

Sleepy Hollow High School Highlights and Achievements Annual Report 2014-2015

*Pocantico Hills
School Community
November 2015*

Sleepy Hollow High School

Annual Assessment Report

Prepared for Pocantico Hills School District
Carol L. Conklin-Spillane, Principal

November 2015

Pocantico Hills
Enrollment Distribution By Grade
2014 - 2015

9th 8

10th 10

11th 2

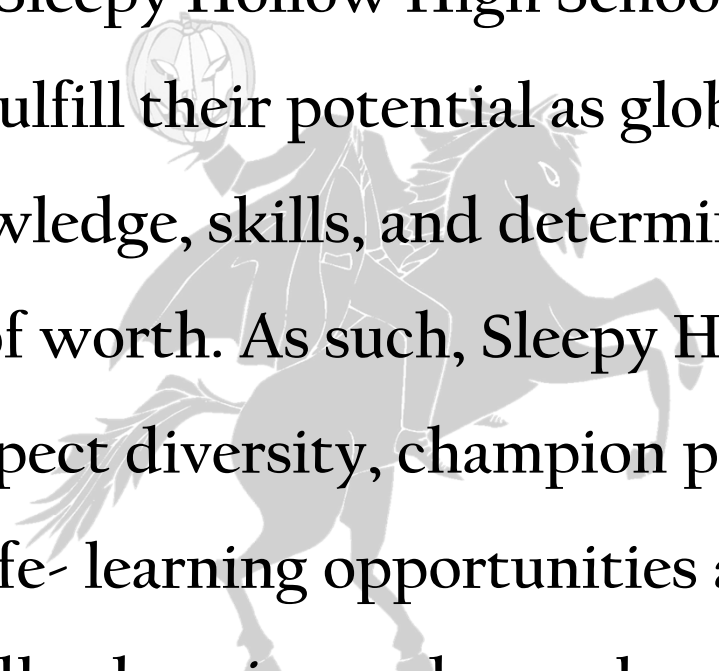

12th 4

*Of the 4 graduating seniors from
Pocantico Hills:*

- 3 received Regents Diplomas*
- 1 received Regents Diplomas
Advanced Designation with Honors*
- 1 received a Local Diploma*

Our Mission:

The mission of Sleepy Hollow High School is to empower all students to fulfill their potential as global citizens who possess the knowledge, skills, and determination necessary to enjoy a life of worth. As such, Sleepy Hollow nurtures students to respect diversity, champion personal growth, and engage in life-learning opportunities as they navigate a rapidly changing and complex world.

A faint, stylized illustration in the background depicts a figure riding a horse. The rider is holding a jack-o'-lantern (pumpkin) in their right hand. The horse is in a rearing or galloping position. The illustration is light gray and serves as a subtle background element.

Sleepy Hollow High School

Goals

Goals for the coming year are an outgrowth of our seven-year strategic school improvement plan validated through our accreditation process in 2012-13. We are in full implementation mode, bringing to life the action plans and student performance objectives that were developed in the areas of English Language Arts, Math, and 21st Century Literacies along with the organizational capacity objective that was developed to provide all students opportunities for a comprehensive high school experience.

Areas of focus:

- Maintaining a healthy, student-centered school climate that supports academic success for all students in line with our ongoing **personalization initiative**.
 - ExCel grant funded ELL data team
 - ExCel grant funded CSSR resources to evaluate effectiveness of community meetings
- Continuing to build our capacity to **customize instruction** to meet individual needs and learning styles and adapt/design programs accordingly.
 - TLQP Inquiry PD grant funded with Pace University – new and advanced cohort of teachers
- Expanding our knowledge of best practices to strengthen and **extend our teaching repertoire** is an ongoing priority: we will maintain our emphasis on fostering inquiry, questioning, checking for understanding, formative assessment, engagement and feedback as we work together to design lessons that make learning meaningful and relevant for every student. This year we will tie it all together by focusing on our ability to connect with students through accountable talk and around informational text in order to foster deep understanding of, and applications for, new learning.
- Increasing achievement of essential learning as measured by **standardized assessments**; strategically supporting struggling students in meeting assessment and graduation requirements. 75% and 80% passing on the new Common Core ELA and Algebra Regents exams, preparing for implementation of new social studies exams

