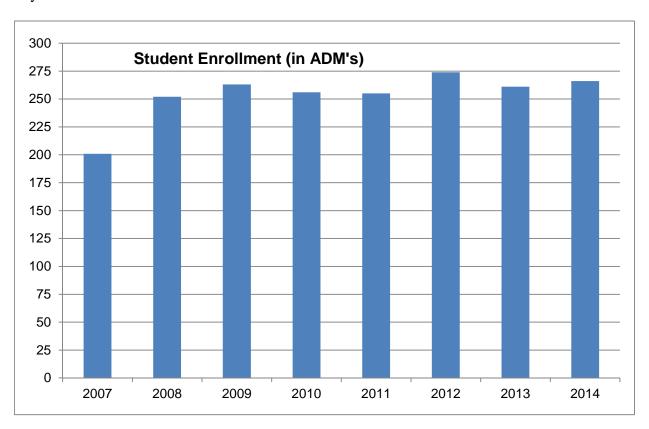

#### **GENERAL FUND**

The General Fund includes the primary operations of the School in providing educational services to students from kindergarten through grade 6, including pupil transportation activities.

A significant amount of General Fund operational revenue is controlled by a complex set of state funding formulas resulting in the local school board having no meaningful authority to determine the level of resources. This includes basic general education aid which is determined by multiple state formulas and is largely enrollment driven and special education state aid, which, is based upon a cost reimbursement model.

#### **ENROLLMENT**

Enrollment is a critical factor in determining revenue. The following chart shows the latest seven years of student enrollment at the School.

Enrollment increased from 261 ADMs (average daily membership) at the end of the 2012-2013 school year to 266 in school year 2013-2014. The change in student enrollment reflects an increase of 5 ADM. The School is planning to increase this number over the next few years reaching out to a broader community into the future.

The following schedule presents a summary of General Fund revenues.

	General Fund	Revenues

Total general fund revenue	\$3,316,276	\$3,416,100	(\$99,824)	(2.92%)		

During the current fiscal year the General Fund revenues decreased by \$99,824 from the previous. The difference primarily results from a decrease in state funding.

The following schedule presents a summary of General Fund expenditures.

Year Ender 2014 \$1,628,305	d June 30, 2013 \$1,299,413	Increase (Decrease)	Percent

Total General Fund expenditures increased \$402,482 from the previous year. In 2013-2014 Urban Academy invested resources in instructional salaries and benefits to provide competitive staffing who enrich student learning and achievement.

#### **General Fund Budgetary Highlights**

Following approval of the budget prior to the beginning of the fiscal year, the School revises the annual operating budget in mid-year and again at year end.

Projected revenues were at \$3,337,909 and were revised to \$3,320,655 after reviewing state and federal expenditures. Some of these programs are based on student services provided or actual expenditures which are calculated on a reimbursement basis. By the end of the fiscal year, the actual amount was at \$3,316,276, which is \$4,379 less than the revised budgeted amount.

Actual expenditures were \$66,580 more than budget. Much of this difference can be attributed to temporary increased employee hours, and building maintenance costs.

#### OTHER MAJOR FUNDS

Expenditures exceeded revenues in the Food Service Fund by \$55,305 compared to budgeted expenditures exceeding revenues of \$18,111 due to reimbursement based funding limits in food service.

From the standpoint of maintaining current operating expenditures within the range of annual revenue and maintaining a sound fund balance, the Food Service Fund is operating on a sound financial basis.

#### CAPITAL ASSET AND DEBT ADMINISTRATION

#### **Capital Assets**

By the end of 2014, the School had invested \$377,570 in equipment. Total depreciation expense for the year was \$26,879.

	2014	2013
Capital assets, being depreciated:		
Computers and office equipment	\$131,954	\$128,015

Total accumulated depreciation	242,492	215,613
Total capital assets being depreciated - net	\$135,078	\$137,153

#### FACTORS BEARING ON THE SCHOOL'S FUTURE

The School is dependent on the State of Minnesota for the vast majority of its revenue. Recent experience demonstrates that legislated revenue increases have not been sufficient to meet instructional program needs and increased costs due to inflation. As the School continues to strive for success it is forced to seek outside grants and funding to create and support innovative programs.

Urban Academy has entered into a lease agreement with Lumen Christi Catholic Community and will be relocating to a new facility in July 2015.

