

Cause and Effect

Because old farming systems were no longer effective...	Because crop prices were low...	Because cities had economic opportunities...	Because technology improved transportation, roads, railroads, and streetcars...
---	---------------------------------	--	---

Teaching Tips: Make a hot dog fold with a 1 $\frac{1}{2}$ " tab uncovered along the side. Cut the overlapping section to make 4 flaps. Glue the title in the 1 $\frac{1}{2}$ " tab. Glue the 4 causes on flaps, one per section. Students write the effects under each flap, and may add drawings to show additional meaning. Or, teachers may choose to use the pre printed information on the next page for some students. For details, see page 37 of the *Curriculum Framework*.

VS.9a 20th Century VA: From Rural to Urban

agriculture declined.	agriculture declined.	people moved from rural areas to urban areas.	cities grew.