Goals

- Improving **performance on SAT and ACT exams**
 - *Let's Get Ready*, SAT Prep for juniors will be expanded to include ACT prep, and in October, in lieu of sophomores taking the PSAT with juniors, tenth graders will sit for a preview of both the SAT and ACT to generate a strength/weakness analysis of their performance on each. We will continue to provide additional preparation through a series of programs within and beyond the school day.
- Increasing our collective capacity across curriculum is necessary to prepare students to be 'college and career ready' readers and writers in line with Common Core Learning Standards.
 - **Cross-Curricular Vocabulary**
 - **Writing Initiatives**, in particular, work with mentor texts and close reading strategies along with school wide vocabulary.
- Developing a **STEAM** (Science, Technology, Engineering, Arts and Math) strand to our course offerings, integrating course work and deepening exploration of college and career paths in authentic and connected ways.
- Increasing access to rigorous course work and participation in honors, AP and other **college level classes**, especially amongst under-represented groups of students.
 - Partnership with Ossining HS and WCC curriculum partnership in Math 12 and College Success
 - Launch two additional opportunities for dual enrollment courses through WCC and Syracuse University, in Medical Terminology and Writing.
 - Explore possibility of additional SUNY ACE courses in Anatomy and Physiology, Computer Programming, CAD, Personal Finance
 - Plan to offer two additional AP in economics and computer science

Goals

- Using our new **website**, developing a consistent and effective presence by all teachers and courses of study; exploring new technology applications and learning opportunities along with use of social media as a teaching tool and mode of communication.
 - Google classroom applications
 - Blackboard Engage
- Continuing to improve daily and period-by-period **attendance** and decrease tardiness, with targeted intervention for chronic offenders.
- Enhancing our **post high school planning**, strengthening career exploration and fine-tuning the college application process.
 - Expand/evaluate year two of a new initiative that emphasizes career readiness, especially for those students pursuing community college and/or technical skills and certificated programs; Integrate virtual and actual job shadowing and career exposure
- Improving home-school communication, increasing parental use of the parent portal on our student management system and **empowering students** to progress monitor their own performance by accessing their grades through a student portal and manage their time effectively.

Sleepy Hollow High School

Class of 2015: At a Glance

Students Eligible to Graduate: 216

Not including:

Out of District (2)

5th or 6th year still enrolled (7)

GED Completers (0)

Students Graduating: 209

Graduation Rate: 97%

Diploma Type:

IEP - n/a

Skills & Achievement Credential (SAC) – (1) 1%

Career Dev & Occupational Studies (CDOS) – (3) 1%

Local – (11) 5%

Regents – (102) 49%

Regents w/ Honors - (2) 1%

Regents w/Advanced Designations (90) 43%

College Acceptances:

2 Year Schools (66) 33%

4 Year Schools (120) 57%

(Military, Employment, Training) (20) 10%

Overall College Acceptance Rate: 90%

Note:

This report is not intended to be a 2010 Cohort performance report, which will include student performance data gathered through August of 2014.

SHHS NYS Report Card issued April 2014 lists graduation rates as follows:

**** 4 Year Graduation Rate for 2010 Cohort - Data not released from NYSED yet*

4 Year Graduation Rate for 2009 Cohort June 2013 = 85%

4 Year Graduation Rate for 2009 Cohort August 2013 = 87%

5 Year Graduation Rate for 2008 Cohort = 92%

6 Year Graduation Rate for 2007 Cohort = 90%

Counseling

Coordinate the increased number of grant funded programs we are working with

Latino U./Excel Grant

- Mentor support
- College Night in Spanish
- FAFSA Boot Camp
- Common Application Workshops

Let's Get Ready (LGR)

- Summer SAT/Application Support

Westchester Community Foundation (WCF)

- Overnight College Tour for Juniors
- WCF College Scholarship

Westchester Community College/Excel Grant

- Math 12 Transitional Course
- Use of Excel Funding for Counseling Dept/WCC Support

Foundation for the TUFSD

- Dual enrollment college course funding support
- 86 % of this current senior class is taking an AP or dual enrollment college course