The School will strive to maintain its commitment to academic excellence and educational opportunity for students within a framework of financial fiduciary responsibility.

#### CONTACTING THE SCHOOL'S FINANCIAL MANAGEMENT

# URBAN ACADEMY CHARTER SCHOOL NO. 4088 NOTES TO FINANCIAL STATEMENTS June 30, 2014

#### Note 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The basic financial statements of Urban Academy (the School) have been prepared in conformity with accounting principles generally accepted in the United States of America (GAAP) as applied to government units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The significant accounting principles and policies utilized by the School are described below:

The School's financial statements include all funds, departments, agencies, boards, commissions and other organizations for which the School is considered to be financially accountable.

#### A. FINANCIAL REPORTING ENTITY

As required by accounting principles generally accepted in the United States of America, the financial statements of the reporting entity include those of the School (the primary government) and its component units. Generally, component units are legally separate organizations for which the officials of the primary government are financially accountable. The School does not have any component units, nor is it a component unit of any other entity.

The School is authorized by Novation Education Opportunities. The authorizer has limited oversight responsibility but is not financially accountable for the School. Therefore, the School is not considered a component unit of the authorizer.

#### B. GOVERNMENT-WIDE AND FUND FINANCIAL STATEMENTS

The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all of the nonfiduciary activities of the primary government. For the most part, the effect of interfund activity has been removed from these statements. *Governmental activities* generally are financed through intergovernmental revenues, and other nonexchange transactions.

The statement of activities demonstrates the degree to which the direct expenses of a given function are offset by program revenues. *Direct expenses* are those that are clearly identifiable with a specific function. *Program revenues* include grants and contributions that are restricted to meeting the operational or capital requirements of a particular function. Other items not included among program revenues are reported instead as *general revenues*.

## C. MEASUREMENT FOCUS, BASIS OF ACCOUNTING, AND FINANCIAL STATEMENT PRESENTATION

As required by State Statute, the School operates as a nonprofit corporation under Minnesota Statutes §317A. However, State law also requires that the School comply with Uniform Financial Accounting and Reporting Standards (UFARS) for Minnesota School Districts which mandates the use of a governmental accounting structure.

#### URBAN ACADEMY CHARTER SCHOOL NO. 4088 NOTES TO FINANCIAL STATEMENTS June 30, 2014

The government-wide financial statements are reported using the *economic resources measurement focus* and the *accrual basis of accounting*. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the *current financial resources measurement focus* and the *modified accrual basis of accounting*. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be *available* when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the School considers all revenues, except reimbursement grants, to be available if they are collected within 60 days of the end of the current fiscal period. Reimbursement grants are considered available if they are collected within one year of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due.

Intergovernmental revenues, grants, charges for services and interest associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. All other revenue items are considered to be measurable and available only when cash is received by the School.

*Fund Financial Statements:* The fund financial statements provide information about the School's funds. The emphasis of fund financial statements is on major governmental funds, each displayed in a separate column.

The School reports the following major governmental funds:

The *General Fund* is the general operating fund of the School. The General Fund accounts for all financial resources except those that are required to be accounted for in another fund.

The Food Service Fund is used to account for the School's food service program.

Amounts reported as *program revenues* include 1) charges to customers or applicants for goods, services, or privileges provided, 2) operating grants and contributions, and 3) capital grants and contributions. Internally dedicated resources are reported as *general revenues* rather than as program revenues.

#### D. INCOME TAXES

The School is operating as a tax-exempt organization under Section 501(c)(3) of the Internal Revenue Code and comparable sections of the Minnesota income tax statutes. The School's 2011 through 2013 tax years are open to examination by regulatory authorities.

A tax expense or benefit from an uncertain income tax position (including tax-exempt status) may be recognized only when it is more likely than not that the position will be sustained upon examination by taxing authorities. Management believes the School has no uncertain income tax positions that would result in an accrual, expense or benefit under the more likely than not standard.

#### E. BUDGETS

Budgets presented in this report for comparison to actual amounts are presented in accordance with U.S. generally accepted accounting principles. Each June, the School Board adopts an annual budget for the following fiscal year for the General and Food Service Funds. Reported budget amounts represent the amended budget as adopted by the School Board. Legal budgetary control is at the fund level.

Total fund expenditures in excess of the budget require approval of the School Board. Spending control is established by the amount of expenditures budgeted for the fund, but management control is exercised at line item levels.

