

We're Learning a
New Study!

TREES

In this unit of study, your child will have the opportunity to explore Trees.

As we study trees, we will learn about the parts and important functions of trees.

Students will investigate different ways trees change in the Fall and different ways we can use trees.

3K / 4K November

Learning Experience

- Students will observe how trees change in the Fall/Autumn.
- Students will go on neighborhood walks to observe the trees in the community.
- Students will observe how they are different/ the same, and observe special features of each tree, including the trunk, branches, leaves.
- Students will explore what animals live in trees.
- Students will collect leaves to create artwork.

3K / 4K November