Upward Bound

- New Counselor Support

Create individualized college admissions test taking strategies

Additional evening program for students/parents in grades 9-11 – “The New SAT”

College and Career Readiness Day – 9th (New SAT Questions), 10th (ACT/SAT exam), 11th (New PSAT)

Counselor Classroom Lessons – SAT/New SAT/ACT

Kaplan Saturday Prep Class (November – January)

Build counselor capacity and knowledge around college list building

Naviance – Increasing counselor/parent/student participation under “Colleges I am Thinking About”

College visits to SHHS – Individual, small group, and classroom presentations

Connecting career activities (10th Grade Career Day, Career Power Lunches, and Career Class) to college major search

Counselor participation in college tours/local events

Sleepy Hollow High School

Advanced Placement Course Offerings

2015 - 2016

English Language

Physics 2

European History

English Literature

Biology

American History

Spanish Language

Chemistry

Government and

Politics

Spanish Literature

Environmental Science

Studio Art

French Language

Advanced Placement 2015

AP exams were
administered to
250 students:

104 Seniors, 108 Juniors

33 Sophomores

28% of these students were
acknowledged by the
College Board for
exceptional achievement

- **30 students named AP Scholar, scoring 3 or higher on 3 or more exams**
- **12 students named AP Scholar With Honor, scoring 3.25 or higher on four or more of these exams**
- **29 students named AP Scholar With Distinction, scoring 3.5 or higher on five or more of these exams**
- **6 students named National AP Scholar scoring 4 or higher on eight or more of these exams**

SHHS AP: 9 Year School Score Summary

Percentage of students scoring 3 or higher

Sleepy Hollow High School

Dual Enrollment Course Offerings

2015 - 2016

SUNY WCC (ACE):

College Success

Spanish IV

Italian IV & V

Pre Calculus

Statistics

**Medical Terminology*

SUNY ALBANY:

Science Research

SUNY NEW PALTZ:

French IV

SYRACUSE UNIVERSITY (SUPA):

Forensics

Psychology

**Principles of
Academic Writing*

** new for 2015-2016*

Math

Transition to the Common Core

- Full phase-in of Algebra I, Geometry, Algebra 2
- Support for Algebra I Regents as a Graduation Requirement
- AIS
- Review and identify potential revisions of course sequence
- Collaborative curriculum work
- Increase use of appropriate and engaging technology applications (i.e. Educannon, Kahoot, Google Classroom, Blended Learning)

Strengthen Preparedness for College/Career Transition

- Expand statistics and data analysis program
- New Personal Finance Elective
- STEAM coursework
- WCC partnership for HS transition (self-paced instruction, eligibility for placement test waiver)

Expand Computer Science Offerings

- Revisions to Electives
- Early exposure through clubs and activities (App Development Club, Engineering Club, Makers Club)
- New AP Computer Programming Principles Course

College Statistics

- ACE COURSE: Advanced College Experience Program
- Students earn 4 SUNY credits at a cost of \$238.67
- Designed the course, selected new textbook, liaison with WCC

Enrollment:

- | | |
|-----------|--------------------------|
| • 2012-13 | 14 students (1 section) |
| • 2013-14 | 42 students (2 sections) |
| • 2014-15 | 58 students (2 sections) |
| • 2015-16 | 80 students (3 sections) |

English

Full Transition to Common Core Text-Based Analysis Regents Exam

- Review assessment performance from June 2014 to June 2015
- Goal: All juniors with three years of core English coursework will sit for Common Core Regents in June 2016

New Course Offerings

- SUPA Principles of Academic Writing (WRT 105)
- Transitional course developed with area high schools and WCC

Writing Partnerships Update at Secondary Level

- Interdisciplinary efforts and examples of products; emphasis on task-specific rubrics and the writing standards that undergird this work.
- Collaboration with writing coaches from the community through the “Write Your Ticket” initiative
- Model college essays

Building Teacher Capacity/Knowledge about New PSAT/SAT

- Initial steps and future plans to ensure English teachers are fully equipped to handle the instructional shifts required to help students succeed on these new entrance exams.