Budgeted amounts include mid-year budget amendments that increased (decreased) revenue and expenditure budgets as follows:

Revenues and	Original		Amended
Other Sources	Budget	Amendments	Budget
General Fund Special Revenue Funds:	\$3,337,909	(\$17,254)	\$3,320,655
Food Service Fund	\$205,142	\$10,912	\$216,054

Food Service Fund	\$214,101	\$20,064	\$234,165

## URBAN ACADEMY CHARTER SCHOOL NO. 4088

NOTES TO FINANCIAL STATEMENTS

June 30, 2014

#### F. CASH AND INVESTMENTS

Cash balances from all funds are combined and invested to the extent available in various securities as authorized by Minnesota Statutes. Earnings from the pooled investments are allocated to the respective funds on the basis of applicable cash balance participation by each fund.

#### G. RECEIVABLES

Receivables represent amounts receivable from other governments, individuals, firms, and corporations. No substantial losses are anticipated from present receivable balances, therefore, no allowance for uncollectible accounts is deemed necessary.

#### H. PREPAID ITEMS

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in both government-wide and fund financial statements. Prepaid items are reported using the consumption method and recorded as expenditures at the time of consumption.

#### I. CAPITAL ASSETS

Capital assets are capitalized at historical cost, or estimated historical cost for assets where actual historical cost is not available. Donated assets are recorded as capital assets at their estimated fair market value at the date of donation. The School maintains a threshold level of \$500 or more for capitalizing capital assets. The cost of normal maintenance and repairs that do not add to the value of the asset or materially extend asset lives are not capitalized.

Capital assets are recorded in the school-wide financial statement, but are not reported in the fund financial statements. Capital assets are depreciated using the straight-line method over their estimated useful lives. Useful lives vary from 5 to 20 years for equipment.

#### J. STUDENT ACTIVITIES

There were no student activities that were not under board control.

#### K. USE OF ESTIMATES

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America (GAAP) requires management to make estimates that affect amounts reported in the financial statements during the reporting period. Actual results could differ from such estimates.

#### URBAN ACADEMY CHARTER SCHOOL NO. 4088

NOTES TO FINANCIAL STATEMENTS

June 30, 2014

#### L. DEFERRED OUTFLOWS/INFLOWS OF RESOURCES

In addition to assets, the statement of financial position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, *deferred outflows of resources*, represents a consumption of net position that applies to a future period(s) and so will *not* be recognized as an outflow of resources (expense/expenditure) until then. The School has no items that qualify for reporting in this category.

In addition to liabilities, the statement of financial position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, *deferred inflows of resources*, represents an acquisition of net position that applies to a future period(s) and so will *not* be recognized as an inflow of resources (revenue) until that time. The School has no items that qualify for reporting in this category.

#### M. ACCRUED EMPLOYEE BENEFITS

Unpaid sick leave and vacation pay has not been accrued in any funds as these benefits do not vest to employees.

#### N. FUND BALANCE CLASSIFICATIONS

In the fund financial statements, governmental funds report fund balance in classifications that disclose constraints for which amounts in those funds can be spent. These classifications are as follows:

Nonspendable - consists of amounts that are not in spendable form, such as prepaid items.

*Restricted* - consists of amounts related to externally imposed constraints established by creditors, grantors or contributors; or constraints imposed by state statutory provisions.

*Committed* - consists of internally imposed constraints. These constraints are established by resolution of the School Board.

Assigned - consists of internally imposed constraints. These constraints reflect the specific purpose for which it is the School's intended use. These constraints are established by the School Board and/or management. Pursuant to Board resolution, the School's Director is authorized to establish assignments of fund balance.

*Unassigned* - is the residual classification for the general fund and also reflects negative residual amounts in other funds.

When both restricted and unrestricted resources are available for use, it is the School's policy to first use restricted resources, then use unrestricted resources as they are needed.

When committed, assigned or unassigned resources are available for use, it is the School's policy to use resources in the following order; 1) committed 2) assigned and 3) unassigned.

#### O. MINIMUM FUND BALANCE POLICY

The School Board has formally adopted a minimum fund balance policy for the General Fund. The policy establishes a year-end minimum fund balance of 15% of the annual budgeted expenditures.

At June 30, 2014, the minimum unassigned fund balance for the General Fund was \$524,655. Actual unassigned fund balance in the General Fund was \$707,357.

