

**SUBJECT: BUDGET PLANNING AND DEVELOPMENT**

Budget planning and development for the District is an integral part of program planning so that the annual operating budget may effectively express and implement programs and activities of the District. Budget planning is a year-round process involving participation of District-level administrators, principals, directors, coordinators, teachers, and other personnel.

The Superintendent has overall responsibility for budget preparation, including the construction of and adherence to a budget calendar. Program managers will develop and submit budget requests for their particular areas of responsibility after seeking the advice and suggestions of staff members.

Principals will develop and submit budget requests for their particular schools in conjunction with the advice and suggestions of staff members and their own professional judgment. Each school's budget request will be the principal's recommendation as to the most effective way to use available resources in achieving progress toward the approved educational objectives of the school. Program budgets and school budgets will reflect state and/or federal requirements, special sources of funding, and District objectives and priorities.

The Board will give consideration to budget requests, and will review allocations for appropriateness and for their consistency with the District's educational priorities.