Science

Strengthen Wide Range of College-level Science Offerings with Robust Enrollment

- Five AP science courses (Biology, Chemistry, Environmental Science, Physics 1 and Physics 2)
- Science Research (SUNY Albany)
- Forensic Science (Syracuse University Project Advance)
- Medical Terminology (WCC – Advance College Experience) – new course offering

Develop New Strand to the Curriculum

- Replacement for Living Environment in 10th grade
- STEAM – year 1
- STEM – year 2

On-going Professional Development for Teachers

- NSTA Conference
- WIPRO Science Education Fellowship
- Hudson Valley STEM Fellowship (laboratory experience at Regeneron)
- Sharing emergent technologies i.e. Kahoot and Educanon with other departments
- Collaboration with other departments to incorporate Technology, Engineering, and Math
- Expand development of engaging, student-centered instruction with hands-on, inquiry-based investigations

Promotion of Scientific Literacy by Connecting to Other Disciplines and Real World Applications

- Scientific Articles, Journals, and Books
- Laboratory Reports – Lab Abstracts/Summaries
- Research and Engineering Projects

Social Studies

Implementation of Social Studies Framework

- Explicit teaching of skills
- Inquiry Design Model
- Enduring themes
- Writing utilizing mentor texts

Technology

- Google Classroom
- Blended Learning
- BB Engage
- Kahoot
- Castle Learning

Enhancing Senior Options

- College and Career readiness
- Contemporary Issues
- Law
- Model United Nations
- Individualized Senior Experience
- AP Government and Politics
- College level Economics - ACE, AP
- SUPA Public Policy

The Physical Education Elective Program

**Mountain
Biking**

**Violence
Prevention for
Young Women**

Tumbling

Yogalates

**Dancing
Like A Star**

Swimming

**Competitive
Team Sports**

**Fitness
Training for
Teens**

Cardio-Blast

“This isn’t your parent’s PE program!”

Health, Physical Education, & Wellness

How we educate the whole child including the significance of mental, social, and physical health:

Health and PE classes focus heavily on how to cope with stressors in life through:

- Visualization techniques
- Relaxation scripts
- Breathing exercises
- Self awareness
- Importance of adding down time on a daily basis
- Learning how to create fitness profiles

Resources in Health

- ***Student Assistance Counselor*** - funded by the NYS office of alcoholism and substance abuse services
- ***Latino Peer Education Group***- youth development group which encourages peer to peer support
- ***VAASA*** – varsity athletes against substance abuse

Social and Emotional Well Being

Beyond the traditional classroom....

Community Meetings

- Held twice a month in small homerooms with the purpose of personalization
- We use this time as a forum to expose students to additional lessons on how to live a healthier lifestyle by making smart choices
- Health lessons include CPR new mandates, nutrition guidelines and tips, ways to get involved in the community to become more active

Spirit Week

- A time when all of the classes come together to work as a team in friendly competitions
- They have the opportunity to showcase their talents in sports, games, artwork, creativity and designing, and knowledge
- The purpose is to have fun, socialize, meet new people, learn how to work with one another, and accomplish goals

Performing Arts

- Publicity
 - Improve documentation of performances.
 - Increase advertising before events.
 - Pilot program of presale tickets for the high school musical.
- Adapt Programs to High Participation Rate
 - Develop a plan for greater ensemble differentiation.
 - Monitor lesson size and ensure schedules are distributed in a timely manner.
 - Examine teacher ensemble loads and plan for future growth.
 - Update the capital plan.
- Technology
 - Examine use of technology in high school courses.
 - Setup additional electronic music lab.
 - Develop a Music Technology course for the high school.
- Community Partnerships
 - Improve documentation of the Music works program.
 - Complete commission project with the HVSWE and village of Sleepy Hollow.
 - Develop Friends of Music outreach for the orchestra program.
 - Pilot partnership with Purchase College on the Jazz Festival.
- Boosters
 - Complete 501 tax exempt process.
 - New karaoke fundraiser.

Fine Arts

STEAM: Connecting Art Education to Science, Technology, Engineering and Math

Why add Art?

- Arts education is a key to developing creativity
- Creativity is an essential component of, and spurs innovation
- Innovating thinking is essential for 21st century learning and future careers

Why STEAM is important for all students

- Promotes hands-on collaboration between teachers and students
- Project based authentic assignments
- Incorporates the relevance of inquiry, design thinking and problem solving in order for all students to be prepared for higher education and/or future careers.