#### P. NET POSITION

Net position represents the difference between assets and liabilities in the School-wide financial statements. Net position invested in capital assets consists of capital assets, net of accumulation depreciation, reduced by the outstanding balance of any long-term debt used to build or acquire the capital assets. Net position are reported as restricted in the School-wide financial statement when there are limitations imposed on their use through external restrictions imposed by creditors, grantors, laws or regulations of other governments.

#### Q. RISK MANAGEMENT

The School is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The School purchases commercial insurance coverage for such risks.

There has been no significant reduction in insurance coverage from the previous year in any of the School's policies. Settled claims resulting from these risks have not exceeded insurance coverage in any of the past three fiscal years.

#### R. COMPARATIVE DATA

Comparative data for the prior year has been presented only for certain sections of the accompanying financial statements in order to provide an understanding of the changes in the School's financial position and operations.

#### S. STEWARDSHIP AND ACCOUNTABILITY

Expenditures exceeded budgeted amounts in the following funds at June 30, 2014:

	Budget	Expenditures	Excess
General Fund	\$3.418.675	\$3,485,255	\$66,580
Special Revenue Fund:	\$5,410,075	Ψ3,403,233	Ψ00,500
Food Service Fund	\$234,165	\$267,491	\$33,326

# URBAN ACADEMY CHARTER SCHOOL NO. 4088 NOTES TO FINANCIAL STATEMENTS June 30, 2014

#### Note 2 DEPOSITS AND INVESTMENTS

#### A. DEPOSITS

The School maintains a cash and investment pool that is available for use by all funds. Each fund type's portion of this pool is displayed on the statement of net position and the balance sheet as "cash and investments." In accordance with Minnesota Statutes, the School maintains deposits at financial institutions which are authorized by the School Board.

<u>Custodial Credit Risk</u> – is the risk that in the event of a bank failure, the School's deposits may not be returned to it. The School does not have a deposit policy for custodial credit risk and follows Minnesota Statutes for deposits.

Minnesota Statutes require that all deposits be protected by insurance, surety bond, or collateral. The market value of collateral pledged must equal 110% of the deposits not covered by insurance or corporate surety bonds.

Authorized collateral include: U.S. government treasury bills, notes, or bonds; issues of a U.S. government agency; general obligations of a state or local government rated "A" or better; revenue obligations of a state or local government rated "AA" or better; irrevocable standby letter of credit issued by a Federal Home Loan Bank; and time deposits insured by a federal agency. Minnesota statutes require securities pledged as collateral be held in safekeeping in a restricted account at the Federal Reserve Bank or at an account at a trust department of a commercial bank or other financial institution not owned or controlled by the depository. The School does not have a deposit policy that is more restrictive than Minnesota Statutes.

At June 30, 2014, all deposit bank balances were fully insured or collateralized.

#### **B. INVESTMENTS**

Minnesota Statutes outline authorized investments for charter schools. During 2014, the School did not have any such investments.

# Note 3 CAPITAL ASSETS

Capital asset activity for the year ended June 30, 2014 was as follows:

	Beginning Balance	Increases	Decreases	Ending Balance

# Note 4 SHORT-TERM DEBT

#### LINE OF CREDIT AGREEMENT

The School renewed its line of credit on October 31, 2013 in the amount of \$150,000 for short-term cash flow needs with a variable interest rate of 3% over the prime rate (currently 5.75%) which matures October 31, 2014. It is secured by substantially all the School's assets. The outstanding balance at June 30, 2014 was \$0. There was no activity on the line of credit for the year ended June 30, 2014.

# URBAN ACADEMY CHARTER SCHOOL NO. 4088 NOTES TO FINANCIAL STATEMENTS June 30, 2014

#### Note 5 PENSION PLANS

#### A. TEACHERS' RETIREMENT ASSOCIATION (TRA)

#### PLAN DESCRIPTION

All teachers employed by the School are covered by a cost-sharing, multiple employer defined benefit plan administered by the State of Minnesota Teachers Retirement Association (TRA). TRA members belong to either the Coordinated Plan or the Basic Plan. Coordinated members are covered by Social Security and Basic Plan members are not. All new members must participate in the Coordinated Plan. These plans are established and administered in accordance with Minnesota Statutes, Chapters 354 and 356. The School does not have any employees participating under the Basic Plan.