PRESENT: The Arts/Media department has incorporated STEAM through:

- 3D Printing
- Studio in Design and Drawing for Production
- Video Production Studio
- Collaboration between Physics and 3D design class, Chemistry and Photography class
- Design Thinking strategies applied throughout all art courses
- Maker Space Club created

FUTURE:

- Look at current offerings to establish a STEAM sequence for students who are interested in this career path
- Propose additional courses to support STEAM, such as; 21st Century Technology Digital Literacy, Architecture course to incorporate Art & Geometry, "Introduction to Design Thinking" – Science & Art collaboration
- Seek internships in the design and media fields for senior students interested in careers in these fields

Performing Arts at SHHS:

NYSSMA Participation

32 HS Students Participated

All State

2 Students received an A+

8 Student received an A

Levels V & VI

3 Students received A+

5 Students received an A

5 Students received an A-

3 Students received a B+

Level IV

2 Student received an Outstanding

4 Students received an Excellent

*Numerous music students have
achieved special recognition and been
selected for Honor groups.*

*11 chorus, 4 orchestra and 11 band
students have been selected for the
Westchester County All County.*

*We are proud of all our All-State and
All-County students.*

Beyond the School Day

- Community Service Hours
 - Class of 2015 completed more than 17,000 hours
- Co-curricular Clubs, Activities, and Athletics
 - 82% participation rate
 - New clubs being piloted include Outdoors Club & US Academic Decathlon Team

Community Partnerships

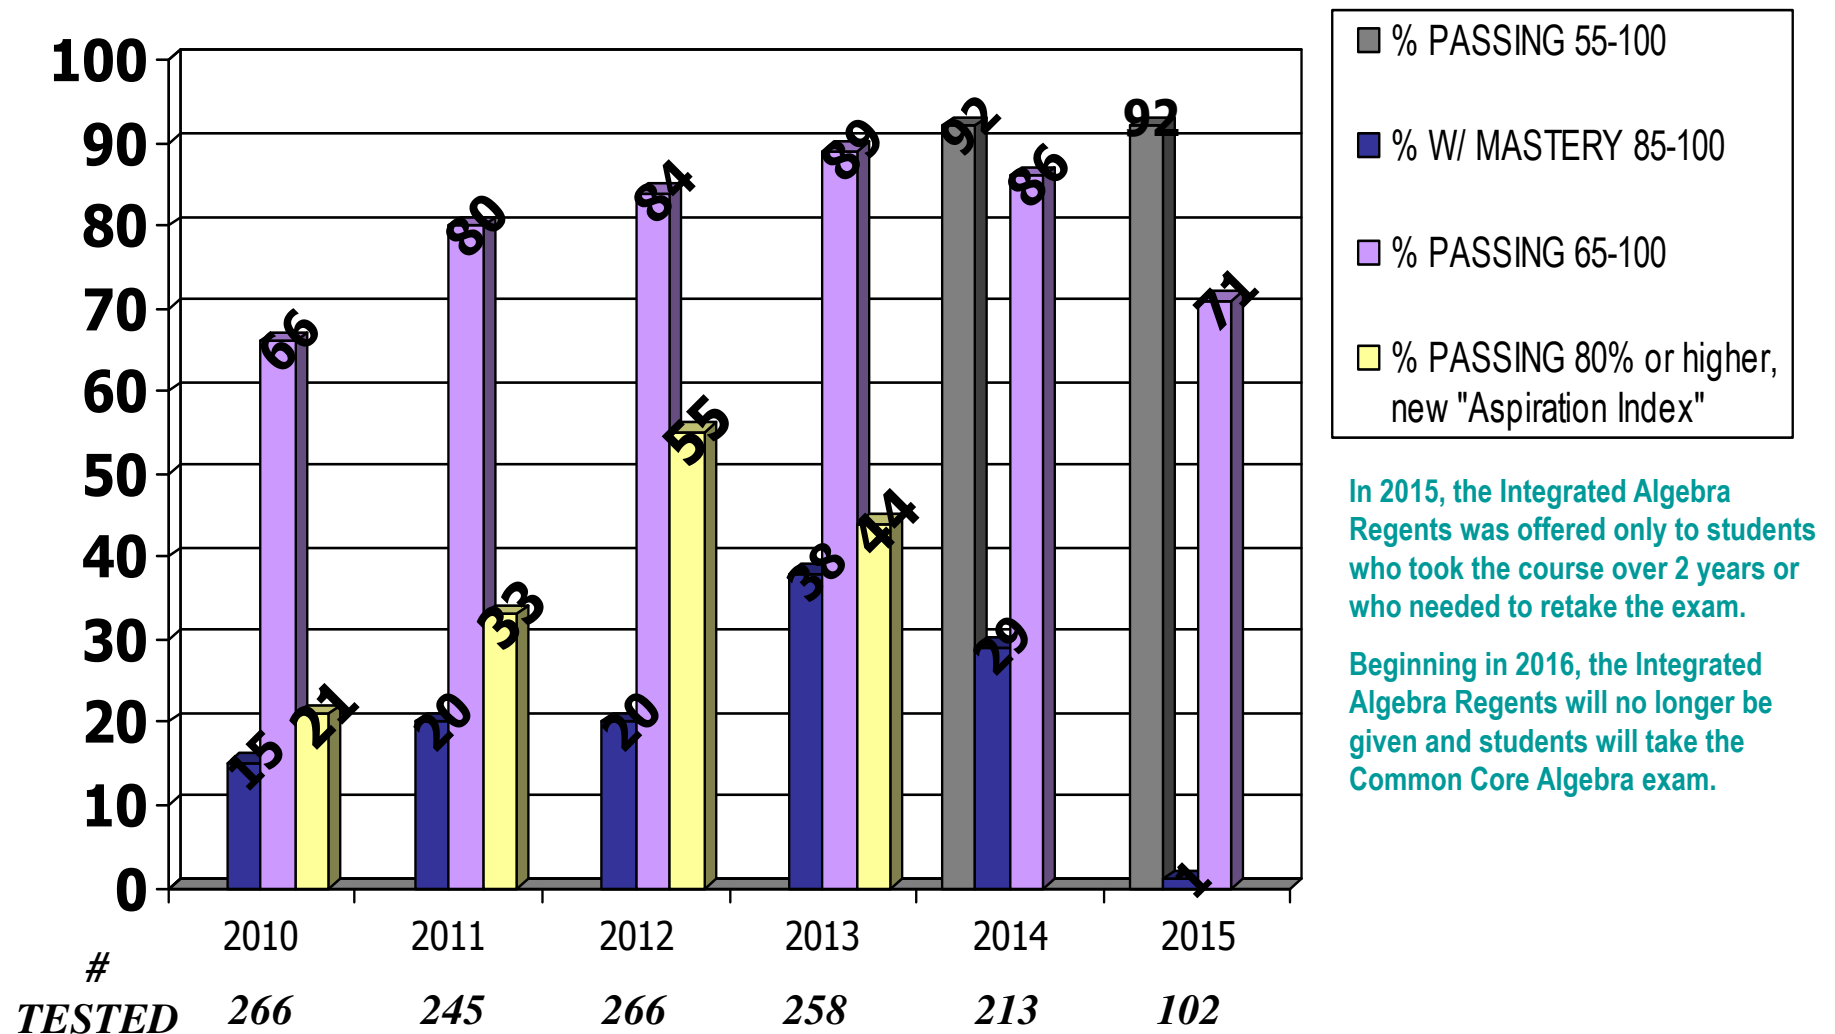

- Peabody Preserve
 - Science classes take regular field trips to study the environment
- Westchester County District Attorney
 - Social media presentation
- Community Member Volunteers
 - Collaboration with writing coaches from the community through the “Write Your Ticket”
 - Participating in senior college workshops
- ISE Speaker Series
 - In connection with career success
- Westchester County Youth Police Academy
 - 6 week training program available for 12th graders interested in a career in law enforcement
- Blythedale Children’s Hospital
 - Holiday gift drive
- Phelps
 - Internship program for students interested in nursing
 - Career day for ninth graders
- Youth Police Advisory Council (YPAC)
 - Students meet with Police Chief throughout the year to discuss issues of concern