TRA provides retirement benefits as well as disability benefits to members, and benefits to survivors upon death of eligible members. Benefits are established by State Statute, and vest after three years of credited service. The defined retirement benefits are based on a member's highest average salary for any five consecutive years of allowable service, age, and years of credit at termination of service.

TRA publicly issues a Comprehensive Annual Financial Report (CAFR) presenting financial statements, supplemental information on funding levels, investment performance, and further information on benefits provisions. The report may be accessed at the TRA web site, <a href="https://www.minnesotatra.org">www.minnesotatra.org</a>. Alternatively a copy of the report may be obtained by writing or calling TRA at 60 Empire Drive Suite 400, St. Paul, Minnesota 55103-4000, (651)296-2409, (800)657-3669.

#### **FUNDING POLICY**

Minnesota Statutes Chapter 354.42 sets the rates for employee and employer contributions. These statutes are established and amended by the state legislature. Coordinated Plan members are required to contribute 7%, of their annual covered salary as employee contributions. The TRA employer contribution rate is 7% for Coordinated Plan members. The School is required to contribute 7% of annual covered payroll. The School's contributions for the years ended June 30, 2014, 2013 and 2012 were \$77,452, \$54,065 and \$55,130, respectively, which were materially equal to the required contributions for each year as set by State Statute.

The 2010 Legislature approved employee and employer contribution rate increases to be phased-in over a four-year period beginning July 1, 2011. Employee and employer contribution rates will rise 0.5 percent each year of the four-year period. Beginning July 1, 2014, TRA Coordinated employee and employer contribution rates will each be 7.5 percent.

#### B. PUBLIC EMPLOYEES' RETIREMENT ASSOCIATION (PERA)

#### PLAN DESCRIPTION

All full-time and certain part-time employees of the School (other than teachers) are covered by a defined benefit plan administered by the Public Employees Retirement Association of Minnesota (PERA). PERA administers the General Employees Retirement Fund (GERF) which is a cost-sharing, multiple-employer retirement plan. This plan is established and administered in accordance with Minnesota Statutes, Chapters 353 and 356.

# URBAN ACADEMY CHARTER SCHOOL NO. 4088 NOTES TO FINANCIAL STATEMENTS June 30, 2014

GERF members belong to either the Coordinated Plan or the Basic Plan. Coordinated Plan members are covered by Social Security and Basic Plan members are not. All new members must participate in the Coordinated Plan. The School does not have any employees participating under the Basic Plan.

PERA provides retirement benefits as well as disability benefits to members, and benefits to survivors upon death of eligible members. Benefits are established by State Statute, and vest after three years of credited service. The defined retirement benefits are based on a member's highest average salary for any five successive years of allowable service, age, and years of credit at termination of service.

The benefit provisions stated in the previous paragraph of this section are current provisions and apply to active plan participants. Vested, terminated employees who are entitled to benefits but are not receiving them yet are bound by the provisions in effect at the time they last terminated their public service.

PERA issues a publicly available financial report that includes financial statements and required supplementary information for GERF. That report may be obtained on the internet at www.mnpera.org, by writing to PERA, 60 Empire Drive #200, St. Paul, Minnesota, 55103-2088 or by calling (651)296-7460 or (800)652-9026.

#### **FUNDING POLICY**

Minnesota Statutes Chapter 353 sets the rates for employer and employee contributions. These Statutes are established and amended by the state legislature. The School makes annual contributions to the pension plans equal to the amount required by State Statutes. GERF Coordinated Plan members are required to contribute 6.25% of their annual covered salary. The School is required to contribute 7.25%. The School's contributions for the years ended June 30, 2014, 2013 and 2012 were \$37,216, \$32,026 and \$39,425, respectively. The School's contributions were equal to the contractually required contributions for each year as set by State Statute.

#### Note 6 INTERFUND ACTIVITY

During 2014, the School made a routine transfer of \$55,305 to eliminate a deficit in the Food Service Fund.

#### Note 7 COMMITMENTS AND CONTINGENCIES

#### A. FEDERAL AND STATE PROGRAMS

Amounts received or receivable from federal and state agencies are subject to agency audit and adjustment. Any disallowed claims, including amounts already collected, may constitute a liability of the applicable funds. The amount, if any, of funds which may be disallowed by the agencies cannot be determined at this time although the School expects such amounts, if any, to be immaterial. The federal financial assistance received may be subject to an audit pursuant to OMB Circular A-133 or audits by the grantor agency.

#### B. OPERATING LEASE COMMITMENTS AND TERMS

The School (lessee) leases classroom and office space at 133 East 7<sup>th</sup> Street, St. Paul, MN from Commerce Center Partnership, LLP (lessor). The term of the lease agreement was for eight years commencing July 1, 2005 and expiring June 30, 2013. In June 2007, the School signed an amended lease agreement which provides for a total of 33,813 of square footage on floors 1, 2 and 3 and which extends the lease term to June 30, 2017. There are other various components that are for shorter periods. The School can terminate the lease with a one-year notice beginning June 30, 2013. If the lease is terminated early, the School is required to pay for all outstanding tenant improvements and an early termination penalty. Rental payments for the remainder of the lease term are due on a monthly basis. For fiscal 2014, the School qualified for estimated lease aid of \$322,284, based on a statutory cap equal to \$1,200 times the pupil units served. Total lease costs incurred were \$513,779. The School is also responsible to pay the cost of utilities. The School may be paid a prorated aid entitlement should the statewide funding be insufficient to pay the full entitlement. In June of 2014 the School gave a one year notice to cancel this lease ending June 30, 2015.

In June of 2014 the School signed a new lease for classroom and office space at Montreal Ave, St. Paul, MN 55116. The term of the lease agreement is for fifteen years commencing July 1, 2015 and expiring June 30, 2030. Rent is the greater of specified minimum amounts or the lease aid maximum amount, as defined in the lease agreement. The new lessor has agreed to pay the early termination fee of the old lease.

Below is a summary of the minimum lease payments, set forth by the new building leases:

Year Ending June 30,	Current Lease				Total		
2015 2016	\$	568,211	\$	- 408,000	\$	568,211 408,000	
2017 2018		-		416,000 424,000		416,000 424,000	
2019 2020-2024 2025-2029		- - -		432,000 2,280,000 2,480,000		432,000 2,280,000 2,480,000	
2030 Total		\$568,211		520,000 \$6,960,000		520,000 \$7,528,211	

Additional rent payments not included in the above minimum lease payments schedule are also included in the lease for the School's share of operating costs.

The School's ability to make payments under these lease agreements is dependent on its revenues which are in turn, largely dependent on sufficient enrollments being served at the School and on sufficient state aids per student being authorized and received from the State of Minnesota. The School believes that its enrollments and aid entitlements will be sufficient to meet the lease obligations as they become due.

# INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

To the Board of Directors Urban Academy Charter School No. 4088 Saint Paul, Minnesota

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities and each major fund of Urban Academy, as of and for the year ended June 30, 2014, and the related notes to the financial statements, which collectively comprise the Urban Academy's basic financial statements and have issued our report thereon dated October 9, 2014.

# **Internal Control over Financial Reporting**

In planning and performing our audit of the financial statements, we considered Urban Academy's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Urban Academy's internal control. Accordingly, we do not express an opinion on the effectiveness of Urban Academy's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Urban Academy Report on Internal Control Over Financial Reporting and on Compliance and Other Matters Page 2

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or, significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

# **Compliance and Other Matters**

As part of obtaining reasonable assurance about whether Urban Academy's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

# **Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

# MINNESOTA LEGAL COMPLIANCE REPORT

To the Board of Directors Urban Academy Charter School No. 4088 Saint Paul, Minnesota

We have audited, in accordance with auditing standards generally accepted in the United States of America, and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the financial statements of the governmental activities, and each major fund of Urban Academy, as of and for the year ended June 30, 2014, and the related notes to the financial statements, and have issued our report thereon dated October 9, 2014.

The *Minnesota Legal Compliance Audit Guide for Political Subdivisions*, promulgated by the State Auditor pursuant to Minn. Stat. § 6.65, contains two categories of compliance to be tested in audits of charter schools: uniform financial accounting and reporting standards, and charter schools.

In connection with our audit, nothing came to our attention that caused us to believe that Urban Academy failed to comply with the provisions of the *Minnesota Legal Compliance Audit Guide for Political Subdivisions*. However, our audit was not directed primarily toward obtaining knowledge of such noncompliance. Accordingly, had we performed additional procedures, other matters may have come to our attention regarding Urban Academy's noncompliance with the above referenced provisions.

The purpose of this report is solely to describe the scope of our testing of compliance and the results of that testing, and not to provide an opinion on compliance. Accordingly, this communication is not suitable for any other purpose.
